

Law of the Law

The earlier counties are represented here, twenty-four of which were organized in 1810. After 1810 all but two counties were indicated as new or new counties were organized. This map was compiled and revised on some in 1810. Given and is found in the Historical Map Collection of the State General Land Office. The original manuscript is in the collection of the State General Land Office.

Lure Of The Land Texas County Maps And The History Of Settlement

Buddy Almy

Lure Of The Land Texas County Maps And The History Of Settlement:

Lure of the Land Joe Bertram Frantz, Mike Cox, Roger A. Griffin, 1988 Given by Clint and Judy Phillips Dividing the Land Edward T. Price, 1995-04-15 Many property lines drawn in early America still survive today and continue to shape the landscape and character of the United States Surprisingly though no one until now has thoroughly examined the process by which land was divided into private property and distributed to settlers from the beginning of colonization to early nationhood In this unprecedented study Edward T Price covers most areas of the United States in which the initial division of land was controlled by colonial governments the original thirteen colonies and Maine Vermont Kentucky West Virginia Tennessee Louisiana and Texas By examining different land policies and the irregular pattern of property that resulted from them Price chronicles the many ways colonies managed land to promote settlement develop agriculture defend frontiers and attract investment His analysis reveals as much about land planning techniques carried to America from Europe as innovations spurred by the unique circumstances of the new world Price s analysis draws on his thorough survey of property records from the first land plans in Virginia in 1607 to empresario grants in Texas in the 1820s This breadth of data allows him to identify regional differences in allocating land assess the impact of land planning by historical figures like William Penn of Pennsylvania and Lord Baltimore of Maryland and trace changes in patterns of land division and ownership through transfers of power among Britain the Netherlands France Spain Mexico and the Republic of Texas **Writing the Story of Texas** Patrick L. Cox, Kenneth E. Hendrickson, Jr., 2013-03-01 The history of the Lone Star state is a narrative dominated by larger than life personalities and often contentious legends presenting interesting challenges for historians Perhaps for this reason Texas has produced a cadre of revered historians who have had a significant impact on the preservation some would argue creation of our state s past An anthology of biographical essays Writing the Story of Texas pays tribute to the scholars who shaped our understanding of Texas s past and ultimately the Texan identity Edited by esteemed historians Patrick Cox and Kenneth Hendrickson this collection includes insightful cross generational examinations of pivotal individuals who interpreted our history On these pages the contributors chart the progression from Eugene C Barker s groundbreaking research to his public confrontations with Texas political leaders and his fellow historians They look at Walter Prescott Webb s fundamental innovative vision as a promoter of the past and Ruthe Winegarten s efforts to shine the spotlight on minorities and women who made history across the state Other essayists explore Llerena Friend delving into an ambitious study of Sam Houston Charles Ramsdell courageously addressing delicate issues such as racism and launching his controversial examination of Reconstruction in Texas Robert Cotner an Ohio born product of the Ivy League bringing a fresh perspective to the field and Robert Maxwell engaged in early work in environmental history **Texas by Terán** Manuel de Mier y Terán, Jack Jackson, Scooter Cheatham, Lynn Marshall, 2000 This book contains the full text of Teran s diary which has never before been published edited and annotated by Jack Jackson and translated into English by John Wheat Also included are

letters Teran wrote during his inspection observations by other members of the expedition and brief accounts by several foreign travelers who visited Texas at this time The editor s introduction and epilogue place the diary in historical context revealing the significant role that Teran played in setting Mexican policy for Texas between 1828 and 1832 Jacket **Texas by Terán** General Mier,2010-01-01 An extremely valuable original source on Texas history that heretofore has not been available to scholars or the reading public Donald E Chipman Professor of History University of North Texas Texas was already slipping from the grasp of Mexico when Manuel Mier y Ter n made his tour of inspection in 1828 American settlers were pouring across the vaguely defined border between Mexico s northernmost province and the United States along with a host of Indian nations driven off their lands by American expansionism Ter n s mission was to assess the political situation in Texas while establishing its boundary with the United States Highly qualified for these tasks as a soldier scientist and intellectual he wrote perhaps the most perceptive account of Texas people politics natural resources and future prospects during the critical decade of the 1820s This book contains the full text of Ter n s diary which has never before been published edited and annotated by Jack Jackson and translated into English by John Wheat The introduction and epilogue place the diary in historical context revealing the significant role that Ter n played in setting Mexican policy for Texas between 1828 and 1832 Texas Land Grants, 1750-1900 John Martin Davis, Jr.,2016-09-02 The Texas land grants were one of the largest public land distributions in American history Induced by titles and estates Spanish adventurers ventured into the frontier followed by traders and artisans West Texas was described as Great Space of Land Unknown and Spanish sovereigns wanted to fill that void Gaining independence from Spain Mexico launched a land grant program with contractors who recruited emigrants After the Texas Revolution in 1835 a system of Castilian edicts and English common law came into use Lacking hard currency land became the coin of the realm and the Republic gave generous grants to loyal first families and veterans Through multiple homestead programs more than 200 million acres had been deeded by the end of the 19th century The author has relied on close examination of special acts charters and litigation including many previously overlooked documents *Texas Takes Shape* Mark Lambert,James Harkins,Brian A. Stauffer,Patrick Walsh,2025-07-01 A comprehensive volume on historical mapping in Texas The Texas General Land Office s map collection contains over 45 000 maps some dating from the sixteenth century making it one of the most important cartographic archives in Texas As products and agents of history drawn by cartographers with motives and means as diverse as the places they document maps provide a unique perspective on geopolitical cultural and economic processes The maps of the GLO offer key insights into Texas s sprawling history They speak to issues of changing borders social and political upheaval and questions of sovereignty and power Texas Takes Shape offers an illuminating selection from the GLO archive over one hundred maps that tell and sometimes obscure the stories of European colonization Spanish and Mexican rule the Republic of Texas and the modern US state There are maps here of every scale from the hemispheric visions of European explorers to individual survey plats

Accompanying essays offer fascinating lessons on topics ranging from Indigenous cartography to military and railroad mapmaking and frontier surveys Artful and informative Texas Takes Shape examines a unique place through the eyes and imaginations of those who sought to govern it profit from it understand it and call it home

Soil Survey of Madison County, Texas Conrad Neitsch,1994 Almy's Observations Over 50+ Years as a Realtor Buddy Almy, **Red Book, 3rd edition** Alice Eichholz,2004-01-01 No scholarly reference library is complete without a copy of Ancestry s Red Book In it you will find both general and specific information essential to researchers of American records This revised 3rd edition provides updated county and town listings within the same overall state by state organization Whether you are looking for your ancestors in the northeastern states the South the West or somewhere in the middle Ancestry s Red Book has information on records and holdings for every county in the United States as well as excellent maps from renowned mapmaker William Dollarhide In short the Red Book is simply the book that no genealogist can afford not to have The availability of census records such as federal state and territorial census reports is covered in detail Unlike the federal census state and territorial census were taken at different times and different questions were asked Vital records are also discussed including when and where they were kept and how

Tejano South Texas Daniel D. Arreola,2010-01-01 On the plains between the San Antonio River and the Rio Grande lies the heartland of what is perhaps the largest ethnic region in the United States Tejano South Texas In this cultural geography Daniel Arreola charts the many ways in which Texans of Mexican ancestry have established a cultural province in this Texas Mexico borderland that is unlike any other Mexican American region Arreola begins by delineating South Texas as an environmental and cultural region He then explores who the Tejanos are where in Mexico they originated and how and where they settled historically in South Texas Moving into the present he examines many factors that make Tejano South Texas distinctive from other Mexican American regions the physical spaces of ranchos plazas barrios and colonias the cultural life of the small towns and the cities of San Antonio and Laredo and the foods public celebrations and political attitudes that characterize the region Arreola s findings thus offer a new appreciation for the great cultural diversity that exists within the Mexican American borderlands

Mythic Galveston Susan Wiley Hardwick,2002 In *Mythic Galveston Reinventing America s Third Coast* Susan Wiley Hardwick examines Galveston s rapid rise and the myth created by immigrants and boosters of an abundant island with a highly temperate even tropical climate ideal for settlement Hardwick s historical analysis focuses on immigrant settlement patterns and the important contributions to Galveston s evolving sense of place made by diverse ethnic and racial groups

BOOK JACKET The Courthouse Square in Texas Robert E. Veselka,2010-07-05 With its dignified courthouse set among shade trees and lawns dotted with monuments to prominent citizens and fallen veterans the courthouse square remains the civic center in a majority of the county seats of Texas Yet the squares themselves vary in form and layout reflecting the different town planning traditions that settlers brought from Europe Mexico and the United States In fact one way to trace settlement patterns and ethnic dispersion in

Texas is by mapping the different types of courthouse squares This book offers the first complete inventory of Texas courthouse squares drawn from extensive archival research and site visits to 139 of the 254 county seats Robert Veselka classifies every existing plan by type and origin including patterns and variants not previously identified He also explores the social and symbolic functions of these plans as he discusses the historical and modern uses of the squares He draws interesting new conclusions about why the courthouse square remains the hub of commercial and civic activity in the smaller county seats when it has lost its prominence in others

Homelands Richard L. Nostrand, Lawrence E. Estaville, 2003-05-01 What does it mean to be from somewhere If most people in the United States are from some place else what is an American homeland In answering these questions the contributors to *Homelands A Geography of Culture and Place across America* offer a geographical vision of territory and the formation of discrete communities in the U S today *Homelands* discusses groups such as the Yankees in New England Old Order Amish in Ohio African Americans in the plantation South Navajos in the Southwest Russians in California and several other peoples and places *Homelands* explores the connection of people and place by showing how aspects of several different North American groups found their niche and created a homeland A collection of fifteen essays *Homelands* is an innovative look at geographical concepts in community settings It is also an exploration of the academic work taking place about homelands and their people of how factors such as culture settlement and cartographic concepts come together in American sociology There is much not only to study but also to celebrate about American homelands As the editors state Underlying today's pluralistic society are homelands large and small strong and weak that endure in some way The mosaic of homelands to which people bonded in greater or lesser degrees affirms in a holistic way America's diversity its pluralistic society The authors depict the cultural effects of immigrant settlement The conviction that people need to participate in the life of the homeland to achieve their own self realization within the traditions and comforts of that community *Homelands* gives us a new map of the United States a map drawn with people's lives and the land that is their home

Red Book Alice Eichholz, 2004 provides updated county and town listings within the same overall state by state organization information on records and holdings for every county in the United States as well as excellent maps from renowned mapmaker William Dollarhide The availability of census records such as federal state and territorial census reports is covered in detail Vital records are also discussed including when and where they were kept and how Publisher description

A Bookmark Henry C. Dethloff, 1999 Given in memory of Bob Akers by Phyllis Dozier

Wanted Edward A. Blackburn, 2012-01-18 Along with the settlement of the Texas frontier came rustlers public drunks gunfighters and other outlaws A jail in which to incarcerate the lawbreakers was thus often the first public building raised in a new town Later as government developed public buildings notably county courthouses and jails assumed not only practical but also symbolic importance The architecture of these buildings in the nineteenth century reflected the power and status with which the community imbued the government many of the same architects applied the aesthetic standards of the day to

both In later years the safety and at least limited comfort of the prisoners became concerns and jails were remodeled or abandoned to other uses in favor of modern more utilitarian structures In this heavily illustrated guide to the historic county jails of Texas Ed Blackburn Jr takes readers to each of the 254 counties in the state presenting brief histories and of the counties and their structures that housed their criminals He provides general information about the architecture and location of the buildings and when possible describes the present uses of those that have been decommissioned Interviews with local officials historians and newspaper publishers have yielded colorful anecdotes for many of the jails Revealing photographs of many of the old jails have been gathered from local and archival sources and Blackburn himself has taken pictures of extant buildings Together these words and images not only provide a survey of the way Texans have housed their criminals but also with the aid of thumbnail maps of county locations offer residents and tourists throughout the state a guide to a fascinating aspect of architectural and cultural history
