Perriman,2009 Anna Pavlova's revolutionary debut in 1910 at the Metropolitan Opera House captivated the nation and introduced Americans to the charms of modern ballet Willa Cather was among the first intellectuals to recognize that dance had suddenly been elevated into a new art form and she quickly trained herself to become one of the leading balletomanes of her era Willa Cather and the Dance A Most Satisfying Elegance traces the writer's dance education starting with the ten page explication she wrote in 1913 for McClure's magazine called Training for the Ballet Cather's interest was sustained through her entire canon as she utilized characters scenes and images from almost all of the important dance productions that played in New York *Musical Magazine and Musical Courier* ,1907 **International Theatre Directory** Leo Bryan Pride,1973 **Content Generation Through Narrative Communication and Simulation** Ogata, Takashi,Asakawa, Shin,2018-03-09 From literature and film to advertisements storytelling is an important aspect of daily life To create an impactful story it is important to analyze the creation and generation of a storyline Content Generation Through

Narrative Communication and Simulation is a critical research publication that explores story and the application of story in various forms of media as well as the challenges of automated story. Featuring coverage on a wide range of topics such as narrative or story generation systems, the film and movie narrative generation and narrative evaluation, this book is geared toward researchers, students and professionals seeking current and relevant research on the influence and creation of story in media.

Monte Carlo and Quasi-Monte Carlo Methods Bruno Tuffin, Pierre L'Ecuyer, 2020-05-01 This book presents the refereed proceedings of the 13th International Conference on Monte Carlo and Quasi Monte Carlo Methods in Scientific Computing that was held at the University of Rennes France and organized by Inria in July 2018. These biennial conferences are major events for Monte Carlo and quasi Monte Carlo researchers. The proceedings include articles based on invited lectures as well as carefully selected contributed papers on all theoretical aspects and applications of Monte Carlo and quasi Monte Carlo methods. Offering information on the latest developments in these very active areas, this book is an excellent reference resource for theoreticians and practitioners interested in solving high dimensional computational problems arising in particular in finance, statistics and computer graphics.

Internal and External Narrative Generation Based on Post-Narratology: Emerging Research and Opportunities Ogata, Takashi, 2020-01-03 Narrative generation can be applied to systematic frameworks that cover theoretical and philosophical thoughts of narratives and narrative generation, analytical research of related narrative genres and narrative works, and narrative works writing and creation using narrative generation systems. The design and development of narrative generation systems refers to the themes regarding narrative work creation as arts and literature through narrative generation systems, beyond narrative generation systems as a technology. Internal and External Narrative Generation Based on Post Narratology: Emerging Research and Opportunities is an essential scholarly publication that explores the creation of narrative systems using practical frameworks and advanced narrative analysis. Highlighting a range of topics such as marketing, synthetic narrative and application systems, this book is ideal for academicians, information technology professionals, designers, developers, researchers and students.
