*Religion and Personal Autonomy* Phillip Everett Hammond, Phillip E. Hammond, 1992 Based on extensive primary research and grounded in a historical and theoretical framework *Religion and Personal Autonomy* analyzes the role of religion in contemporary American society The book makes a significant contribution to the current debate among American and some non American sociologists of religion concerning secularization the contemporary cultural role of mainline religion for individuals and the relevance of regional differences in religious identity and change In this thought provoking book the author suggests that while the churches have heretofore reflected local social relationships and a traditional family morality recent social revolutions have accelerated major changes in this church culture relationship most evident in the increased emphasis on personal autonomy In effect Hammond argues churches have lost the custodianship of American core values

Explores topics ranging from religion and the media, immigration and piety, though to politics and social reform. Religion, Scholarship, and Higher Education Andrea Sterk, 2002-01-17 Religion Scholarship and Higher Education explores foundational issues surrounding the interaction of religion and the academy in the twenty-first century. Featuring the work of eighteen scholars from diverse institutional disciplinary and religious backgrounds, this outstanding collection of essays issues from a three-year Lilly Seminar on Religion and Higher Education. Reflecting the diversity of the seminar participants, this insightful volume presents a wide variety of viewpoints on the role of religion in higher education and different approaches to religiously informed scholarship and teaching. Religion Scholarship and Higher Education is distinct in its orientation toward the personal and the practical. Contributors use personal examples to demonstrate how individual religious beliefs and backgrounds shape the way an educator approaches research and teaching. The first part of the book addresses foundational issues, offering a range of perspectives on the current state of affairs and future prospects for the interrelation of religion and academic endeavor. Part II treats specific academic disciplines as they relate to religion and research and provides several models of scholarship grounded in or informed by religious traditions. The final section of the volume presents five different approaches to teaching. Contributors reflect on how religious perspectives or commitments influence the way in which they understand their role as university or college teachers and carry out their responsibilities in the classroom. Sure to capture the interest of scholars, teachers, and administrators alike, this volume features essays from Nicholas Wolterstorff, James Turner, Alan Wolfe, David A. Hollinger, Mark R. Schwehn, John McGreevy, Nancy T. Ammerman, Roger Lundin, Brian E. Daley, S. J. Clarke, E. Cochran, Serene Jones, Richard J. Bernstein, Mark A. Noll, Denis Donoghue, Robert Wuthnow, Jean Bethke Elshtain, Susan Handelman, and Francis Oakley.

The Secular Spectacle Chad E. Seales, 2013-11-13 Tracing the religious history of Siler City, North Carolina, Chad E. Seales argues that southern whites cultivated their own regional brand of American secularism and employed it alongside public religious performances to claim and regulate public spaces. Over the course of the twentieth century, they wielded secularism to segregate racialized bodies, to challenge local changes resulting from civil rights legislation, and to respond to the arrival of Latino migrants. Combining ethnographic and archival sources, Seales studies the themes of industrialization, nationalism, civility, privatization,

and migration through the local history of Siler City its neighborhood patterns Fourth of July parades Confederate soldiers minstrel shows mock weddings banking practices police shootings Good Friday processions public protests and downtown mural displays Offering a spatial approach to the study of performative religion The Secular Spectacle presents a generative narrative of secularism from the perspective of evangelical Protestants in the American South **The Centrality of**

Religion in the Contemporary South Corrie Norman (E.), Donald S. Armentrout, 2005 Religion has always been crucial to the cultural identity of the South The field of southern religious studies is quite young however and most scholarship has focused on the kinds of evangelical fundamentalist activity for which the phrase Bible Belt was coined Religion in the Contemporary South is the first book to fully address the emerging religious pluralism in the South today Featuring an introduction by Samuel S Hill Religion in the Contemporary South brings together fourteen essays by both established and emerging scholars that deal with a spectrum of topics These topics include religious identities in the South that weave in and out of the past new religious expressions in the South and the shifting position of old minority traditions and a microcosmic look at the Episcopal Church The collection comes at a time of sweeping change in the South as the 150 year stronghold of evangelical Protestantism the Baptist Methodist hegemony gives way to a more diverse religious tradition one that includes leadership by women decreasing marginalization for Roman Catholicism and Judaism and the growing presence of so called alien religious traditions Buddhism Hinduism and Islam In his essay A Crumbling Empire Bill J Leonard talks about the future of the Baptist denomination which grows more uncertain as moderates break ties with the fundamentalist leaders of the Southern Baptist Convention In Our Lady of Guadeloupe Visits the Confederate Memorial Thomas Tweed notes the growth of Hindu Buddhist and Muslim traditions in the South Susan Ridgely Bales examines the state of southern Catholicism in Sweet Tea and Rosary Beads and in Quiet Revolutionaries D Jonathan Grieser Corrie E Norman and Don S Armentrout discuss the ways in which women priests in the Southern Episcopal Church construct their lives and callings These and other offerings are varied comprehensive and provocative As the South changes and its religious life evolves so must scholarship Religion in the Contemporary South is a guide to the new southern religions more diverse sometimes controversial but as vital to the region as ever

**From Angels to Aliens** Lynn Schofield Clark, 2005-10-27 Harry Potter Buffy the Vampire Slayer and the Left Behind series are but the latest manifestations of American teenagers longstanding fascination with the supernatural and the paranormal In this groundbreaking book Lynn Schofield Clark explores the implications of this fascination for contemporary religious and spiritual practices Relying on stories gleaned from more than 250 in depth interviews with teens and their families Clark seeks to discover what today's teens really believe and why She finds that as adherence to formal religious bodies declines interest in alternative spiritualities as well as belief in superstition grow accordingly Ironically she argues fundamentalist Christian alarmism about the forces of evil has also fed belief in a wider array of supernatural entities Resisting the claim that the media brainwash teens Clark argues that today's popular stories of demons hell and the afterlife

actually have their roots in the U S s religious heritage She considers why some young people are nervous about supernatural stories in the media while others comfortably and often unselfconsciously blur the boundaries between those stories of the realm beyond that belong to traditional religion and those offered by the entertainment media At a time of increased religious pluralism and declining participation in formal religious institutions Clark says we must completely reexamine what young people mean and what they may believe when they identify themselves as spiritual or religious Offering provocative insights into how the entertainment media shape contemporary religious ideas and practices From Angels to Aliens paints a surprising and perhaps alarming portrait of the spiritual state of America s youth **The**
