**Religion and Public Life in Canada** Marguerite Van Die,2001 *Baptists and Public Life in Canada* Gordon L. Heath,Paul R. Wilson,2012-02-02 Public discussion about the relationship between religion and public life in Canada can be heated at times and scholars have recently focused on the historical study of the many expressions of this relationship The experience of Canada s smaller Protestant Christian groups however has remained largely unexplored This is particularly true of Canada s Baptists This volume the first produced by the Canadian Baptist Historical Society explores the connections between Baptist faith and Baptist activity in the public domain and expands the focus of the existing scholarship to include a wide range of Canadian Baptist beliefs attitudes perspectives and actions related to the relationship between Baptist faith and practice and public life Religion and Ethnicity in Canada Paul Bramadat,David Seljak,2009-01-01 As the leading book in its field Religion and Ethnicity in Canada has been embraced by scholars teachers students and policy makers as a breakthrough study of Canadian religio ethnic diversity and its impact on multiculturalism A team of established scholars looks at the relationships between religious and ethnic identity in Canada s six largest minority religious communities Hindus Buddhists Sikhs Jews Muslims and practitioners of Chinese religion The chapters also highlight the ethnic diversity extant within these traditions in order to offer a more nuanced appreciation of the variety of lived experiences of members of these communities Together the contributors develop consistent themes throughout the volume among them the changing nature of religious practice and ideas current demographics racism and the role of women Chapters related to the public policy issues of healthcare education and multiculturalism show how new ethnic and religious diversity are challenging and changing Canadian institutions and society Comprehensive and insightful Religion and Ethnicity in Canada makes a unique contribution to the study of world religions in Canada *Anti-Catholicism and British Identities in Britain, Canada and Australia, 1880s-1920s* Geraldine Vaughan,2022-09-23 Recent debates about the definition of national identities in Britain along with discussions on the secularisation of Western societies have brought to light the importance of a historical approach to the notion of Britishness and religion This book explores anti Catholicism in Britain and its Dominions and forms part of a notable revival over the last decade in the critical historical analysis of anti Catholicism It employs transnational and comparative historical approaches throughout thanks to the exploration of relevant original sources both in the United Kingdom and in Australia and Canada several of them untapped by other scholars It applies a four nations approach to British history thus avoiding an Anglocentric viewpoint *Religion, Family, and Community in Victorian Canada* Marguerite Van Die,2006-01-19 Van Die a sympathetic and perceptive observer and a gifted and deft interpreter describes the lives of the Colbys of Carrollcroft members of Canada s emerging economic elite who were active in the local community public life and politics drawing attention to the links connecting domestic religion and private life business concerns and social change in one family s life over three generations Canadian Churches and the First World War Gordon L. Heath,2014-01-13 Most

accounts of Canada and the First World War either ignore or merely mention in passing the churches experience Such neglect does not do justice to the remarkable influence of the wartime churches nor to the religious identity of the young Dominion The churches support for the war was often wholehearted but just as often nuanced and critical shaped by either the classic just war paradigm or pacifism s outright rejection of violence The war heightened issues of Canadianization attitudes to violence and ministry to the bereaved and the disillusioned It also exacerbated ethnic tensions within and between denominations and challenged notions of national and imperial identity The authors of this volume provide a detailed summary of various Christian traditions and the war both synthesizing and furthering previous research In addition to examining the experience of Roman Catholics English and French speaking Anglicans Presbyterians Methodists Baptists Lutherans Mennonites and Quakers there are chapters on precedents formed during the South African War the work of military chaplains and the roles of church women on the home front

**A History of Christianity in the United States and Canada** Mark A. Noll, 2019-10-17 A best selling text thoroughly updated including new chapters on the last 30 years An excellent study that will help historians appreciate the importance of Christianity in the history of the United States and Canada The Journal of American History Scholars and general readers alike will gain unique insights into the multifaceted character of Christianity in its New World environment Nothing short of brilliant Harry S Stout Yale University A new standard for textbooks on the history of North American Christianity James Turner University of Notre Dame Mark Noll s A History of Christianity in the United States and Canada has been firmly established as the standard text on the Christian experience in North America Now Noll has thoroughly revised updated and expanded his classic text to incorporate new materials and important themes events leaders and changes of the last thirty years Once again readers will benefit from his insights on the United States and Canada in this superb narrative survey of Christian churches institutions and cultural engagements from the colonial period through 2018

*Religion and American Politics* Mark A. Noll, Luke E. Harlow, 2007-09-13 How do religion and politics interact in America How has that relationship changed over time Why have American religious and political thought sometimes developed along a parallell course while at other times they have moved in opposite directions These are among the many important and fascinating questions addressed in this volume Originally published in 1990 as *Religion and American Politics From The Colonial Period to the 1980s* 4921 paperback copies sold this book offers the first comprehensive survey of the relationship between religion and politics in America It features a stellar lineup of scholars including Richard Carwardine Nathan Hatch Daniel Walker Howe George Marsden Martin Marty Harry Stout John Wilson Robert Wuthnow and Bertram Wyatt Brown Since its publication the influence of religion on American politics and therefore interest in the topic has grown exponentially For this new edition Mark Noll and new co editor Luke Harlow offer a completely new introduction and also commission several new pieces and eliminate several that are now out of date The resulting book offers a historically grounded approach to one of the most divisive issues of our time and serves a

wide variety of courses in religious studies history and politics      *The Sixties and Beyond* Nancy Christie, Stephen J. Heathorn, Michael Gauvreau, 2013-03-07 In the decades following the Second World War North America and Western Europe experienced widespread secularization and dechristianization many scholars have pinpointed the 1960s as a pivotally important period in this decline *The Sixties and Beyond* examines the scope and significance of dechristianization in the western world between 1945 and 2000 A thematically wide ranging and interdisciplinary collection *The Sixties and Beyond* uses a framework that compares the social and cultural experiences of North America and Western Europe during this period The internationally based contributors examine the dynamic place of Christianity in both private lives and public discourses and practices by assessing issues such as gender relations family life religious education the changing relationship of church and state and the internal dynamics of religious organizations *The Sixties and Beyond* is an excellent contribution to the burgeoning scholarship on the 1960s as well as to the history of Christianity in the western world      Religion in the Public Space Rinaldo Cristofori, Silvio Ferrari, 2016-12-05 Religion in the public sphere is one of the most debated issues in the field of law and religion This volume brings together articles which address some of the more prominent recent cases relating to religion and education religion and the workplace family law and religious symbols The essays discuss the meaning of secularism today and the difficult issue of religion in the public sphere and reflect a wide variety of viewpoints This volume maps the key elements of this multi faceted problem offers essential material and provides an important starting point for an understanding of the issues in this century old debate      **Canada's Global Villagers** Ruth Compton Brouwer, 2013-09-27 Established in 1961 the same year as the US Peace Corps Canadian University Service Overseas CUSO became the first Canadian NGO to undertake development work from a secular stance and in a context of rapid decolonization Drawing on extensive research and interviews Ruth Compton Brouwer tells the story of a group of young women and men who confronted the complexities of underdevelopment in countries such as India and Nigeria and who overcame their initial naiveté as they sought to fit into their host communities Later as returned volunteers they brought unique skills to the Canadian International Development Agency CIDA and other development organizations and a new level of global consciousness and cultural diversity to Canadian society      *Group Politics and Social Movements in Canada* Miriam Smith, 2014-01-01 *Group Politics and Social Movements in Canada* Second Edition updates and expands its exploration of a wide range of organized group and social movement activity in Canadian politics Particularly distinctive is the inclusion of Quebec nationalism and Aboriginal politics Many other areas of collective activity are also included the Occupy movement and anti poverty organizing ethnocultural political mobilization disability lesbian and gay politics feminism farmers and organized interests in agriculture Christian evangelical groups environment and health movements Contributors to the collection employ a number of theoretical perspectives from political science and sociology to describe the evolution of organized groups and movements and to evaluate successes in exercising influence on Canadian politics Each chapter provides an overview of the group or

movement along with an account of its main networks and organizations strategies goals successes and failures

*Constructing National Identity in Canadian and Australian Classrooms* Stephen Jackson,2018-06-06 This book explores the evolution of Canadian and Australian national identities in the era of decolonization by evaluating educational policies in Ontario Canada and Victoria Australia Drawing on sources such as textbooks and curricula the book argues that Britishness a sense of imperial citizenship connecting white Anglo Saxons across the British Empire continued to be a crucial marker of national identity in both Australia and Canada until the late 1960s and early 1970s when educators in Ontario and Victoria abandoned Britishness in favor of multiculturalism Chapters explore how textbooks portrayed imperialism the close relationship between religious education and Britishness and efforts to end assimilationist Anglocentrism and promote equality in education The book contributes to British World scholarship by demonstrating how decolonization precipitated a massive search for identity in Ontario and Victoria that continues to challenge educators and policy makers today Law

and Religion Peter Radan,Denise Meyerson,Rosalind F. Atherton,2004-08-02 This book compiles recent research into the intersection between law and religion within the common law tradition Working across jurisdictions it will be of interest to religious studies and law students and researchers *Religion and Contemporary Politics* Timothy J. Demy,Jeffrey M. Shaw Ph.D.,2019-09-19 With respect to the countries of the world this work addresses two basic questions How does religion affect politics in this country and How does politics affect religion in this country Although there are many books on the topics of religion and politics reference works that consider the two together are few with those that do exist primarily addressing theory rather than trends The present work does the latter contextualizing them within regional and national boundaries In so doing it recognizes the power of political and religious ideas and movements on individuals communities and nations making the work a valuable resource for several disciplines among them political science international relations religion and sociology The work focuses on the interplay of religion and politics in countries around the world with an emphasis on the post 2000s It is organized by global geographic regions including Africa Central and South America and the Middle East and presents countries alphabetically within those sections Each region has a brief overview of the political religious dynamics of the area so readers can compare and contrast the dynamics between and among countries in a region The work also includes an introduction sidebars and a bibliography Private Women and the Public Good Carmen J. Nielson,2014-05-06 In 1846 a

group of women came together to form what would become one of nineteenth century Hamilton s most important social welfare institutions Through the Ladies Benevolent Society and Hamilton Orphan Asylum they managed and administered a charitable visiting society orphan asylum and aged women s home At this time in other parts of the Western world the public sphere and women s exclusion from it were reshaping political and gender relations Although charitable women in Hamilton managed essential social services in the community and although these efforts were publicly financed their work was still defined as private In *Private Women and the Public Good* Carmen J Nielson explores the history of this pioneering charity

and demonstrates that despite its notable political significance women's charitable work failed to challenge the staunch division of private and public spheres      *Empire from the Margins* Gordon L. Heath, 2017-11-29 At the beginning of the twentieth century there were a number of smaller religious bodies that sought to develop religious and national identity on the margins something especially difficult when the nation was at war in South Africa This book examines rich and varied extant sources that provide helpful windows into the wartime experience of Canada's religious minorities Those groups on the margins experienced internal struggles and external pressures related to issues of loyalty and identity How each faith tradition addressed those challenges was shaped by their own dominant personalities ethnic identity history tradition and theological convictions Responses were fluid divided and rarely unanimous Those seeking to address such issues not only had to deal with internal expectations and tensions but also construct a public response that would satisfy often hostile and vocal external critics Some positions evolved over time leading to new identities loyalties and trajectories In all cases being on the margins meant dealing with two dominant national and imperial narratives English or French both bolstered respectively by powerful Anglo Saxon Protestantism or French Quebec Catholicism The chapters in this book examine how those on the margins sought to do just that      Revival in the City Eric R. Crouse, 2005-09-23 From the 1880s to the outset of World War I the best known American evangelists held hundreds of revival meetings in cities across Canada Over a million and a half Canadians gathered in churches roller rinks halls theatres factories and even saloons to hear the likes of D L Moody Sam Jones Sam Small Reuben Torrey and J Wilbur Chapman preach a particular brand of American revivalism While at first these meetings were as successful in Canada as they were in the US by the second decade of the twentieth century the support of Canadian Protestant leaders for revivalism had diminished The American evangelists inspired their largely working class listeners by talk of personal salvation but Eric Crouse argues in an increasingly secular climate this inspiration did not lead them to become church members The Canadian church leadership thus came to see the revival experience as costly and ineffective      Between Raid and Rebellion William Jenkins, 2013-02-01 Winner Joseph Brant Award 2014 Ontario Historical Society Winner Clio Prize Ontario 2014 Canadian Historical Association Winner The James S Donnelly Sr Prize 2014 American Conference for Irish Studies Winner Geographical Society of Ireland Book of the Year Award 2013 2015 In *Between Raid and Rebellion* William Jenkins compares the lives and allegiances of Irish immigrants and their descendants in one American and one Canadian city between the era of the Fenian raids and the 1916 Easter Rising Highlighting the significance of immigrants from Ulster to Toronto and from Munster to Buffalo he distinguishes what it meant to be Irish in a loyal dominion within Britain's empire and in a republic whose self confidence knew no bounds Jenkins pays close attention to the transformations that occurred within the Irish communities in these cities during this fifty year period from residential patterns to social mobility and political attitudes Exploring their experiences in workplaces homes churches and meeting halls he argues that while various social cultural and political networks were crucial to the realization of Irish mobility and

respectability in North America by the early twentieth century place related circumstances were linked to wider national loyalties and diasporic concerns With the question of Irish Home Rule animating debates throughout the period Toronto s unionist sympathizers presented a marked contrast to Buffalo s nationalist agitators Although the Irish had acclimated to life in their new world cities their sense of feeling Irish had not faded to the degree so often assumed A groundbreaking comparative analysis Between Raid and Rebellion draws upon perspectives from history and geography to enhance our understanding of the Irish experiences in these centres and the process by which immigrants settle into new urban environments

**Christian Higher Education in Canada** Stanley E. Porter, Bruce G. Fawcett, 2020-11-17 The Toronto 2018 Symposium on Christian Higher Education provided an opportunity for leaders in the Canadian Christian higher education movement to reflect deeply on its development current reality and future possibilities The Canadian Christian higher education scene comprises a wide range of institutions including Christian universities Bible colleges and seminaries and graduate schools Each type has its own distinctive history and likewise represents both challenges and opportunities Even though they are intertwined in their common purpose these higher educational institutions express this purpose in various ways This volume is a collection of the papers and plenary talks designed to share the content of the symposium with a wider audience The papers are all written by active scholars and researchers who are connected to the member institutions of Christian Higher Education Canada CHEC They not only illustrate the quality of the scholarship at these institutions but they make their own critical contribution to an ongoing discussion regarding the role and place of Christian higher education within the wider society This volume is intended to be helpful to students faculty staff board members and supporters of Canadian and other Christian higher education institutions as well as interested individuals and scholars
