evoke deep nostalgic sentiments While the insightful analysis of images its mechanics and intent will provoke critical thinking Together this combination makes Dem Haoles a unique and rewarding experience that will both invalidate old perceptions about Hawaii and ruin the simple pleasure of mindless entertainment Billboard ,2009-10-03 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends Billboard ,2009-10-03 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends

What is the Point of Being a Christian? Timothy Radcliffe,2013-01-17 WINNER OF THE MICHAEL RAMSEY PRIZE FOR THE BEST IN THEOLOGICAL WRITING Winner of the Michael Ramsey prize for the best in theological writing Cardinal Timothy Radcliffe is in demand the world over with Bishops priests lay people and above all young people This new book is his response What is the Point of being a Christian One is pointed to God who is the point of everything If one thinks of religion as just useful then one has reduced it to another consumer product But if we are pointed to God then this should make a difference to how we live This is not a moral superiority Christians are usually no better than anyone else But the lives of Christians should be marked by some form of hope freedom happiness and courage If they are not then why should anyone believe a word they say In this new book Cardinal Radcliffe is at his best writing with a prophetic edge His argument for Christian belief is profoundly Catholic and profoundly human But what is just as remarkable Radcliffe s argument for and interpretation of Christian Gospel is couched in a deep understanding of human nature and the problems and anxieties of modern men and women Radcliffe is far distant from the theologian s ivory tower and yet his understanding of the Gospel is profoundly theological The frame of reference for this book is wide and it is based amongst other things on Fr Radcliffe s pastoral experience of dealing with people with problematic marriages those struggling with celibacy those trying to understand the nature of religious authority and those trying to remain loyal to the Church which finds their sexual orientation irregular

Taking a Hard Look Amanda du Preez,2009-05-27 It is the aim of this edited volume to take a hard look at gender and visual culture Gender and visual culture traverse in quite unique and often fascinating ways On the one hand gender functions as an interdisciplinary approach and critical tool to analyse and investigate several subject fields As such gender contributes to establishing a much needed theoretical and functional platform spanning across many fields of enquiry from where gender practices can effectively be critiqued and ideally changed On the other hand the growing popularity and ubiquity of visual culture in a global context create the increasing need to reflect on and interrogate this phenomenon in an academic manner Although Visual Culture Studies is an established subject at many Northern institutions it is fairly new and relatively under theorised in the South In response to the growing need to investigate issues dealing with gender and visual culture and particularly how they creatively intersect this selection of chapters first presented as papers at the Taking a Hard Look Gender and Visual Culture international conference 20 21 June 2007 Institute for Gender and Women s Studies University of Pretoria South Africa are collected here in the hope to make a purposeful contribution to the burgeoning discourse However by addressing the creative intersection between gender and visual culture this edited volume is no novelty In fact the topic of gender and visual culture has been addressed over the past decade in several edited volumes It is in this proud tradition that this book aims to take its place and to create a dialogue with international theory on gender and visual culture studies from a South perspective Key questions that are explored in the volume What type of gendered visual culture is being presented and created in the South particularly but not exclusively How is visual culture gendered Can one refer to a move beyond gender in terms of a trans gendered visual culture or are we still caught up in the same debilitating role models How does one address the ever increasing alienation between gender studies and the younger generation of students and scholars moving into higher education What is the role of gender as interdisciplinary tool in the academic analysis of visual culture as it spans across several subjects such as science social work technology psychology medicine philosophy sociology engineering communication economics religious studies business management anthropology
