Lost Lion Of Empire:

Lost Lion of Empire Edward Paice, 2001 By the age of twenty two Grogan had been elected the youngest ever member of the Alpine Club and was a Matabele War veteran But his prospects were far from certain when he fell in love with a young heiress and was required by her stepfather to prove himself a somebody in order to win her hand Grogan's response was typically unequivocal he announced that he intended to be the first man to complete a south to north traverse of the African continent In 1900 after almost three years of adventure and unimaginable hardship he arrived triumphantly in Cairo thus completing one of the most astonishing feats in the history of the African exploration He became an instant celebrity and returned to London to marry his beloved Gertrude BOOK JACKET

Madness and marginality Will Jackson, 2017-03-01 Based on over two hundred and fifty psychiatric case files this book offers a radical new departure from existing historical accounts of what is still commonly thought of as the most picturesque of Britain's colonies overseas By tracing the life histories of Kenya's white insane the book allows for a new account of settler society one that moves attention away from the great white hunters and heroic pioneer farmers to all those Europeans who did not manage to emulate the colonial ideal In doing so it raises important new questions around deviance transgression and social control Sitting at the intersection of a number of fields the book will appeal to students and teachers of imperial history colonial medicine African history and postcolonial theory and will prove a valuable addition to both undergraduate and postgraduate courses

The Emergence of International Society in the 1920s Daniel Gorman, 2012-08-20 Chronicling the emergence of an international society in the 1920s Daniel Gorman describes how the shock of the First World War gave rise to a broad array of overlapping initiatives in international cooperation Though national rivalries continued to plague world politics ordinary citizens and state officials found common causes in politics religion culture and sport with peers beyond their borders The League of Nations the turn to a less centralized British Empire the beginning of an international ecumenical movement international sporting events and audacious plans for the abolition of war all signaled internationalism's growth State actors played an important role in these developments and were aided by international voluntary organizations church groups and international networks of academics athletes women pacifists and humanitarian activists These international networks became the forerunners of international NGOs and global governance

Singing the Law Peter Leman, 2020 Singing the Law examines the legal dimensions of East African oral cultures as adapted within works of literature It demonstrates how writers draw on oral jurisprudence both to critique the temporal foundations of British colonial law and imagine new forms of time law and justice in the global south

Communications in Africa, 1880-1939 (set) David Sunderland, 2018-10-24 This collection presents rare

documents relating to the development of various forms of communication across Africa by the British as part of their economic investment in Africa Railways and waterways are examined **British Imperialism** Rob Johnson,2017-03-14
