Long Road Home Memories Of September 11th:

The Long Road Home Joann B. Namorato, 2002 That fateful September morning started out like any other The skies were a gorgeous blue nothing like the gray hell they would appear hours later Joann Namorato was only working in Downtown Manhattan to help alleviate some of the costs of putting two of her three children through college Despite the financial ease that working in New York City would provide she feared that a terrorist bombing like the one in 1993 would occur However after consulting with friends and family she came to the conclusion that a second attack on the same location was highly unlikely The Long Road Home is an eyewitness account of the events of September 11 2001 through the eyes and heart of a woman whose greatest fear was taking place right in front of her Was it possible that the heart wrenching lessons of courage she had learned during her painful childhood turned out to be the overwhelming factor in guiding her out of the city that day Follow us through this woman s incredible life journey and see how the events of 9 11 01 have changed her life and the lives of so many others forever

The Long Road Home Ben Shephard, 2011-02-22 At the end of World War II long before an Allied victory was assured and before the scope of the atrocities orchestrated by Hitler would come into focus or even assume the name of the Holocaust Allied forces had begun to prepare for its aftermath Taking cues from the end of the First World War planners had begun the futile task of preparing themselves for a civilian health crisis that due in large part to advances in medical science would never come The problem that emerged was not widespread disease among Europe s population as anticipated but massive displacement among those who had been uprooted from home and country during the war Displaced Persons as the refugees would come to be known were not comprised entirely of Jews Millions of Latvians Poles Ukrainians and Yugoslavs in addition to several hundred thousand Germans were situated in a limbo long overlooked by historians While many were speedily repatriated millions of refugees refused to return to countries that were forever changed by the war a crisis that would take years to resolve and would become the defining legacy of World War II Indeed many of the postwar questions that haunted the Allied planners still confront us today How can humanitarian aid be made to work What levels of immigration can our societies absorb How can an occupying power restore prosperity to a defeated enemy Including new documentation in the form of journals oral histories and essays by actual DPs unearthed during his research for this illuminating and radical reassessment of history Ben Shephard brings to light the extraordinary stories and myriad versions of the war experienced by the refugees and the new United Nations Relief and Rehabilitation Administration that would undertake the responsibility of binding the wounds of an entire continent Groundbreaking and remarkably relevant to conflicts that continue to plague peacekeeping efforts The Long Road Home tells the epic story of how millions redefined the notion of home amid painstaking recovery

A Long Way from Home Alice Walsh, 2012-09-10 Thirteen year old Rabia along with her mother and younger brother flee Afghanistan and the brutal Taliban for Pakistan Some months later they take part in a program that is relocating refugee widows and orphans to America However their flight falls on the fateful

morning of 9 11 After the terrorist attack on the World Trade Center in New York City their plane is diverted to Gander Newfoundland Also on the plane is an American boy named Colin who struggles with his prejudices against Rabia and her family after they are all stuck in Gander while the air space is shut down The people in the small community including teens Jason and Leah open their hearts and their homes to the stranded passengers volunteering to billet the hundreds of unexpected visitors to the island Their kindness might be the bridge to understanding and acceptance that Colin and Rabia need

When You're Not You Ted McIntyre,Kelly Dame,2005 Kelly and Ted a couple facing occupational burnout knew they needed to take time off and undertook the largest risk of their married life They left their high paid work rented out their home bought an old jeep and drove the entire coast of Mexico They didn't speak the language and they had no plan except for a daily appeal for spiritual guidance in their adventure While walking the beach on the Caribbean side of Mexico they were inspired to write this book and upon their return to Canada they lived in a small cabin on the lake where they chopped wood and passed the winter writing this deeply personal reality book Although the book is about their path in part it largely focuses on a twenty year process of personal growth The early part of the book describes the process through denial and the depth of alcoholic despair that culminated in suicide attempts detox relapse treatment and the search for recovery that really works It examines many of the myths and barriers to recovery and reveals pitfalls and fear based beliefs that often lead to relapse or cross addiction The reader learns how to become empowered and how to let go of old messages which offer little more than lives filled with compromise anxiety and depression New Possibilities such as accessing inner guidance following your heart discovering your passion finding meaningful purpose and enjoying inner peace are benefits gleaned from doing this work Integrating all the tools we have acquired has allowed us to become the authorities of our own lives creating a healthy relationship and manifesting simple abundance in all that we do We realize that there are many paths through life and ultimately each person needs to

Dixon,2004 Twelve distinguished scholars and critics discuss the production reception and distribution of Hollywood and foreign films after the terrorist attacks of September 11 2001 and examine how movies have changed to reflect the new world climate *9/11 and Collective Memory in US Classrooms* Cheryl Lynn Duckworth,2014-10-17 While current literature stresses the importance of teaching about the 9 11 attacks on the US many questions remain as to what teachers are actually teaching in their own classrooms Few studies address how teachers are using of all of this advice and curriculum what sorts of activities they are undertaking and how they go about deciding what they will do Arguing that the events of 9 11 have become a chosen trauma for the US author Cheryl Duckworth investigates how 9 11 is being taught in classrooms if at all and what narrative is being passed on to today s students about that day Using quantitative and qualitative data gathered from US middle and high school teachers this volume reflects on foreign policy developments and trends since September 11th 2001 and analyzes what this might suggest for future trends in U S foreign policy The understanding that the post 9 11 generation has of what happened and what it means is significant to how Americans will view foreign policy in the coming decades especially in the Islamic World and whether it is likely to generate war or foster peace *The Long Road Home* Sandy Wall,2022-05-25 When Andy a fresh faced na ve young man escapes his small town in Texas to embark on a career to become a big city cop his life is changed forever When he joins the Houston Police Department his experiences sometimes exciting sometimes shocking force him to confront evils that most of us could never imagine all while keeping his own demons at bay After ten years of service as a beat cop and fighting crime in the dangerous world of narcotics in the nation s fourth largest city Andy accepts the ultimate challenge joining the Houston SWAT Team His limits are tested like never before and he finds himself living on the edge where he must face his greatest fears and finally confront the adversaries who have taunted him along the way Veterans' Journeys Home Lori Holyfield,2015-11-17 Veterans Journeys Home is a vivid portrayal of military life and its aftermath for US troops who have served in Iraq and Afghanistan Highlighting the challenges US veterans face in today s changing military culture the book depicts the haunting and visceral memories of returning soldiers conversations with mental health providers and offers an alternative approach to healing the emotional wounds of war For anyone seeking a deeper understanding of the human costs of recent wars this book is invaluable It combines a moving narrative with a penetrating analysis of the welfare and post conflict treatment of veterans **Identity and Power in Narratives of Displacement** Katrina M. Powell,2015-02-11 In this book Powell examines the ways that identities are constructed in displacement narratives based on cases of eminent domain natural disaster and civil unrest attending specifically to the rhetorical strategies employed as barriers and

boundaries intersect with individual lives She provides a unique method to understand how the displaced move within accepted and subversive discourses and how representation is a crucial component of that movement In addition Powell shows how notions of human rights and the public good are often at odds with individual well being and result in intriguing intersections between discourses of power and discourses of identity Given the ever increasing numbers of displaced persons across the globe and the layers of displacement experienced by many this study sheds light on the resources of rhetoric as means of survival and resistance during the globally common experience of displacement

Brotherhoods of Color Eric ARNESEN,Eric Arnesen,2009-06-30 From the time the first tracks were laid in the early nineteenth century the railroad has occupied a crucial place in America s historical imagination Now for the first time Eric Arnesen gives us an untold piece of that vital American institution the story of African Americans on the railroad African Americans have been a part of the railroad from its inception but today they are largely remembered as Pullman porters and track layers The real history is far richer a tale of endless struggle perseverance and partial victory In a sweeping narrative Arnesen re creates the heroic efforts by black locomotive firemen brakemen porters dining car waiters and redcaps to fight a pervasive system of racism and job discrimination fostered by their employers white co workers and the unions that legally represented them even while barring them from membership Decades before the rise of the modern civil rights movement in the mid 1950s black railroaders forged their own brand of civil rights activism organizing their own associations challenging white trade unions and pursuing legal redress through state and federal courts In recapturing black railroaders voices aspirations and challenges Arnesen helps to recast the history of black protest and American labor in the twentieth century

Arnesen provides a fascinating look at U S labor and commerce in the arena of the railroads so much a part of romantic notions about the growth of the nation The focus of the book is the troubled history of the railroads in the exploitation of black workers from slavery until the civil rights movement with an insightful analysis of the broader racial integration brought about by labor activism Vanessa Bush Booklist Reviews of this book An exhaustive and illuminating work of scholarship Publishers Weekly Reviews of this book Arnesen tells a story that should be of interest to a variety of readers including those who are avid students of this country s railroads He knows his stuff and furthermore reminds us of how dependent American railroads were on the backbreaking labor of racial and ethnic groups whose civil and political status were precarious at best Irish Chinese Mexicans and Italians as well as African Americans But Arnesen s most powerful and provocative argument is that the nature of discrimination not only led black railroad workers to pursue the path of independent unionism it also propelled them into the larger struggle for civil rights Steven Hahn Chicago Tribune

Interactions with a Violent Past Sina Emde,Markus Schlecker,Elaine Russell,Christina Schwenkel,Susan Hammond,Krisna Uk,Ian G. Baird,2013-07-01 The Second and Third Indochina Wars are the subject of important ongoing scholarship but there has been little research on the lasting impact of wartime violence on local societies and populations in Vietnam as well as in Laos and Cambodia Today s Lao Vietnamese and Cambodian landscapes bear the imprint of competing violent ideologies and their perilous material manifestations From battlefields and massively bombed terrain to reeducation camps and resettled villages the past lingers on in the physical environment The nine essays in this volume discuss post conflict landscapes as contested spaces imbued with memory work conveying differing interpretations of the recent past expressed through material even monumental objects ritual performances and oral narratives or silences While Cambodian Lao and Vietnamese landscapes are filled with tenacious traces of a violent past creating an unsolicited and malevolent sense of place among their inhabitants they can in turn be transformed by actions of resilient and resourceful local communities
