Looking At Women:

Ladies, Please! José Covaco, 2014-07-11 Try as you may you won't get the answer because we're guys and we come from Mars where it's an alien eat alien world. Most of the time we're confused as heck and need a girl to set us straight but all the other times we pretty much know what we want. The same way how we can't figure you out and why you need so many pairs of shoes we too can be hard nuts all puns intended to crack. Girls rule. That's a fact no guy can deny. That said there are a few things about you that drive us crazy and make us go running across continents and enroll into witness protection programmes to get as far away from you as possible. Here's a book that'll help you if not figure us out save you from a few nasty dates and know when to run screaming because at the end of the day boys will be boys. **Daily Life of Women in Postwar America** Nancy Hendricks, 2021-02-15 From Beatniks to Sputnik and from Princess Grace to Peyton Place this book illuminates the female half of the US population as they entered a brave new world that revolutionized women's lives. Scholars from a wide range of disciplines investigate private and public meanings associated with female head hair problematising our assumptions about its role and implications in the 21st Century. Readers are invited to reflect on the use of hair in popular culture such as children's television and pop album artwork as well as in work by women artists. Studies examine the lived experiences of women from a range of backgrounds and histories including curly haired women in Israel African American women and lesbians in France. Other essays interrogate the connotations of women's head hair in relation to body image religion and aging. *Feminist Interrogations of Women's Head Hair* brings together cultural discourses and the lived experiences of women across time and place to reveal the complex and ever evolving significance of hair.
