The Mind of Christ Stephen T. Pardue, 2013-09-12 This book brings a variety of theological resources to bear on the now widespread effort to put humility in its proper place. In recent years, an assortment of thinkers have offered competing evaluations of humility so that its moral status is now more contentious than ever. Like all accounts of humility, the one advanced in this study has to do with the proper handling of human limits. What early Christian resources offer and what discussions of the issue since the eighteenth century have often overlooked is an account of the ways in which human limits are permeable, superable, and open to modification because of the working of divine grace. This notion is especially relevant for a renewed vision of intellectual humility, the primary aim of the project, but the study will also suggest the significance of the argument for ameliorating contemporary concerns about humility's generally adverse effects.

The Way of the Lover Ross Heaven, 2017-09-29 The latest from the Moon Books Classic series, *The Way of the Lover* combines medicine wheel teachings of *The Path of the Heart* with the poetry and hidden teachings of illumination within the words of the great Sufi love poet Rumi. It explores the questions that concern every man and woman: What is True love? How can I be more loving in my relationships? Why do I find it so hard to give, forgive, or receive love? How do I know that my relationship is taking me where I want to go? Can I learn from my experiences of love? How do I deal with the pain of a broken heart? Can love help me grow and find greater happiness and satisfaction in life? Who am I really, and what do I mean when I say that I want love?

Certain identifiable images are symbolic of the quest for love in each phase, offering an analysis of man in Freudian and Marxist terms.
