The Sociological Perspective Michael Leming, Raymond De Vries, Brendan Furnish, 2009-10-10 Sociology and Christianity Attempting to bring sociology and Christianity together is like trying to mix oil and water Christians seem to have as little regard for sociology as sociologists generally have for Christianity However in the middle of this conflict there is a group bold enough to call themselves Christian sociologists they are not willing to be stereotyped but are seriously committed to both realms This collection of essays covers topics that are typically addressed in introductory sociology courses Written from a Christian point of view these essays are also geared for a wide range of readers from undergraduates to professional sociologists who bring faith commitments to the sociological task The editors goal is to provide an understanding of societal

forces that is informed by a Christian conscience Toward that end certain recurring themes are found in this book the need for informed Christian social action the conflict between the individual and the community the conflict between freedom and determinism and the significance of social sin **Faith and Learning on the Edge** David Claerbaut,2004 Beginning with an autobiographical journey through his disappointing experiences with faith and learning both in his student and professorial career in Christian colleges David Claerbaut addresses the issues of faith and learning in higher education

Making Christianity Manly Again Jennifer McKinney,2023 Mark Driscoll built Mars Hill Church into one of the fastest growing most innovative and most influential churches in the country The ever colorful Driscoll crafted a hypermasculine theology redefining Jesus from a hippie in a dress to Warrior Victor and King While Driscoll s church spectacularly imploded his hypermasculine theology is foundational to understanding evangelical support for politicians like Donald Trump and the rise of Christian nationalism Discipleship of the Mind James W. Sire,1990-04-04 Discussing worldview thinking the foundations of knowledge and the relationship between knowing and doing James W Sire shows Christians how to honor God with their minds

The Social Context of Pastoral Care George M. Furniss,1994-01-01 Because their work focuses primarily on the fields of theology and psychology pastoral caregivers have often neglected to take into account the social forces that affect both the careseeker and the caregiver In this groundbreaking book sociologist and chaplain George Furniss introduces them to a third discipline sociology to draw upon in their work Furniss offers an introduction to sociological approaches that are particularly relevant to those in the field Brief biographical notes about key figures in sociology and a glossary of terms are supplied to assist those who lack extensive background in sociology **NIVAC Bundle 5: Minor**

Prophets Gary V. Smith,James Bruckner,Mark J. Boda,2015-11-03 The NIV Application Commentary helps you communicate and apply biblical text effectively in today s context To bring the ancient messages of the Bible into today s world each passage is treated in three sections Original Meaning Concise exegesis to help readers understand the original meaning of the biblical text in its historical literary and cultural context Bridging Contexts A bridge between the world of the Bible and the world of today built by discerning what is timeless in the timely pages of the Bible Contemporary Significance This section identifies comparable situations to those faced in the Bible and explores relevant application of the biblical messages The author alerts the readers of problems they may encounter when seeking to apply the passage and helps them think through the issues involved This unique award winning commentary is the ideal resource for today s preachers teachers and serious students of the Bible giving them the tools ideas and insights they need to communicate God s Word with the same powerful impact it had when it was first written *The Prophets as Preachers* Gary V. Smith,1998-09-01 Designed for use in upper level college courses and seminary courses on the prophets

Wasted Evangelism Chip M. Anderson,2013-10-04 What is the relationship between the gospel and the church s responsibility toward the poor Can social action be evangelism Wasted Evangelism is an exploration in the Gospel of Mark on the subject of evangelism and social action A proclamation

centered definition of evangelism based on the etymology of the word evangelize and a few isolated proof texts is devoid of much of the biblical content that Mark offers to us through his Gospel detaching the concept of evangelism from the narrative meaning that Mark gives to the gospel of Jesus Christ In *Wasted Evangelism* Chip Anderson develops an exegetically based narrative understanding of biblical evangelism which according to Mark's Gospel includes God's care for the economically vulnerable and his concern for the issues of poverty The studies gathered in this volume propose that social action should not be considered a separate distinct responsibility for the church but is rather a vital component of evangelism A close examination of Mark's Gospel and the biblical texts associated with idolatry poverty and justice provides an opportunity for church leadership to rethink the evangelistic activities of their churches and to reconsider what it means to engage their surrounding communities as agents of God's kingdom
