Line Tender is a story of nature s enduring mystery and a girl determined to find meaning and connection within it Wherever the sharks led Lucy Everhart s marine biologist mother was sure to follow In fact she was on a boat far off the coast of Massachusetts collecting shark data when she died suddenly Lucy was seven Since then Lucy and her father have kept their heads above water thanks in large part to a few close friends and neighbors But June of her twelfth summer brings more than the end of school and a heat wave to sleepy Rockport On one steamy day the tide brings a great white and then another tragedy cutting short a friendship everyone insists was meaningful but no one can tell Lucy what it all meant To survive the fresh wave of grief Lucy must grab the line that connects her depressed father a stubborn fisherman and a curious old widower to her mother s unfinished research on the Great White s return to Cape Cod If Lucy can find a way to help this unlikely quartet follow the sharks her mother loved she ll finally be able to look beyond what she s lost and toward what s left to be discovered Confidently voiced Kirkus Reviews starred Richly layered Publishers Weekly starred A hopeful path forward Booklist starred Life affirming BCCB starred Big hearted Bookpage starred Will appeal to just about everyone SLC starred Exquisitely beautifully real Shelf Awareness starred

Postcards from the Road Jonathan Day,2014-05-01 Walker Evans said in his 1958

introduction to Robert Frank s *The Americans* For the thousandth time it must be said that pictures speak for themselves wordlessly visually or they fail The images revolutionized post war American photography With their candid images of men and women from all classes and walks of life the photographs presented a very different story than that portrayed by the wholesome caricature of midcentury prosperity pervading American photography at the time Although initially dismissed by his peers for his pioneering work Frank was ultimately credited with changing the course of the art form and his photography holds a secure status in the history of twentieth century art And he did all this without words It seems appropriate then and not a little overdue that Jonathan Day has created a book that expounds explores and examines Frank s work pictorially Taking Frank s iconic images as his point of reference Day shot new photographs that commented on the road and contemporary America Here these images are paired with critical commentary that details the aspects of the work that are visually expounded and explained in Day s complementary images A visual entryway to the photographs and themes of this iconic book in the history of photography *Postcards from the Road* represents an innovative carefully considered departure from standard photographic textbooks *Aeronautics and Space Flight Collections* Catherine D.
