

A man and a woman are shown in profile, facing each other and smiling. They are in a train car, with large windows in the background showing a blurred cityscape. The man has a beard and is wearing a white shirt with a black backpack strap. The woman has long dark hair and is wearing a red and black plaid shirt. A white rectangular box with a red border is overlaid on the image, containing the title text.

Long-Distance Relationship Intimacy Hack Claire Robin, Love is something so beautiful everyone wishes to experience it but it is not without challenges in every relationship Relationships are always filled with ups and downs and in such times the strength of both love and understanding is tested Long distance relationships unlike relationships where the partners get to see each other frequently is more demanding It would take double efforts understanding trust and commitment to maintain them However there are many people in a long distance relationship that managed to keep it going regardless of the hurdles It just needs the effort of both parties and things will go smoothly If you re the only one striving to make things work then chances are your relationship will come to an end eventually Stay in a relationship where both parties are willing to fight for the blooming and thriving of the relationship As the saying goes it takes two to tango There are times when relationships start as short distanced but due to certain life changes such as work transfers new job offers or educational purposes one partner is made to move away from another and serious adjustments will have to be made Many relationships may even end due to this reason but there are many equally that do thrive as a result of joint efforts If you re looking for ways to revive and keep your long distance relationship blooming then this book is for you

**Long Distance Couples** Nibld,2000-05-01 **Cross-Border Marriages** Nicole Constable,2010-08-03 Illuminating how international marriages are negotiated arranged and experienced Cross Border Marriages is the first book to chart marital migrations involving women and men of diverse national ethnic and class backgrounds The migrations studied here cross geographical borders of provinces rural urban borders within nation states and international boundaries including those of China Japan South Korea India Vietnam the Philippines the United States and Canada Looking at

assumptions about the connection between international marriages and poverty opportunism and women's mobility the book draws attention to ideas about global patterns of inequality that are thought to pressure poor women to emigrate to richer countries while simultaneously suggesting the limitations of such views Breaking from studies that regard the international bride as a victim of circumstance and the mechanisms of international marriage as traffic in commodified women these essays challenge any simple idea of global hypergamy and present a nuanced understanding where a variety of factors not the least of which is desire come into play Indeed most contemporary marriage scapes involve women who relocate in order to marry rarely is it the men But Nicole Constable and the volume contributors demonstrate that contrary to popular belief these brides are not necessarily poor nor do they categorically marry men who are above them on the socioeconomic ladder Although often women may appear to be moving up from a less developed country to a more developed one they do not necessarily move higher on the chain of economic resources Complicating these and other assumptions about international marriages the essays in this volume draw from interviews and rich ethnographic materials to examine women's and men's agency their motivations for marriage and the importance of familial pressures and obligations cultural imaginings fantasies and desires in addition to personal and economic factors Border crossing marriages are significant for what they reveal about the intersection of local and global processes in the everyday lives of women and men whose marital opportunities variably yield both rich possibilities and bitter disappointments
