

WHAT AM I GOOD AT?

Early on in your career, you will have many burgeoning skills. These are skills that you are good at now and can get even better at with more practice.

For example: Let's say you used to hate math, but in school, you were better at accounting than you imagined you would be. What's more, you enjoyed it. You may want to look for a role that asks for skills like "financial planning/reporting."

Getting to use and improve skills that you're already good will energize you, and provide you with a feeling of recognition and usefulness.
