Loss Of Innocents:

Missing Bodies Monica Casper, Lisa Jean Moore, 2009-07 We know more about the physical body how it begins how it responds to illness even how it decomposes than ever before Yet not all bodies are created equal some bodies clearly count more than others and some bodies are not recognized at all In *Missing Bodies* Monica J Casper and Lisa Jean Moore explore the surveillance manipulations erasures and visibility of the body in the twenty first century The authors examine bodies both actual and symbolic in a variety of arenas pornography fashion sports medicine photography cinema sex work labor migration medical tourism and war This new politics of visibility can lead to the overexposure of some bodies Lance Armstrong Jessica Lynch and to the near invisibility of others dead Iraqi civilians illegal immigrants the victims of HIV AIDS and natural disasters *Missing Bodies* presents a call for a new engaged way of seeing and recovering bodies in a world that routinely often strategically obscures or erases them It poses difficult even startling questions Why did it take so long for the United States media to begin telling stories about the falling bodies of 9 11 Why has the United States government refused to allow photographs or filming of flag draped coffins carrying the bodies of soldiers who are dying in Iraq Why are the bodies of girls and women so relentlessly sexualized By examining the cultural politics at work in such disappearances and inclusions of the physical body the authors show how the social medical and economic consequences of visibility can reward or undermine privilege in society *A Loss of Innocence* Ari Franklins, 2007-05 A parable on the human need for conflict

The Mystery of the Holy Innocents and Other Poems Charles Peguy, 2018-02-28 CHARLES P GUY is the only poet of consequence during the last fifty years in France whose work has failed to arouse the smallest critical interest in this country Compared with Claudel or Valéry to mention two of his contemporaries he has simply fallen flat It almost seems as though the term poetry were out of place or as though and this is perhaps nearer the truth the conception of poetry his work implied placed it outside the pale of contemporary criticism There seems to be nothing for criticism to get its teeth into Everything is plain sailing There is no shell to crack no secret to explore no difficulty of language no impenetrable thought no interplay of images to be unraveled In whatever direction the critic looks whether at the technique the ideas the images of the psychological sphere there is nothing to be done or at any rate nothing worth doing From the Introduction **The**

Transformations of Tragedy Fionnuala O'Neill Tonning, Erik Tonning, Jolyon Mitchell, 2019-11-26 *The Transformations of Tragedy* Christian Influences from Early Modern to Modern explores the influence of Christian theology and culture upon the development of post classical Western tragedy The volume is divided into three parts early modern modern and contemporary This series of essays by established and emergent scholars offers a sustained study of Christianity's creative influence upon experimental forms of Western tragic drama Both early modern and modern tragedy emerged within periods of remarkable upheaval in Church history yet Christianity's diverse influence upon tragedy has too often been either ignored or denounced by major tragic theorists This book contends instead that the history of tragedy cannot be sufficiently theorised

without fully registering the impact of Christianity in transition towards modernity **From the Eye of the Storm**
,2022-07-04 From the Eye of the Storm Regional Conflicts and the Philosophy of Peace presents to the reader a cross section of an emerging field of study the philosophy of peace The editors bring together articles that explore the philosophic implications of many recent regional conflicts Reflecting the diversity and vitality and any new field of study this volume contains five sections Conceptual Foundations America s Homefront Desert Storm Assessments Jihad Intifada and Other Mideast Concerns and Latin American Issues The topics of the articles include war militarism patriotism nationalism nonviolence conscientious objection feminist peace the media the ethics of the Gulf War the Israeli Palestinian conflict Islamic pacifism and Latin American resistance A concluding postscript assesses prospects for achieving peace and change within our fast changing international scene This volume has an extensive bibliography of writings concerning peace and conflict and is suited to professional and student audiences **Lost Innocents and the Loss of Innocence** Crispin Bates,1998 **Social and Political Philosophy** James P. Sterba,2002-11-01 Social and Political Philosophy introduces some of the most important topics in contemporary political philosophy and questions whether these can be accommodated within the framework of liberal theory It consists of specially written essays by prominent figures in social and political philosophy Each essay carefully considers both the theoretical and practical problems of a major topic Traditional perspectives are balanced with new challenges Topics include Moral Methodology Libertarianism Socialism Lesbian and Gay Perspectives Feminism Racial and Multicultural Perspectives Rationality Welfare Liberalism Environmentalism Virtue Ethics and Community Just War Theory and Pacifism Civil Disobedience **A Philosophy Of International Law** Fernando Teson,2018-10-08 Why should sovereign states obey international law In this groundbreaking study Fernando Tes n argues that an overlapping respect for human rights has created a moral common ground among the countries of the world It is this common set of values rather than self interest that ultimately provides legitimacy to international law Using the tools of moral philosophy Tes n analyzes the concepts of sovereignty intervention and national interest the contributions of social contact theory game theory and feminist theory and the puzzles of self determination and group rights **Force Short of War in Modern Conflict** Gallioth Jai Gallioth,2019-03-21 Jai Gallioth explores the overarching phenomenon of how force short of war is being used in modern conflict and how it impacts just war theory He shows that we need to bring the rules of war into alignment with increasingly digital means of conducting kinetic warfare through the force short of war paradigm The use of force short of war is now commonplace in large part owing to casualty averseness and the explosion of emerging technologies most notably drones autonomous robotics and cyberwarfare It often involves the selective or limited use of military force to achieve political objectives and assumes many forms These include targeted killing assassination special forces raids limited duration bombing campaigns or missile strikes and low intensity counterterrorism and counterinsurgency operations War and Moral Dissonance Peter A. French,2010-10-18 This collection of essays inspired by the author s

experience teaching ethics to Marine and Navy chaplains during the Iraq War examines the moral and psychological dilemmas posed by war The first section deals directly with Dr Peter A French s teaching experience and the specific challenges posed by teaching applied and theoretical ethics to men and women wrestling with the immediate and personal moral conflicts occasioned by the dissonance of their duties as military officers with their religious convictions The following chapters grew out of philosophical discussions with these chaplains regarding specific ethical issues surrounding the Iraq War including the nature of moral evil forgiveness mercy retributive punishment honour torture responsibility and just war theory This book represents a unique viewpoint on the philosophical problems of war illuminating the devastating toll combat experiences take on both an individual s sense of identity and a society s professed moral code
