Looking For A Miracle Weeping Icons Relics Stigmata Visions And Healing Cures:

Looking for a Miracle Joe Nickell, 2009-12-02 The willingness of people to believe in magical icons mystical relics and miraculous pictures like the Image of Guadalupe is almost as curious as these phenomena themselves Though they cry out for scientific investigation millions of people blindly accept them as fact Historical and paranormal investigator Joe Nickell confronts such strange events powers and objects as the Shroud of Turin bleeding or weeping statues burning handprints liquefying blood ecstatic visions miraculous cures and people speaking in tongues in Looking for a Miracle Departing from standard critiques of religion Nickell carefully investigates the evidence relating to specific claims Religious believers and rationalists alike have much to learn from this revealing examination of the evidence for the miraculous Looking for a Miracle Joe Nickell, 1997

Miracle Cures Robert A. Scott, 2010-06-07 Iconic images of medieval pilgrims such as Chaucer's making their laborious way to Canterbury conjure a distant time when faith was the only refuge of the ill and infirm and thousands traveled great distances to pray for healing Why then in an age of advanced biotechnology and medicine do millions still go on pilgrimages Why do journeys to important religious shrines such as Lourdes Compostela Fátima and Medjugorje constitute a major industry In Miracle Cures Robert A Scott explores these provocative questions and finds that pilgrimage continues to offer answers for many Its benefits can range from a demonstrable improvement in health to complete recovery Using research in biomedical and behavioral science Scott examines accounts of miracle cures at medieval early modern and contemporary shrines He inquires into the power of relics apparitions and the transformative nature of sacred journeying and shines new light on the roles belief hope and emotion can play in healing **Popular Pleasures** Paul Duncum, 2021-08-26 Today's many popular aesthetic pleasures have a very long history Paul Duncum considers the historical critical discourses and socio political issues raised by aesthetic pleasures in fifteen thematic chapters Using illustrative examples from the past present and across cultures he challenges the idea of any decline of cultural standards and argues that no grounds exist for cultural pessimism Refusing to condemn popular culture on the basis of taste he reserves critique for the socio political ideologies aesthetics invariably serve Art history film cultural studies and philosophical aesthetics are each employed to show that the sensory emotional lures of today's popular culture are mostly identical to those of premodern fine art They include the violent the horrific the sentimental the exotic the erotic and the humorous Some of these pleasures derive from our evolutionary biology they are all an important part of what it means to be human and central to understanding contemporary society Examples are wide ranging including British seaside postcards Disney films Nazi propaganda burlesque modern advertising as well as many exemplars of fine art The book reveals fresh insights for all those studying visual culture art history aesthetics media studies and media and art education Adventures in Paranormal Investigation Joe Nickell, 2014-04-23 Tales of alien abductions miraculous relics and haunted castles have attracted believers and skeptics across the globe for centuries Paranormal investigator Joe Nickell tackles the world's most

seemingly inexplicable myths in *Adventures in Paranormal Investigation* With four decades of experience in the field Nickell employs skepticism and scientific analysis to pull truth from the mires of false evidence and trickery that surround both old and new legends and mysteries Unlike authors who engage in hype and sensationalism in order to foster or debunk myths Nickell approaches each case with a rational and scientific approach intended to find the truth Occam's Razor all things being equal the simplest solution is the best one is a principal instrument in his investigative toolbox as well as the belief that it is the claimant's responsibility to provide the extraordinary proof required in such extraordinary cases *Adventures in Paranormal Investigation* features Nickell's on site explorations in unusual phenomena Among the forty unique cases Nickell examines mysteries ranging from snake charmers who purport to hold influence over the reptiles to the Holocaust victims who reportedly haunt a gas chamber in Dachau to Lake Simcoe's resident lake monster Igopogo in Canada In addition to the case studies Nickell analyzes how the propensity to fantasize can affect human perceptions of and belief in paranormal activity and how his personal experience with the paranormal was altered when intuition led to the discovery of a daughter he didn't know existed More than just another myth busting text *Adventures in Paranormal Investigation* brings together reason and scientific analyses to explain both the phenomena and the role of human perception therein establishing Nickell as the foremost paranormal investigator of our time

Shining Garment of the Text Alison Jasper, 1998-09-01 Taking the prologue of John's Gospel as a case study in feminist biblical criticism the author engages with a persistent view that the biblical text is seriously compromised by its association with patriarchal values Close analysis of five interpretations by Augustine Hildegard von Bingen Martin Luther Adrienne von Speyr and Rudolf Bultmann shows how unavoidably interpretation clothes the biblical text with the varied and dazzling patterns of the patriarchal reading context But in a second turn drawing on the techniques of both structuralist criticism and deconstruction and offering three further inventive readings of this powerful passage Jasper reflects woman and the feminine in the shining garment of her own contextualized reading

Catholic God, True God Parker Manning, 2022-10-19 Have you ever wondered why Catholics believe in God or who this God is In his new book *Catholic God True God* Parker Manning explains just that He goes through evidence for the existence of God but doesn't stop there He also argues that this God is the God of the Bible by giving evidence to the most famous Old Testament stories and New Testament ones He also goes through supposed errors in the Bible and explains how they are not truly errors Lastly and most importantly he details why Catholics are the only ones who fully understand God Also be sure to check out his first book *Fundamentals of Catholic Theology* in Just Over 100 Pages Parker Manning takes a fresh look at the big topics in Catholic apologetics He avoids the well traveled areas in previous works and focuses on the questions that lurk behind the questions things typically missed by others Gary Michuta author of *The Case for the Deuterocanon* and *Why Catholic Bibles are Bigger*

50 Popular Beliefs That People Think Are True Guy P. Harrison, 2012-01-03 What would it take to create a world in which fantasy is not confused for fact and public policy is based on objective reality asks Neil deGrasse Tyson science popularizer and author of *Astrophysics for People in a Hurry* I don t know for sure But a good place to start would be for everyone on earth to read this book Maybe you know someone who swears by the reliability of psychics or who is in regular contact with angels Or perhaps you re trying to find a nice way of dissuading someone from wasting money on a homeopathy cure Or you met someone at a party who insisted the Holocaust never happened or that no one ever walked on the moon How do you find a gently persuasive way of steering people away from unfounded beliefs bogus cures conspiracy theories and the like This down to earth entertaining exploration of commonly held extraordinary claims will help you set the record straight The author a veteran journalist has not only surveyed a vast body of literature but has also interviewed leading scientists explored the most haunted house in America frolicked in the inviting waters of the Bermuda Triangle and even talked to a contrite Roswell alien He is not out simply to debunk unfounded beliefs Wherever possible he presents alternative scientific explanations which in most cases are even more fascinating than the wildest speculation For example stories about UFOs and alien abductions lack good evidence but science gives us plenty of reasons to keep exploring outer space for evidence that life exists elsewhere in the vast universe The proof for Bigfoot or the Loch Ness Monster may be nonexistent but scientists are regularly discovering new species some of which are truly stranger than fiction Stressing the excitement of scientific discovery and the legitimate mysteries and wonder inherent in reality this book invites readers to

assemble to form a human being Amazingly once aggregated these atoms molecules and compounds manage to interact reasonably coherently during our lives but seek to return to their dusty state when death occurs Of the billions of our species who have existed on earth over the millennia most have quietly and inexorably returned to ashes and dust when their term of life expired This book tracks some of the misadventures of selected corpses including burials that went awry to body snatching exhumations human relic collection and assorted desecrations Over the years it seems that a remarkable number of bodies have failed to enjoy the admonition to Rest in Peace Whether these aberrations in the burial process have disturbed the afterlife of the departed everyone is dying to discover the answer *A New Approach to Synchronicity* Lance

Storm,2025-03-26 This book offers an up to date handling of C G Jung s Theory of Synchronicity and the more mainstream paranormal phenomena known as extra sensory perception ESP and psychokinesis PK collectively referred to as psi Author Lance Storm re works various aspects of synchronicity traditionally marginalized by parapsychologists to bring about a paradigm shift in the field Most often seen as fundamentally different the book draws parallels between psi and synchronicity and equates the two arguing that psi was all along a form of synchronicity just as Jung had anticipated To achieve this Storm necessarily modifies both the parapsychologist s view about psi and Jung s views about synchronicity enabling a satisfactory merger of the two paranormal phenomena Based on rigorous scientific research and written in an easy to understand style this book is an important resource for specialists such as anomalistic psychologists parapsychologists philosophers paranormalists and theologians *Sister Thorn and Catholic Mysticism in Modern America* Paula M. The Templemore Miracles John Reynolds,2019-11-15 In the aftermath of the 1916 Rising the ensuing guerrilla war reached its peak in August 1920 in the garrison town of Templemore when a series of extraordinary events occurred 16 year old farm labourer Jimmy Walsh claimed that he was experiencing Marian apparitions and that religious statues owned by him were moving and bleeding Miraculous cures were claimed and the religious fervour that gripped Ireland led to an influx of thousands of pilgrims The phenomenon of the Templemore miracles or bleeding statues lasted for several weeks and an informal ceasefire arose while the rebels the police military and civilian population struggled to comprehend the surreal situation With the logistics of conducting the war disrupted by the flood of pilgrims the IRA stepped in They interrogated Walsh and with the direct involvement of Michael Collins planned to deter further pilgrimages to Templemore In due course Walsh had left Ireland never to return and the war resumed with an even greater degree of ferocity Here John Reynolds charts the bizarre goings on that intersected the spiritual social and martial fixations of early twentieth century Ireland based around a small town and a boy with visions

The Old Rugged Cross Ben Pugh,2016-10-10 A lot has been said about the atonement theology of the theologians but what of ordinary believers and their church leaders What if anything have they done with penal substitution or with Christus Victor How if at all have these doctrinal approaches helped ordinary Christians to live more devoted lives or lead good church services Ben Pugh takes the temperature of the church at various points in its history right up to the present day noting particular emphases that can be detected in various expressions of personal and corporate faith whether these be hymns sermons magazines or devotional texts The book aims not only to describe what the implied atonement theologies of the church have in reality been but also to explore why these have taken the forms that they have This exploration will shed some fresh light on current debates building on the findings of the author's earlier work *Atonement Theories A Way through the Maze*

The Spirit of Creation Amos Yong,2011-05-17 Is a pentecostal charismatic worldview defensible in light of contemporary science In *The Spirit of Creation* Amos Yong demonstrates that pentecostal thought does indeed have merit in scientific contexts What's more he argues that pentecostal charismatic views regarding the dynamic presence and activity of the Spirit of God and the pluralistic cosmology of many spirits have something important to add to the broad discussion now taking place at the crossroads of science and religion Interacting with many scientific fields of study including psychology sociology evolutionary science cosmology and more Yong's *Spirit of Creation* demonstrates the significance of pentecostal ideas to the ongoing dialogue between theology and science
