itself if you don't already call it home you'll want to return again and again **Routledge Handbook of the Digital Environmental Humanities** Charles Travis, Deborah P. Dixon, Luke Bergmann, Robert Legg, Arlene Crampsie, 2022-09-12

The Routledge Handbook of the Digital Environmental Humanities explores the digital methods and tools scholars use to observe, interpret and manage nature in several different academic fields. Employing historical, philosophical, linguistic, literary and cultural lenses, this handbook explores how the digital environmental humanities (DEH) as an emerging field recognises its convergence with the environmental humanities. As such, it is empirically, critically and ethically engaged in exploring digitally mediated, visualised and parsed framings of past, present and future environments, landscapes and cultures. Currently, humanities, geographical, cartographical, informatic and computing disciplines are finding a common space in the DEH and are bringing the use of digital applications, coding and software into league with literary and cultural studies and the visual, film and performing arts. In doing so, the DEH facilitates transdisciplinary encounters between fields as diverse as human cognition, gaming, bioinformatics and linguistics, social media, literature and history, music, painting, philology, philosophy and the earth and environmental sciences. This handbook will be essential reading for those interested in the use of digital tools in the study of the environment from a wide range of disciplines and for those working in the environmental humanities more generally.

[Lookin' for Bird in the Big City](#) Robert Burleigh, 2001 A fictionalized account of the time when, as a teen-age music student, trumpeter Miles Davis spent many hours trying to find Charlie Parker in New York City **Small Town Big City** Jeff A. Lopez, 2017-09-27 If you love oldies, music, old cars and good stories, you'll love *Small Town Big City*. When Time Stood Still, a screenplay script, it is about the way it used to be in '63. This nostalgic look back in time will take those who experienced it on a memorable journey to the times of simple living, old-fashioned ways, cool cars, good music and teenagers trying to become adults, living for the moment and looking forward to tomorrow. Those who were born after 1963 can see and feel themselves in 1963. Back in the day, small-town people were usually outdated by the lifestyles of the big-city folks. They were kind of behind in the times, but they wouldn't exchange it for the world to be a part of a close-knit community and for the love and commodity which was priceless.

The Bird's Nest Shirley Jackson, 2014-01-28 Shirley Jackson's third novel, a chilling descent into multiple personalities. Elizabeth is a demure, twenty-three-year-old, willing her life away at a dull museum job, living with her neurotic aunt and subsisting off her dead mother's inheritance. When Elizabeth begins to suffer terrible migraines and backaches, her aunt takes her to the doctor, then to a psychiatrist. But slowly and with Jackson's characteristic chill, we learn that Elizabeth is not just one girl but four separate, self-destructive personalities. *The Bird's Nest*, Jackson's third novel, develops hallmarks of the horror master's most unsettling work: tormented heroines, riveting familial mysteries and a disquieting vision inside the human mind.
