Jane Addams and the Practice of Democracy Marilyn Fischer, Carol Nackenoff, Wendy Chmielewski, 2010-10-01 Using a rich array of newly available sources and contemporary methodologies from many disciplines the ten original essays in this volume give a fresh appraisal of Addams as a theorist and practitioner of democracy In an increasingly interdependent world Addams s life work offers resources for activists scholars policy makers and theorists alike This volume demonstrates how scholars continue to interpret Addams as a model for transcending disciplinary boundaries generating theory out of concrete experience and keeping theory and practice in close and fruitful dialogue Contributors are Harriet Hyman Alonso Victoria Bissell Brown Wendy Chmielewski Marilyn Fischer Shannon Jackson Louise W Knight Carol Nackenoff Karen Pastorello Wendy Sarvasay Charlene Haddock Seigfried and Camilla Stivers The Women Founders Patricia Madoo Lengermann, Gillian Niebrugge, 2006-12-31 An essential volume for anyone interested in the history of sociology the development of sociological theory or the history of women in the profession this well researched compellingly argued book makes the case for the active and significant presence of women in the creation of sociology and social theory in its founding and classic periods Further Lengermann and Niebrugge explain how the women came to be erased from the history of sociology and identify the political and intellectual currents that now make their recovery both possible and important The volume focuses on 15 women in eight chapters Each chapter begins with a biographical sketch situating each thinkers ideas in a historical social and cultural context Next the authors analyze the womans theory summarizing its underlying assumptions explicating its major themes and introducing key vocabulary. The chapter concludes with excerpts from the original texts of the women founders All the theories discussed in this text share a moral commitment to the idea that sociology should and could work for the alleviation of socially produced human pain The ethical duty of the sociologist is to seek sound scientific knowledge to refuse to make the knowledge an end in itself to speak for the disempowered to advocate social reform and to never forget that the appropriate relationship between researcher and subject is one of mutuality
