The Enemy Within Gilbert D. Chaitin, 2009 In *The Enemy Within* Gilbert D Chaitin deepens our understanding of the nature and sources of culture wars during the French Third Republic The psychological trauma caused by the Ferry educational reform laws of 1880 1882 which strove to create a new national identity based on secular morality rather than God given commandments pitted Catholics against proponents of lay education and gave rise to novels by Bourget Barr s A France and Zola By deploying Lacanian concepts to understand the erotics of politics revealed in these novels Chaitin examines the formation of national identity offering a new intellectual history of the period and shedding light on the intimate relations among literature education philosophy morality and political order The mechanisms described in *The Enemy Within* provide fresh insight into the affective structure of culture wars not only in the French Third Republic but elsewhere in the world today

Memoirs of a

French Napoleonic Officer Jean-Baptiste Barres, 2017-02-28 These lively memoirs date from the time of Barres entry into the Chasseurs Velites skirmishers or light infantry of Napoleons Imperial Guard in 1804 Always modest in recounting his own exploits Barres was not only at the cannons mouth but also a participant at such spectacular events as the Coronation of the Emperor Napoleon in Paris and Rome the torch light procession on the eve of Austerlitz the meeting of the two Emperors at Tilsit and the magnificent military display in the Champ de Mars His duties involved mounting guard at Malmaison and the palace of Saint Cloud and also allowed him many fascinating glimpses of the Emperor at reviews presenting awards and receiving trophies This is a superb record of a serving soldier making light of danger sharing with the reader the fatigues and privations that attended so much campaigning in appalling weather and hostile country and rejoicing as much in the outcome of a successful foraging expedition as his promotions and appointment as Chevalier de la Lgion dhonneur *The Boulanger Affair Reconsidered* William D. Irvine, 1989 Recent scholarship on General Boulanger s bid for power in France s Third Republic has focused on the combination of socialism and national chauvinism in the movement supporting his campaign seeing in this alliance the left wing origins of 20th century fascism In this groundbreaking study based on archival materials only recently made available to scholars Irvine challenges that analysis arguing that royalist and conservative supporters provided the crucial financial and electoral backing to the Boulanger movement La Tradition , 1901 **The Building Limestones of France** D. B. Honeyborne, 1982 Deals with the identification of French limestones and the terms used to describe them This publication also provides an assessment of their durability and their behaviour when exposed in the UK *Figures françaises, critique et documents* Ernest Gaubert, 1910
