Religion And American Culture A Reader:

Religion and American Culture, 1995 Religion and American Culture ,2000 Religion, Culture and Politics in the Twentieth-Century United States Mark Hulsether, 2007-05-31 Anyone who seeks to understand the dynamics of culture and politics in the United States must grapple with the importance of religion in its many diverse and contentious manifestations With conservative evangelicals forming the base of the Republican Party racial ethnic communities often organised along religious lines and social political movements on the left including major religious components many of the country's key cultural political debates are carried out through religious discourse. Thus it is misleading either to think of the US as a secular society in which religion is marginal or to work with overly narrow understandings of religion which treat it as monolithically conservative or concerned primarily with otherworldly issues In this volume Mark Hulsether introduces the key players and offers a select group of case studies that explore how these players have interacted with major themes and events in US cultural history Students in American Studies and Cultural Studies will appreciate how he frames his analysis using categories such as cultural hegemony race and gender contestation popular culture and empire Key Features Provides a concise introduction to the field Balances a stress on religious diversity with attention to power conflicts within multiculturalism Dramatizes the internal complexity and dynamism of religious communities Brings religious issues into the field of cultural studies building bridges that can enable more informed and constructive discussion of religion in these fields Provides an integrated view of religion and its importance in recent US history Religion and American Cultures Gary Laderman, Luis León, 2014-12-17 This four volume work provides a detailed multicultural survey of established as well as new American religions and investigates the fascinating interactions between religion and ethnicity gender politics regionalism ethics and popular culture This revised and expanded edition of Religion and American Cultures Tradition Diversity and Popular Expression presents more than 140 essays that address contemporary spiritual practice and culture with a historical perspective The entries cover virtually every religion in modern day America as well as the role of religion in various aspects of U S culture Readers will discover that Americans aren t largely Protestant Catholic or Jewish anymore and that the number of popular religious identities is far greater than many would imagine And although most Americans believe in a higher power the fastest growing identity in the United States is the nones those Americans who elect none when asked about their religious identity thereby demonstrating how many individuals see their spirituality as something not easily defined or categorized The first volume explores America's multicultural communities and their religious practices covering the range of different religions among Anglo Americans and Euro Americans as well as spirituality among Latino African American Native American and Asian American communities The second volume focuses on cultural aspects of religions addressing topics such as film Generation X public sacred spaces sexuality and new religious expressions The new third volume expands the range of topics covered with in depth essays on additional topics such as interfaith families religion in

prisons belief in the paranormal and religion after September 11 2001 The fourth volume is devoted to complementary The Columbia Guide to Religion in American History Paul Harvey, Edward primary source documents Blum, 2012-02-14 The first guide to American religious history from colonial times to the present this anthology features twenty two leading scholars speaking on major themes and topics in the development of the diverse religious traditions of the United States These include the growth and spread of evangelical culture the mutual influence of religion and politics the rise of fundamentalism the role of gender and popular culture and the problems and possibilities of pluralism Geared toward general readers students researchers and scholars The Columbia Guide to Religion in American History provides concise yet broad surveys of specific fields with an extensive glossary and bibliographies listing relevant books films articles music and media resources for navigating different streams of religious thought and culture The collection opens with a thematic exploration of American religious history and culture and follows with twenty topical chapters each of which illuminates the dominant guestions and lines of inquiry that have determined scholarship within that chapter s chosen theme Contributors also outline areas in need of further more sophisticated study and identify critical resources for additional research The glossary American Religious History A Z lists crucial people movements groups concepts and historical events enhanced by extensive statistical data The Religious History of American Women Catherine A. Brekus, 2009-11-13 More than a generation after the rise of women's history alongside the feminist movement it is still difficult observes Catherine Brekus to locate women in histories of American religion Mary Dyer a Quaker who was hanged for heresy Lizzie Robinson a former slave and laundress who sold Bibles door to door Sally Priesand a Reform rabbi Estela Ruiz who saw a vision of the Virgin Mary how do these women s stories change our understanding of American religious history and American women s history In this provocative collection of twelve essays contributors explore how considering the religious history of American women can transform our dominant historical narratives Covering a variety of topics including Mormonism the women s rights movement Judaism witchcraft trials the civil rights movement Catholicism everyday religious life Puritanism African American women's activism and the Enlightenment the volume enhances our understanding of both religious history and women's history Taken together these essays sound the call for a new more inclusive history Contributors Ann Braude Harvard Divinity School Catherine A Brekus University of Chicago Divinity School Anthea D Butler University of Rochester Emily Clark Tulane University Kathleen Sprows Cummings University of Notre Dame Amy Koehlinger Florida State University Janet Moore Lindman Rowan University Susanna Morrill Lewis and Clark College Kristy Nabhan Warren Augustana College Pamela S Nadell American University Elizabeth Reis University of Oregon Marilyn J Westerkamp University of California Santa Cruz Religion in American Culture ,1976 The Reader's Companion to American **History** Eric Foner, John A. Garraty, 2014-01-14 An A to Z historical encyclopedia of US people places and events with nearly 1 000 entries all equally well written crisp and entertaining Library Journal From the origins of its native peoples to its

complex identity in modern times this unique alphabetical reference covers the political economic cultural and social history of America A fact filled treasure trove for history buffs The Reader's Companion is sponsored by the Society of American Historians an organization dedicated to promoting literary excellence in the writing of biography and history Under the editorship of the eminent historians John A Garraty and Eric Foner a large and distinguished group of scholars biographers and journalists nearly four hundred contemporary authorities illuminate the critical events issues and individuals that have shaped our past Readers will find everything from a chronological account of immigration individual entries on the Bull Moose Party and the Know Nothings as well as an article on third parties in American politics pieces on specific religious groups leaders and movements and a larger scale overview of religion in America Interweaving traditional political and economic topics with the spectrum of America's social and cultural legacies everything from marriage to medicine crime to baseball fashion to literature the Companion is certain to engage the curiosity interests and passions of every reader and also provides an excellent research tool for students and teachers **Reader's Guide to American History** Peter J. Parish, 2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader's Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history **A Cultural History of** the Senses in the Modern Age David Howes, 2014-10-23 In the 20th century many aspects of life became a matter of perception in the wake of the multiplication of media stylistic experimentation and the rise of multiculturalism Life sped up as a result of new modes of transportation automobiles and airplanes and communication telephones and personal computers which emphasized the rapid movement of people and ideas The proliferation of synthetic products and simulated experiences from artificial flavors to video games in turn created heady virtual worlds of sensation This progressive mediation and acceleration of sensation along with the sensory and environmental pollution it often spawned also sparked various countertrends such as the back to nature movement the craft movement slow food and alternative medicine This volume shows how attending to the sensory dynamics of the modern age yields many fresh insights into the intertwined processes which gave the 20th century its particular feel of technological prowess and gaudy artificiality A Cultural History of the Senses in the Modern Age presents essays on the following topics the social life of the senses urban sensations the senses in the marketplace the senses in religion the senses in philosophy and science medicine and the senses the senses in literature art and the senses and sensory media Perspectives on American Religion and Culture Peter W. Williams, 1999 These

essays feature a variety of topics on religion from the United States covering both historical and contemporary times Topics covered include the African American and Native American religious experience and the roles of gender and family The Robert Bellah Reader Robert N. Bellah, Steven M. Tipton, 2006-10-09 Comparative and theoretical American religion University and society Sociology and theology The Auditory Culture Reader Michael Bull, Les Back, 2020-05-31 The first edition of The Auditory Culture Reader offered an introduction to both classical and recent work on auditory culture laying the foundations for new academic research in sound studies Today interest and research on sound thrives across disciplines such as music anthropology geography sociology and cultural studies as well as within the new interdisciplinary sphere of sound studies itself This second edition reflects on the changes to the field since the first edition and offers a vast amount of new content a user friendly organization which highlights key themes and concepts and a methodologies section which addresses practical questions for students setting out on auditory explorations All essays are accessible to non experts and encompass scholarship from leading figures in the field discussing issues relating to sound and listening from the broadest set of interdisciplinary perspectives Inspiring students and researchers attentive to sound in their work newly commissioned and classical excerpts bring urban research and ethnography alive with sensory case studies that open up a world beyond the visual This book is core reading for all courses that cover the role of sound in culture within sound studies anthropology sociology cultural studies history media studies and urban geography Reader's Guide to Lesbian and Gay Studies Timothy Murphy, 2013-10-18 The Reader's Guide to Lesbian and Gay Studies surveys the field in some 470 entries on individuals Adrienne Rich arts and cultural studies Dance ethics religion and philosophical issues Monastic Traditions historical figures periods and ideas Germany between the World Wars language literature and communication British Drama law and politics Child Custody medicine and biological sciences Health and Illness and psychology social sciences and education Kinsey Report Faith in Objects E. Hasinoff, 2011-11-21 Hasinoff brings the untold history of the World in Boston of 1911 America's First Great Missionary Exposition to light focusing on how the material culture of missions shaped domestic interactions with evangelism Christianity and the consumption of ethnological knowledge **Religion Out Loud** Isaac Weiner, 2013-12-09 For six months in 2004 controversy raged in Hamtramck Michigan as residents debated a proposed amendment that would exempt the adhan or Islamic call to prayer from the city's anti noise ordinance. The call to prayer functioned as a flashpoint in disputes about the integration of Muslims into this historically Polish Catholic community No one openly contested Muslims right to worship in their mosques but many neighbors framed their resistance around what they regarded as the inappropriate public pronouncement of Islamic presence an announcement that audibly intruded upon their public space Throughout U S history complaints about religion as noise have proven useful both for restraining religious dissent and for circumscribing religion s boundaries more generally At the same time religious individuals and groups rarely have kept quiet They have insisted on their right to practice religion out loud implicitly advancing alternative understandings

of religion and its place in the modern world In Religion Out Loud Isaac Weiner takes such sonic disputes seriously Weaving the story of religious noise through multiple historical eras and diverse religious communities he convincingly demonstrates that religious pluralism has never been solely a matter of competing values truth claims or moral doctrines but of different styles of public practice of fundamentally different ways of using body and space and that these differences ultimately have expressed very different conceptions of religion itself Weiner's innovative work encourages scholars to pay much greater attention to the publicly contested sensory cultures of American religious life Signs of Grace Kristin Schwain, 2008 Religious imagery was ubiquitous in late nineteenth century American life department stores schoolbooks postcards and popular magazines all featured elements of Christian visual culture Such imagery was not limited to commercial and religious artifacts however for it also found its way into contemporary fine art In Signs of Grace Kristin Schwain looks anew at the explicitly religious work of four prominent artists in this period Thomas Eakins F Holland Day Abbott Handerson Thayer and Henry Ossawa Tanner and argues that art and religion performed analogous functions within American culture Fully expressing the concerns and values of turn of the century Americans this artwork depicted religious figures and encouraged the beholders communion with them Describing how these artists drew on their religious beliefs and practices as well as how beholders looked to art to provide a transcendent experience Schwain explores how a modern conception of faith as an individual relationship with the divine facilitated this sanctified relationship between art and viewer This stress on the interior and subjective experience of religion accentuated the artist s efforts to engage beholders personally with works of art how better to fix the viewer's attention than to hold out the promise of salvation Schwain shows that while these new visual practices emphasized individual encounters with art objects they also carried profound social implications By negotiating changes in religious belief by aestheticizing faith in a new particularly American manner these practices contributed to evolving debates about art ethnicity sexuality and gender **The Spiritualist Movement** Christopher M. Moreman, 2013-08-27 At once controversial and intriguing Spiritualism has spread from the United States to become a global movement Bringing together perspectives from within the movement and without this unique collection treats readers to insights about Spiritualism's history belief and practice Based on the belief that the dead can communicate with the living through mediums Spiritualism touches concepts as timelessly fascinating as human mortality and the continuing existence of the soul beyond bodily death This comprehensive work will help readers parse the mysteries of this uniquely American religion through three thematically organized volumes Spiritualism in the U S and Globally Evidence and Beliefs and Cultural and Social Issues Drawing on fields as diverse as psychology sociology religious studies anthropology history ethnic and gender studies literature and art this broad based collection frames Spiritualism through the views of a team of international scholars Among the many things that separate Spiritualism from mainstream religions is the involvement of women in central leadership roles Such cultural and political elements of the movement are one aspect of this study Of equal interest to

believers and skeptics alike will be the work of scholars who have devoted themselves to examining the claim that communication through mediums proves the existence of life after death A Companion to American Cultural History Karen Halttunen, 2008-04-15 A Companion to American Cultural History offers a historiographic overview of the scholarship with special attention to the major studies and debates that have shaped the field and an assessment of where it is currently headed 30 essays explore the history of American culture at all analytic levels Written by scholarly experts well versed in the questions and controversies that have activated interest in this burgeoning field Part of the authoritative Blackwell Companions to American History series Provides both a chronological and thematic approach topics range from British America in the Eighteenth Century to the modern day globalization of American Culture thematic approaches include gender and sexuality and popular culture The Blackwell Companion to Religion in America Philip Goff, 2010-03-25 This authoritative and cutting edge companion brings togethera team of leading scholars to document the rich diversity and unique viewpoints that have formed the religious history of the United States A groundbreaking new volume which represents the first sustained effort to fully explain the development of American religious history and its creation within evolving political and social frameworks Spans a wide range of traditions and movements from the Baptists and Methodists to Buddhists and Mormons Explores topics ranging from religion and the media immigration and piety though to politics and social reform Considers how American religion has influenced and beeninterpreted in literature and popular culture Provides insights into the historiography of religion butpresents the subject as a story in motion rather than a snapshot ofwhere the field is at a given moment

As recognized, adventure as with ease as experience just about lesson, amusement, as with ease as deal can be gotten by just checking out a ebook **Religion And American Culture A Reader** as well as it is not directly done, you could undertake even more in this area this life, something like the world.

We come up with the money for you this proper as well as easy mannerism to acquire those all. We offer Religion And American Culture A Reader and numerous books collections from fictions to scientific research in any way. in the midst of them is this Religion And American Culture A Reader that can be your partner.
