inspiring story about some things we're going to lose and other things we must never lose Lee Child author of the Jack Reacher series Roz Dineen's *Briefly Very Beautiful* is a spellbinding dystopian novel about the lengths one will go to for their children in a world teetering on the edge of apocalypse In a land destabilized by unsafe air wildfires floods viruses supply shortages and homegrown terror Cass is raising three small children by herself in the city Her husband Nathaniel has gone all too willingly to serve as a medic in an overseas war His absence and Cass's isolation has brought her into an exhausted but harmonious rhythm with the children while it's a frightening time there is also a surprising quiet tenderness in living on the edge of societal collapse When things start to feel more dangerous in the city Cass evacuates with the children to her mother-in-law's house deep in the countryside Initially it's a place of safety but her mother-in-law's erratic behavior and increasing grip over the children worries Cass and so they flee again to a commune on the coast It's an idyllic place but Cass comes to suspect this seemingly harmonious community has a dark underbelly *Briefly Very Beautiful* is a magnetic novel about love and resilience Against a wider backdrop of a world imploding it is an exploration of hope and fear beauty and joy as well as seismic betrayal Roz Dineen's lush prose combines with epic and precise world building to create a society that feels at once unrecognizable but deeply chillingly familiar The result is a compelling portrait of what it is to parent through apocalypse
