LUKE 18:1

Luke The People Of God

Tom Hale, Steve Thorson

Luke The People Of God:

Luke and the People of God Jacob Jervell, 2002-01-15 In this book Jacob Jervell challenges two widely held theories about Luke that he was a representative of the institutional church and that his writing was directed primarily at Gentile readers. He also presents much valuable insight into the growing pains of the early church especially the relationship of the Jews to the Jewish Christians and the relationship of both these groups to the Gentiles. **Luke and the People of God** Jacob Jervell, 1972 **Luke's People** Thomas J. F. Stanford, 2014-05-27 Luke's People seeks to understand the men and women who met Jesus and the apostles as they are described in the Gospel of Luke and in the Acts of the Apostles in the way that Luke who wrote these works intended. This socio historical literary study seeks to interpret Luke's writings in the light of the time when they were written on the basis that Luke was a skilled writer who wrote what he meant and meant what he wrote. It argues that Luke's depiction of women has been grossly misunderstood and finds that this misunderstanding may be due to a widespread attempt around the end of the first century to impose a patriarchal system of governance upon the church. Luke's People shows that Luke did not share such a patriarchal viewpoint but instead always presents Christian women as autonomous and agentic. It also finds that this patriarchal interpretation both distorts Luke's presentation of the rich and powerful who are shown to receive their authority from the devil and obscures the way in which the love of money corrupts men in his story. *The Theology of the Acts of the Apostles* Jacob Jervell, 1996-05-16 Who are the people of God? Luke's purposes in the Acts of the Apostles are to identify the church to establish the legitimacy of its gospel and to demonstrate that God was an active force in history. He wanted to show that the communities of Jewish and Gentile Christians are the true heirs of God's promises to Israel. He gives the history of the early church from the last decades of the first century as the communities become separated from their Jewish origins and Paul plays the lead role. Acts offers an apologetic for the mixed mission of the church to Jews and Gentiles. Luke was an eyewitness to some of what he reports but his authorship and views have been questioned. This is a theological interpretation of the history of the church within history. Luke is an artist a narrator rather than a systematic theologian but writes about the roles of God Christ and the Holy Spirit and of the church. *The People's New Testament Commentary* M. Eugene Boring, Fred B. Craddock, 2010-01-25 M Eugene Boring and Fred B Craddock present this new one volume commentary on the New Testament. Writing from the fundamental conviction that the New Testament is the people's book Boring and Craddock examine the theological themes and messages of Scripture that speak to the life of discipleship. Their work clarifies matters of history culture geography literature and translation enabling people to listen more carefully to the text. This unique commentary is the perfect resource for clergy and church school teachers who seek a reference tool midway between a study Bible and a multivolume commentary on the Bible. *Luke's Portrait of Gentiles Prior to Their Coming to Faith* Christoph W. Stenschke, 1999 Christoph W Stenschke examines Luke's portrait of the Gentiles state prior to their coming to Christian faith. Following the history of research he commences with

Luke's direct references to the Gentiles prior to faith and then draws conclusions concerning their state from the Gentile encounter with Jesus and Christian salvation. This includes Luke's notes on the condition of Gentiles and on their appropriation of salvation. Finally, conclusions from Luke's portrayal of Gentile Christians are drawn. With his approach, Christoph W. Stenschke challenges some previous contributions to Lukan anthropology. He argues that the main study in the field, J. W. Taeger's *Der Mensch und sein Heil*, does not sufficiently consider all the evidence. By concentrating on the Gentiles in Luke's Act, including Samaritans and God-fearers, the author's thesis covers all the relevant material. Contrary to Taeger, who suggests that Gentiles do not need salvation as much as correction, he discovers that Luke portrays Gentiles prior to faith in a condition requiring God's saving intervention. Thorough correction has to accompany and follow this salvation. Though allowing for distinct Lukan emphases, this portrait is not essentially at odds with that of other NT authors. These results further show that the Areopagus speech needs to and can be satisfactorily interpreted in its context and in conjunction with similar statements. The author further argues that Luke's narrative sections and the characterization they present should no longer be neglected in favour of the speeches. Luke's portrayal of Gentiles prior to faith also bears on his understanding of sin and provides additional justification for the Gentile mission. Christoph W. Stenschke challenges proposals of Luke's alleged anti-Judaism and provides some hitherto little noticed correctives.
