from defending the genre to discussing its values and complexity as a literary art Maryan Wherry *Journal of Popular Romance Studies*

might later need relief from settling in the town Based upon uniquely full records this study traces 600 people who received help and explores the social religious and economic considerations that made more prosperous people willing to run and pay for this system Relevant to contemporary debates over assistance to the poor the book provides a compelling picture of a network of care and control that resulted in the integration of public and private forms of aid     Major Chancellor's Mission
