Longtime Californ:

Longtime Californ' Victor Nee, Brett De Bary, 2014-10-29 Beginning with the immigrants who left poverty ridden villages in China to try for a better livelihood in America the narratives and extensive interviews of Longtime Californ tell the true story of the Chinese in America A young Chinese girl tells of being sold into slavery brought to America and rescued by a missionary men of Chinatown recall the awful conditions and long waits on Angel Island before being allowed into the country and remember the backbreaking experience of building the railroads that opened the West The young Chinese are also here some are angry and frustrated spending their time on street corners and in gang fights other are Marxist radicals trying to create social political and economic change in Chinatown ghetto And there are the workers who go back and forth each day to the garment factories and the shops each with his or her own story to tell each contributing his or her share to the country that is San Francisco Chinatown Throughout these and other stories the intricate patterns of Chinese life emerge as Chinese traditions and American customs combine to create the unique experience of Chinese Americas Longtime Californ goes beyond the hand laundries and restaurants with which Americans often associate the Chinese and unveils the secret societies the powerful family associations and the daily lives of the people of Chinatown Longtime Californ' Victor

Nee, Brett de Bary Nee, 1981 The Fall of the House of Labor David Montgomery, 1987-08-28 This book studies the changing ways in which American industrial workers mobilised concerted action in their own interests between the abolition of slavery and the end of open immigration from Europe and Asia Sustained class conflict between 1916 and 1922 reshaped governmental and business policies but left labour largely unorganised and in retreat The House of Labor so arduously erected by working class activists during the preceeding generation did not collapse but ossified so that when labour activism was reinvigorated after 1933 the movement split in two These developments are analysed here in ways which stress the links between migration neighbourhood life racial subjugation business reform the state and the daily experience of work itself

Empress San Francisco Abigail M. Markwyn, 2014-10-01 When the more than 18 million visitors poured into the Panama Pacific International Exposition PPIE in San Francisco in 1915 they encountered a vision of the world born out of San Francisco's particular local political and social climate By seeking to please various constituent groups ranging from the government of Japan to local labor unions and neighborhood associations fair organizers generated heated debate and conflict about who and what represented San Francisco California and the United States at the world's fair The PPIE encapsulated the social and political tensions and conflicts of pre World War I California and presaged the emergence of San Francisco as a cosmopolitan cultural and economic center of the Pacific Rim *Empress San Francisco* offers a fresh examination of this one of the largest and most influential world's fairs by considering the local social and political climate of Progressive Era San Francisco Focusing on the influence exerted by women Asians and Asian Americans and working class labor unions among others Abigail M Markwyn offers a unique analysis both of this world's fair and the social construction of pre World War I America and the West

The Population of Modern China Dudley L. Poston Jr., David Yaukey, 2013-11-11 Student interested in world populations and demography inevitably need to know China As the most populous country of the world China occupies a unique position in the world population system How its population is shaped by the intricate interplays among factors such as its political ideology and institutions economic reality government policies sociocultural traditions and ethnic divergence represents at once a fascinating and challenging arena for investigation and analysis Yet for much of the 20th century while population studies have developed into a mature science precise information and sophisticated analysis about the Chinese population had largely remained either lacking or inaccessible first because of the absence of systematic databases due to almost uninterrupted strife and wars and later because the society was closed to the outside observers for about three decades since 1949 Since the end of the Cultural Revolution things have dramatically changed China has embarked on an ambitious reform program where modernization

became the utmost goal of societal mobilization China could no longer afford to rely on imprecise census or survey information for population related studies and policy planning nor to remaining closed to the outside world Both the gathering of more precise information and access to such information have dramatically increased in the 1980s Systematic observations analyses and reporting about the Chinese population have surfaced in the population literature around the globe

Historic Underground Missoula Nikki M. Manning,2015-03-30 Much of Missoula s history lies beneath the surface As in many Old West cities cavernous underground tunnel systems purportedly hid countless nefarious activities from clandestine prostitution and Chinese opium dens to booze running during Prohibition These sordid tales captivate today s residents and beg questions about the city s furtive past Did local elite gentlemen mask their carnal habits there Did John Wayne really use the passageways to run personal errands unnoticed Author and urban archaeologist Nikki Manning ventures below to reconcile oral history with archaeological data in a fascinating exploration of Missoula s subterranean labyrinths

The Informal City Michel S. Laguerre,2016-07-27 In this book Michel S Laguerre argues that there exists an informal city located just beneath and in the interstices of the formal city The metaphor is not geographical but rather structural and hermeneutical This is the city where manoeuvres that cannot be done publicly legally ethically or otherwise are performed The author shows with illustrative data drawn from the American urban experience the San Francisco Oakland Metropolitan area why and how the informal city must be seen as the hidden dimension of the formal city

American Workers, Colonial Power Dorothy B. Fujita Rony,2003-03-04 Historically Filipina o Americans have been one of the oldest and largest Asian American groups in the United States In this pathbreaking work of historical scholarship Dorothy B Fujita Rony traces the evolution of Seattle as a major site for Philippine immigration between World Wars I and II and examines the dynamics of the community through the frameworks of race place gender and class By positing Seattle as a colonial metropolis for Filipina os in the United States Fujita Rony reveals how networks of transpacific trade and militarism encouraged migration to the city leading to the early establishment of a Filipina o American community in the area By the 1920s and 1930s a vibrant Filipina o American society had developed in Seattle creating a culture whose members including some who were not of Filipina o descent chose to pursue options in the U S or in the Philippines Fujita Rony also shows how racism against Filipina o Americans led to constant mobility into and out of Seattle making it a center of a thriving ethnic community in which only some remained permanently given its limited possibilities for employment The book addresses class distinctions as well as gender relations and also situates the growth of Filipina o Seattle within the regional history of the American West in addition to the larger arena of U S Philippines relations

Beauty and Business Philip Scranton,2014-03-05 Beauty seems simple we know it when we see it But of course our ideas about what is attractive are influenced by a broad range of social and economic factors and in Beauty and Business leading historians set out to provide this important cultural context How have retailers shaped popular consciousness about beauty And how in turn have cultural

assumptions influenced the commodification of beauty The contributors here look to particular examples in order to address these questions turning their attention to topics ranging from the social role of the African American hair salon and the sexual dynamics of bathing suits and shirtcollars to the deeper meanings of corsets and what the Avon lady tells us about changing American values As a whole these essays force us to reckon with the ways that beauty has been made bought and sold in modern America

Shifting the Center Susan J. Ferguson, 2022-11-21 *Shifting the Center Understanding Contemporary Families Sixth Edition* is a popular anthology of readings used in Sociology of Family and of Marriages Families Intimate Relationship courses Editor Susan J Ferguson brings together carefully selected pieces written by leading family researchers and drawn from a variety of scholarly sources including articles from the leading family journals and excerpts from several classic book length studies She also provides background and context to help students connect the topics in the readings to the broader themes in the study of family sociology The table of contents follows the same scope and sequence as the leading family survey texts

Paper Families Estelle T. Lau, 2006 A look at how the Chinese Exclusion Act and later legislation affected Chinese American communities who created fictitious paper families to subvert immigration policies

Technologies of Kinship LiLi Johnson, 2025-11-25 *Technologies of Kinship* traces how technology and technological systems have shaped the co constitution of Asian American racial formation and family and kinship in American culture Provided by publisher

Housing and Planning References, 1974

Ethnicity and Race Stephen Cornell, Douglas Hartmann, 2006-12-15 This book is very well written and clearly organized throughout It is pitched at upper level undergraduate and graduate level race and ethnicity students in sum this is an important book highly recommended to students and faculty alike The authors draw extensively from classic and contemporary sociological theory throughout the text and maintain a transnational focus in each and every chapter

TEACHING SOCIOLOGY *Ethnicity and Race Making Identities in a Changing World Second Edition* uses examples and extended case studies from all over the world to craft a compelling even handed account of the power and persistence of ethnicity and race in the contemporary world Known for its conceptual clarity world historical scope and fair minded treatment of these oft controversial topics this updated and expanded edition retains all of the core elements and constructionist insights of the original
