Long Journey Home Re Visioning The Myth Of Demeter And Persephone For Our Time:

The Long Journey Home Christine Downing, 2001-05-01 The story of the mother and daughter goddesses Demeter and Persephone has seized the imagination of people in every age from ancient times to the present Considered today by many to be the archetypal myth for women it touches on timeless themes in every life such as the male female relationship love between women initiations into puberty and old age the mother daughter bond death and ecological renewal Christine Downing has combined essays prose poetry and even performance art with her own insightful commentary to shed new light on the myth's ancient meanings and to offer new insights in its implications for contemporary men and women *The Long Journey Home : Re-visioning the Myth of Demeter and Persephone for Our Time* Christine [Downing (ed.)], 1994 *The Demeter-Persephone Myth as Writing Ritual in the Lives of Literary Women* Jana Rivers Norton, 2017-01-06 This volume explores the life stories of Elizabeth Bishop Virginia Woolf Alice James and Edith Wharton whose individuation process mirrored Demeter Persephone's mythic journey from abduction and rage to purposeful reconciliation These authors often courted humiliation and consequent exile by voicing what others did not want to acknowledge yet each took restorative action to discover and preserve emotional and mental wellbeing Writing during the 19th and early 20th centuries when an association between female authors and physical ailments neurasthenia hysteria and other nervous complaints by the medical patriarchy reflected how society in general understood mental illness as well as the narrative perceptions of women Bishop Woolf James and Wharton claimed personal autonomy by speaking truth about sorrow and suffering in their lives Despite restrictions and limiting gender norms each author continuously recast painful experiences of loss abuse and mental illness as fodder for the imagination to forge lasting literary careers The book emphasizes the therapeutic value of narrative disclosure and its ability to yield a deeper understanding of the impact of childhood trauma and adversity on women writers and how their creative response shaped modern culture As such it contextualizes trauma as lived experience for each writer along with current research on early loss and mourning childhood abuse and family systems theory in order to appreciate more fully how writing as ritual may help transform mental and emotional debility Demeter and Persephone Tamara Agha-Jaffar, 2002-09-26 The classical Greek myth of Demeter and her daughter Persephone as told in Homer's Hymn to Demeter has been used most often to explain the cycle of the seasons However a closer examination will reveal insights on living and dying loss and reconciliation and suffering and healing This work demonstrates the continued importance and relevance of the myth of Demeter and Persephone to today's society The first three chapters provide a summary of the Homeric story and examine the myth from the perspectives of the mother and daughter The following chapters discuss the symbolism of critical objects the role of female mentoring the role of Hades and the meaning of the underworld the subject of rape and the masculinist perspective presented by Zeus and Helios and derive lessons useful for healing and knowledge The Hymn to Demeter as translated by Helene Foley is included as an appendix in order to provide a basis for the discussion in

the text Notes and a bibliography also follow the text The Persephone Myth in Young Adult Fiction Cristina Salcedo González, 2024-12-12 Investigating the widespread but understudied presence of the Persephone myth within 21st century young adult literature Cristina Salcedo González analyses six young adult novels which incorporate a reworking of this ancient Greek myth Through the identification of mythic themes mythemes and patterns within these novels González shows that these works evoke the female life cycle and develop current perceptions of the female maturational experience As a result Salcedo González makes an important contribution in establishing the cultural significance of young adult literature in the world of classical reception These novels all written by women also inflect or interpret the myth in ways influenced by their contemporary contexts specifically the impact of the novels target readership on the aspects of the myth that are either emphasised e g Persephone's descent into the underworld her existence there and her re ascent or de emphasised e g the mourning and wanderings of Demeter This book makes original methodological contributions through its innovative dual perspective of myth criticism and classical reception to our understanding of the academically neglected genre of young adult literature and the reception of the myth of Persephone As a result Salcedo González significantly contributes to establishing the cultural significance of young adult literature within the realm of classical reception

Erotic Mentoring

Janice Hocker Rushing, 2016-06-16 They're everywhere in the academy young bright women mentored by older scholars usually men who attempt to mold them into their own masculine ideals Janice Hocker Rushing's study of over 200 women and their life transformations is the subject of this eloquent book Using the tropes of mythology and Jungian psychology the author characterizes the many paths these women's academic lives take as Muse for a faltering older scholar as Mistress or wife as the dutiful academic daughter Their resistance to this power differential also takes many forms as a Veiled Woman silent in public but active in private or the Siren using her sexuality to beat the system Ultimately Rushing arrives at the myth of Eros and Psyche where women's self understanding and personal development turns her erotic mentoring into an autonomous whole and free life unfettered by any man These women's stories and Rushing's literary and literate framing of their lives will ring true to many in the university

Jane Eyre's Sisters Jody Gentian Bower, 2015-03-15 Ever since women in the West first started publishing works of fiction they have written about a heroine who must wander from one place to another as she searches for a way to live the life she wants to live a life through which she can express her true self creatively in the world Yet while many have written about the heroine's journey most of those authors base their models of this journey on Joseph Campbell's model of the Heroic Quest story or on old myths and tales written down by men not on the stories that women tell In *Jane Eyre's Sisters: How Women Live and Write the Heroine's Story* cultural mythologist Jody Gentian Bower looks at novels by women and some men as well as biographies of women that tell the story of the Aletis the wandering heroine She finds a similar pattern in works spanning the centuries from Lady Mary Wroth and William Shakespeare in the 1600s to Sue Monk Kidd Suzanne Collins and Philip Pullman in the current century including works by

Jane Austen the Bront sisters George Eliot Elizabeth Gaskell Charles Dickens Kate Chopin Virginia Woolf Doris Lessing J R R Tolkien and Alice Walker to name just a few She also discusses myths and folk tales that follow the same pattern Dr Bower argues that the Aletis represents an archetypal character that has to date received surprisingly little scholarly recognition despite her central role in many of the greatest works of Western fiction Using an engaging down to earth writing style Dr Bower outlines the stages and cast of characters of the Aletis story with many examples from the literature She discusses how the Aletis story differs from the hero s quest how it has changed over the centuries as women gained more independence and what heroines of novels and movies might be like in the future She gives examples from the lives of real women and scatters stories that illustrate many of her points throughout the book In the end she concludes authors of the Aletis story use their imagination to give us characters who serve as role models for how a woman can live a full and free life

mix the joy and pain of Italian American life to paint a multifaceted picture of Italian American women and their complex place in U S culture **Weeds** Evelyn I. Funda,2020-04-15 In Thomas Jefferson s day 90 percent of the population worked on family farms Today in a world dominated by agribusiness less than 1 percent of Americans claim farm related occupations What was lost along the way is something that Evelyn I Funda experienced firsthand when in 2001 her parents sold the last parcel of the farm they had worked since they married in 1957 Against that landscape of loss Funda explores her family s three generation farming experience in southern Idaho where her Czech immigrant family spent their lives turning a patch of sagebrush into crop land The story of Funda s family unfolds within the larger context of our country s rich immigrant history western culture and farming as a science and an art Situated at the crossroads of American farming *Weeds A Farm Daughter s Lament* offers a clear view of the nature the cost and the transformation of the American West Part cultural history part memoir and part elegy the book reminds us that in losing our attachment to the land we also lose some of our humanity and something at the very heart of our identity as a nation The Tragic Life Story of Medea as Mother, Monster, and Muse Jana Rivers Norton,2019-11-13 This volume offers a critical yet empathic exploration of the ancient myth of Medea as immortalized by early Greek and Roman dramatists to showcase the tragic forces afoot when relational suffering remains unresolved in the lives of individuals families and communities Medea as a tragic figure whose sense of isolation and betrayal interferes with her ability to form healthy attachments reveals the human propensity for violence when the agony of unresolved grief turns to vengeance against those we hold most dear However metaphorically her life story as an emblem for existential crisis serves as a psychological touchstone in the lives of early twentieth century female authors who struggled to find their rightful place in the world to resolve the sorrow of unrequited love and devotion and to reconcile experiences of societal abandonment and neglect as self discovery **Gods in the Global Village** Lester R.
