Harrison,2009-02-10 Nearly half a century after the fighting stopped the 1953 Armistice has yet to be replaced with a peace treaty formally ending the Korean War While Russia and China withdrew the last of their forces in 1958 the United States maintains 37 000 troops in South Korea and is pledged to defend it with nuclear weapons In Korean Endgame Selig Harrison mounts the first authoritative challenge to this long standing U.S. policy Harrison shows why North Korea is not as many policymakers expect about to collapse And he explains why existing U.S. policies hamper North South reconciliation and reunification Assessing North Korean capabilities and the motivations that have led to its forward deployments he spells out the arms control concessions by North Korea South Korea and the United States necessary to ease the dangers of confrontation centering on reciprocal U.S. force redeployments and U.S. withdrawals in return for North Korean pullbacks from the thirty eighth parallel Similarly he proposes specific trade offs to forestall the North's development of nuclear weapons and missile delivery systems calling for the withdrawal of the U.S. nuclear umbrella in conjunction with agreements to denuclearize Korea embracing China Russia and Japan The long term

**Understanding Global Cultures** Martin J. Gannon, 2004 Understanding Global Cultures Third Edition presents the cultural metaphor as a method for understanding the cultural mindsets of a nation a cluster of nations and even of a continent This method involves identifying some phenomenon activity or institution of a culture that all or most of its members consider important and with which they identify closely Metaphors are not stereotypes rather they rely upon the

features of one critical phenomenon of a culture to describe the entire culture The characteristics of the metaphor then become the basis for describing and understanding the essential features of the culture For example the Italians invented the opera and love it passionately Five key characteristics of the opera are the overture spectacle and pageantry voice externalization and the interaction between the lead singers and the chorus These features are used to describe Italy and its cultural mindset Thus the metaphor is a guide or map that helps such outsiders as students travelers and managers on short term and long term assignments understand quickly what members of a culture consider important
