circling and danger looming someone close to Alyss lets her down and threatens the future of Wonderland forever **The Complete Looking Glass Wars Trilogy: 3 Book Set (the Looking Glass Wars / Seeing Redd / Arch Enemy)** Frank Beddor,2010-10-14 **Hatter M** Ben Templesmith,Frank Beddor,Liz Cavalier,2005 **Hatter M.** Frank Beddor,2008 In a morphed Wonderland the Queen s bodyguard Hatter Madigan undertakes an unscheduled journey through this sinister dystopia to rescue Alyss the lost princess of Wonderland *Alger Hiss* Christina Shelton,2012-04-17 In 1948 former U S State Department official Alger Hiss was accused of being a Soviet spy Because the statute of limitations on espionage had run out he was convicted only of perjury Decades later after the Hiss trial had been long forgotten by most archival evidence surfaced confirming the accusations a public servant with access to classified documents had indeed passed crucial information to the Soviets for more than a decade Yet many on the American Left still consider Hiss an iconic figure an innocent victim accused of unsubstantiated crimes They prefer to focus on the collectivist ideals Hiss stood for rather than confront the reality of a man who systematically and methodically betrayed his country Former U S Intelligence analyst Christina Shelton employs an in depth knowledge of Soviet intelligence affairs as well as recently released Hungarian and KGB archival material to shine a fresh light on one of the most famous espionage cases The story is dramatic but Shelton s analysis goes beyond sensationalism as she explores both the ideological motivation behind Hiss s behavior and the lasting influence it has had on U S foreign policy Why exactly were the intellectual elite so deter mined that Hiss was innocent His accuser Time magazine senior editor Whittaker Chambers originally Hiss s Soviet handler presented compelling written evidence However the intelligentsia were intent on supporting one of their own They ignored the facts a willful blindness that helped contribute to a polarization still in place in our country today Thirty years of intelligence analysis gives Shelton the expertise to approach the story from many different angles especially Her persuasive argument that Communism and Fascism are not polar opposites as has so long been claimed but highly similar ideologies How Hiss s central role at the Yalta Conference and the founding of the United Nations are examples of the significance of Soviet intelligence recruitment of high level Americans who could influence U S foreign policy in their favor Why the silence surrounding the implications of Hiss s espionage continues and why apologists fear that smearing his name would undercut New Deal policies and the United Nations Shelton doesn t just detail the body of evidence pointing to Hiss s guilt she suggests new layers of meaning in light of the current political landscape Today the importance of understanding Hiss s ideological commitment has never been more vital His advocacy of collectivism and internationalism still resonate among the political elite making this book an important and timely analysis of American thought at this critical juncture in our country s life **Looking-Glass Wars** Alan Burton,2018 **The Safety of the Kingdom** J. Michael Martinez,2015-08-25 The horrendous events of September 11 2001 heightened awareness of terrorism unlike all but a handful of major catastrophes in American history Like the Japanese attack on Pearl Harbor on December 7 1941 and President Kennedy s assassination on November 22 1963 9 11 is a date

forever enshrined in our national memory But 9 11 once again raised the question What should government do to eliminate or reduce the likelihood of a future attack How should national leadership balance its responsibility to protect the civil liberties of U S citizens with its sworn duty to protect their lives In *The Safety of the Kingdom* J Michael Martinez takes up the question of how the United States government has responded to terrorist attacks and in the absence of an attack the fear of foreign and subversive elements that may harm the nation In some cases the government overreaction led to a series of abuses that amplified the severity of the original threat Rather than selecting every instance of government reaction to threats Martinez examines representative cases from the alien and sedition acts in the eighteenth century to the post 9 11 war on terror Edward Snowden s disclosure of classified information related to the NSA s surveillance program brought to the fore an important debate about government scrutiny of its citizens As J Michael Martinez makes clear in this book it is a debate that has been ongoing for centuries Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home
