Machado Campos De Castilla:

Fields of Castile/Campos de Castilla Antonio Machado, 2012-03-07 Master poet Antonio Machado y Ruiz is widely regarded as one of the twentieth century's greatest Spanish writers. His collection of poems celebrating the region of Castile made him one of the primary voices of the Generation of 1898, a brilliant group of writers dedicated to Spain's moral and cultural rebirth after the Spanish American War. Machado's lyrical Campos poems tinged with nostalgic melancholy are powerfully introspective and meditative, revealing an evolution away from his previously ornate Modernist style. With these magnificent poems, Machado moved toward a simpler, more authentic approach that would later distinguish all of his works. This unabridged edition of Machado's landmark Campos de Castilla is presented in a dual language format which features an excellent new translation on pages facing the Spanish original. A fully informative introduction and comprehensive notes by the translator are also included.

Campos de Castilla Antonio Machado, 2021-02-16 Campos de Castilla es el tercer volumen de poesías de Antonio Machado. En él el autor se aparta de su poca más simbolista parisina y de la bohemia madrileña de sus anteriores volúmenes para centrarse en el crudo realismo de la vida rural soriana. Su poesía en este volumen refleja asimismo sus vicisitudes personales tanto en lo profesional donde empieza su trabajo como profesor de instituto como en lo personal donde conoce a Leonor, el amor de su vida. Así su pluma se desprende de artificios y se vuelve contundente, seca como la tierra que refleja y sin embargo profunda y sencilla. Antonio Machado, nacido en Sevilla en 1875, es uno de los autores emblemáticos de la literatura española. Miembro de la Generación del 98, su poesía evoluciona desde el modernismo a la crudeza comprometida con valores políticos, pasando por una etapa simbolista que cultivó en sus años en Madrid. Obligado a exiliarse por sus convicciones durante la guerra civil, murió en Francia pocos días después de atravesar la frontera. Su obra, sin embargo, ha alcanzado estatus universal.

Antonio Machado - Campos de Castilla Antonio Machado, 2020-10-12 La estancia de Antonio Machado en Soria y el contacto diario con la tierra, paisaje y alma castellanos contagiaron al poeta de su hondura esencial hasta lograr una identificación y un eco en su interioridad. Lrica Campos de Castilla, su libro capital, representa la expresión de esta andadura. A la exposición de lo temporal, de lo objetivo y de lo efímero, la poesía es palabra en el tiempo. Antonio Machado comunica su preocupación filosófica y su meditación en torno al destino de España. Con esta nueva edición, Geoffrey Ribbans pretende establecer un texto definitivo de la quizá más célebre obra del poeta. Con este propósito, la edición toma como norma la cuarta edición de Poesías completas, 1936, última publicada en vida de Machado, con todas las variantes encontradas en revistas y periódicos de la época en Campos de Castilla, 1912, y en las sucesivas ediciones de Poesías completas. Incluye una biografía del autor.

Allí conoció a Leonor, una chica risueña y simpática de 13 años, hija de los dueños de la pensión donde residía. tradition and poetics that see the text as a unique embodiment of complex experiences He then traces the evolution of that tradition in the early decades of the century and its gradual disintegration from the 1950s to the present as Spanish poetry came to reflect features of the postmodern especially the poetics of text as process rather than as product By centering his study on major periods and examining within each the work of poets of different ages Debicki develops novel perspectives The late 1960s and early 1970s for example were not merely the setting for a new aestheticist generation but an era of exceptional creativity in which both established and new writers engendered a profound intertextual and often self referential lyricism This book will be essential reading for specialists in modern Spanish letters for advanced students and for readers interested in comparative literature
