Los Gramscianos Argentinos Cultura Y Política En La Experiencia De Pasado Y Presente:

Revista de Ciencia Política. Espacios, **Los Gramscianos argentinos** Raúl Burgos, 2004 El libro que presentamos al lector pretende contribuir a llenar un cierto vacío en la literatura sobre las ideas políticas en la Argentina Partiendo del estudio de las vicisitudes de la difusión del pensamiento de Antonio Gramsci y de los cruzamientos políticos entre las interpretaciones que tales ideas inspiraron aborda una experiencia seminal de la nueva izquierda la empresa cultural y política del grupo de intelectuales encabezado por José María Pancho Aric surgida en Córdoba en 1963 con la publicación de la revista Pasado y Presente A partir de su expulsión del partido comunista como consecuencia de esa publicación y otras desavenencias políticas e ideológicas el libro focaliza el tipo de intervención política y el tipo de proyecto transformador construido por Pasado y Presente en un itinerario que pasa por el fugaz encuentro con la guerrilla del EGP Ejercito Guerrillero del Pueblo en 1964 por la aproximación con el mundo obrero cordobés entre 1965 y 1966 por la publicación a partir de 1968 de los Cuadernos de Pasado y Presente que promovieron una renovación del pensamiento marxista latinoamericano por la participación en 1971 en la fundación de la editorial Siglo XXI Argentina Editores S A por la aproximación política a la organización armada Montoneros en 1973 por el exilio en México y la difusión de las ideas de Gramsci y de Mariátegui a nivel continental y finalmente por su participación en la transición democrática en la década del 80 en una relación próxima con el Presidente Raúl Alfonsín y en la definición y fundamentación del campo de una nueva izquierda democrática en la Argentina

In Search of the Lost Decade Jennifer Adair, 2019-12-03 In 1983 following a military dictatorship that left thousands dead and disappeared and the economy in ruins Raúl Alfonsín was elected president of Argentina on the strength of his pledge to prosecute the armed forces for their crimes and restore a measure of material well being to Argentine lives Food housing and full employment became the litmus tests of the new democracy In Search of the Lost Decade reconsiders Argentina's transition to democracy by examining the everyday meanings of rights and the lived experience of democratic return far beyond the ballot box and corridors of power Beginning with promises to eliminate hunger and ending with food shortages and burning supermarkets Jennifer Adair provides an in depth account of the Alfonsín government's unfulfilled projects to ensure basic needs against the backdrop of a looming neoliberal world order As it moves from the presidential palace to the streets this original book offers a compelling reinterpretation of post dictatorship Argentina and Latin America's so called lost decade

The Age of Youth in Argentina Valeria Manzano, 2014 Age of Youth in Argentina Culture Politics and Sexuality from Peron to Videla

Gramsci's Critique of Civil Society Marco Fonseca, 2016-03-31 Antonio Gramsci was an Italian Marxist thinker whose radical ideas on how to build an alternative world from below remain vigorously relevant today Gramsci's philosophy of praxis critically dissects the institutions of modern liberal democracy to reveal what is perhaps its deepest secret it is the most successful political system in modernity at preserving an objective condition of domination while transforming it into a subjective conviction of freedom Based on a careful reading of Gramsci's The Prison

Notebooks Marco Fonseca shows hegemony as more than leadership of elites over subaltern majorities based on consent Following Gramsci's critique of citizenship civil society and democracy including the current project of neoliberal democracy promotion particularly in the Global South he discloses a hidden process of hegemony that generates the preconditions for consent and thus successful domination As the struggles from Zapatismo to Chavismo and from the Arab Springs to Spain's Podemos show liberation is not possible without counter hegemony This book will be of interest to activist scholars engaged in the study of Marxism Gramsci political philosophy and contemporary debates about the renewal of Marxist thought and the relevance of revolution and Communism for the twenty first century *Accumulation and Subjectivity* Karen

Benezra,2022-03-01 Since the 1970s sociocultural analysis in Latin American studies has been marked by a turn away from problems of political economy *Accumulation and Subjectivity* challenges this turn while reconceptualizing the relationship between political economy and the life of the subject The fourteen essays in this volume show that in order to understand the dynamics governing the extraction of wealth under contemporary capitalism we also need to consider the collective subjects implied in this operation at an institutional juridical moral and psychic level More than merely setting the scene for social and political struggle *Accumulation and Subjectivity* reveals Latin America to be a cauldron for thought for a critique of political economy and radical political change beyond its borders Combining reflections on political philosophy intellectual history narrative law and film from the colonial period to the present it provides a new conceptual vocabulary rooted in the material specificity of the region and for this very reason potentially translatable to other historical contexts This collection will be of interest to scholars of Marxism Latin American literary and cultural studies and the intellectual history of the left

Marx and Freud in Latin America Bruno Bosteels,2012-08-21 This book assesses the untimely relevance of Marx and Freud for Latin America thinkers alien to the region who became an inspiration to its beleaguered activists intellectuals writers and artists during times of political and cultural oppression Bruno Bosteels presents ten case studies arguing that art and literature the novel poetry theatre film more than any militant tract or theoretical essay can give us a glimpse into Marxism and psychoanalysis not so much as sciences of history or of the unconscious respectively but rather as two intricately related modes of understanding the formation of subjectivity *A Century of Revolution* Gilbert M. Joseph,Greg

Grandin,2010-10-21 A collection exploring the ideological hardening and accelerated polarization that marked twentieth century Latin America and its epochal cycles of revolutionary and counterrevolutionary violence 'Punto de Vista' and the Argentine Intellectual Left Sofia Mercader,2021-09-20 This book is the first comprehensive account of the Argentine magazine *Punto de Vista* 1978-2008 a cultural review that gathered together prominent Argentine intellectuals throughout the last quarter of the twentieth century Directed by cultural historian and public intellectual Beatriz Sarlo the story of the magazine serves as a lens to study the evolution of Argentine intellectuals from the leftist mobilization of the 1960s through periods of military dictatorship and then the shifting politics of democratization in the 1980s and 1990s The book argues that

the way in which the Argentine intellectual left negotiated the political and cultural transformations of the late twentieth century can be understood as the history of two political defeats that of the revolutionary utopias of the 1960s and 1970s and that of the social democrat project in the 1980s By adopting an interdisciplinary approach this book encompasses a wide range of debates taking place in Argentina from the years prior to the dictatorship to the postdictatorship period
