Looking Down Dark Holes And Climbing Mountains:

Looking Down Dark Holes and Climbing Mountains Thomas Weinberg, 1979 **The Native American Story Book Volume Five Stories of the American Indians for Children** G.W. Mullins, 2018-02-06 Native Americans did not write down or record their history so we have to find out about their past in other ways They used games myths dance and impersonation to teach the children of their history and ways of life Their storytelling was filled with family heritage and stories of the earth It is through storytelling that the rich history of the Native American tribes is alive and well today It has been shared and preserved and still pays tribute to fallen heroes of the past It is through these glimpses into the past and these stories much like the ones that are contained in this book that you can see what a proud heritage they possess and how in tune with the Earth Native Americans really are Included in this collection are The Story of the Land of Northern Lights The Legend of the Bear Family The Origin of Summer and Winter The Story of the Buffalo painted Lodges The Story of the Camp of the Ghosts Creation of the First Indians The Story of the Little Burnt Face Origin of the Sweat Lodge Rabbit and the Moon Man Ghost of the White Deer Unktomi and the Arrowheads The Story of the First Pine Trees Raven and His Grandmother The Story of the Snow Man The Origin of Medicine and many more [Walking With Spirits Volume 3 Native American Myths, Legends, And Folklore](#) G.W. Palmer, 2018-02-27 No one knows how old the charming legends in this unusual book really are By word of mouth they have been handed down from generation to generation among the Pahute Indians one of the most ancient and primitive tribes on this continent who settled centuries ago in what is now the state of Utah In the main the legends tell of the origin of all living things which to the Indian includes the trees the flowers and grass the wind the water the moving clouds that suddenly darken into storm over the mountains as well as man and the animals of this earth They also tell why living things behave as they do Here for example is the Pahute version of why the sun rises cautiously why the coyote looks up when he howls how the beaver lost the hair on his tail how the flowers got their colors and of many more interesting phenomena In language of great beauty and simplicity the stories explain how the Pahute gods Tobats and his younger brother Shinob created the earth and ruled all its inhabitants The author William R Palmer who was taken into the tribe as a token of gratitude for his work in securing better living conditions for the dwindling number of Pahutes in Utah today listened to the legends as they are still related around Pahute campfires At last and only after his Indian brothers were certain he would not misinterpret them he obtained their permission to translate the stories into English and so to make a book of them Here then is a rare collection in which young and old alike are sure to find hours of enjoyment This book makes a significant contribution to that all too scant segment of our literature the folk tales of the first Americans For this and other historical

contributions Dr Palmer was given the highest recognition of an honorary doctorate degree by Utah State University
