**Looking at the Body** David Suzuki, 1991-08-23 Tells about the common human senses such as sight hearing taste and touch and also about the more uncommon ones such as ESP      *Looking at Senses* David Suzuki, 1991-01 Tells about the

common human senses such as sight hearing taste and touch and also about the more uncommon ones such as ESP      **A Common-Sense Look at the Ten Positive Nos** Janis L. Talsma, 2022-11-10 Without judgment or finger pointing this book offers a fresh positive commonsense and biblical look at the Ten Commandments Janis L Talsma a longtime student of the Bible answers questions such as What happens if we ignore these Ten Commandments make our own rules or pick and choose those that suit us and discard the rest What happens when we do not feel responsible for our behavior because we have decided that we are entitled to do whatever we feel is okay What happens when our behavior brings harm to others Each commandment is addressed one by one At the heart of each one is a blessing that is ours if we strive with God s help to live according to them These commandments are meant to be a roadmap for living so that individually and as a society we can work toward the good of all In so doing we honor each other and God Himself who so wisely knew of our need for them Join the author as she celebrates the goodness of the Ten Commandments and reveals how to harness them to honor God and show love for all of humanity Each commandment is addressed one by one At the heart of each one is a positive good and blessing that is ours if we strive with God s help to live according to them They are meant to be a road map for living so that individually and as a society we impact each other s lives for the good of all And in so doing we honor each other and God Himself who so wisely knew of our need for them It s a positive way of expressing our love for God and for each other

**Leading with Sense** Valérie Gauthier, 2014-08-13 Today s business environment demands a new approach to leadership one that effectively connects individuals and organizations in the midst of change Leading with Sense offers a new practical approach to meeting this challenge Drawing on her experience as a poetic translator and her expertise in cross cultural leadership Val rie Gauthier outlines the tenets of *savoir relier* a framework for building sensible trustworthy and lasting relationships that enables leaders to value difference work across boundaries and navigate complex systems *Savoir relier* teaches leaders to tap into their senses in the midst of strategizing allowing them to act intuitively and rationally at once Few leaders dare to claim that their gut feelings are critical to their decisions But by engaging their intuition they are able to draw on experience better appreciate their environment build confidence and summon the courage to tackle the task at hand Leading with Sense trains readers to be poets and translators in the business context With *savoir relier* we can write our own stories deciphering the challenges that we face with acumen humility and respect Using real world examples of this pioneering approach Gauthier provides readers with methods and tools for cultivating a *savoir relier* mindset to build positive relationships nurture diversity drive mindful innovation and foster success      **The Routledge Handbook of the Senses in the Ancient Near East** Kiersten Neumann, Allison Thomason, 2021-09-30 This Handbook is a state of the field volume

containing diverse approaches to sensory experience bringing to life in an innovative remarkably vivid and visceral way the lives of past humans through contributions that cover the chronological and geographical expanse of the ancient Near East It comprises thirty two chapters written by leading international contributors that look at the ways in which humans through their senses experienced their lives and the world around them in the ancient Near East with coverage of Anatolia Egypt the Levant Mesopotamia Syria and Persia from the Neolithic through the Roman period It is organised into six parts related to sensory contexts Practice production and taskscape Dress and the body Ritualised practice and ceremonial spaces Death and burial Science medicine and aesthetics and Languages and semantic fields In addition to exploring what makes each sensory context unique this organisation facilitates cross cultural and cross chronological as well as cross sensory and multisensory comparisons and discussions of sensory experiences in the ancient world In so doing the volume also enables considerations of senses beyond the five sense model of Western philosophy sight hearing touch taste and smell including proprioception and interoception and the phenomena of synaesthesia and kinaesthesia The Routledge Handbook of the Senses in the Ancient Near East provides scholars and students within the field of ancient Near Eastern studies new perspectives on and conceptions of familiar spaces places and practices as well as material culture and texts It also allows scholars and students from adjacent fields such as Classics and Biblical Studies to engage with this material and is a must read for any scholar or student interested in or already engaged with the field of sensory studies in any period

**Living Beings** Penelope Dransart, 2020-06-03 Living Beings examines the vital characteristics of social interactions between living beings including humans other animals and trees Many discussions of such relationships highlight the exceptional qualities of the human members of the category insisting for instance on their religious beliefs or creativity In contrast the international case studies in this volume dissect views based on hierarchical oppositions between human and other living beings Although human practices may sometimes appear to exist in a realm beyond nature they are nevertheless subject to the pull of natural forces These forces may be brought into prominence through a consideration of the interactions between human beings and other inhabitants of the natural world The interplay in this book between social anthropologists philosophers and artists cuts across species divisions to examine the experiential dimensions of interspecies engagements In ethnographically and or historically contextualized chapters contributors examine the juxtaposition of human and other living beings in the light of themes such as wildlife safaris violence difference mimicry simulation spiritual renewal dress and language

*Experience, Evidence, and Sense* Anna Wierzbicka, 2010-06-24 This book is based on two ideas first that any language English no less than any other represents a universe of meaning shaped by the history and experience of the men and women who have created it and second that in any language certain culture specific words act as linchpins for whole networks of meanings and that penetrating the meanings of those key words can therefore

open our eyes to an entire cultural universe In this book Anna Wierzbicka demonstrates that three uniquely English words evidence experience and sense are exactly such linchpins Using a rigorous plain language approach to meaning analysis she unpacks the dense cultural meanings of these key words disentangles their multiple meanings and traces their origins back to the tradition of British empiricism In so doing she reveals much about cultural attitudes embedded not only in British and American English but also English as a global language An interdisciplinary work Experience Evidence and Sense will be of interest to both scholars and students in linguistics and English as well as historians of ideas sociologists anthropologists literary scholars and scholars of communication
