Major Companies of the Arab World, 1978 *Who's Who in the Arab World 2007-2008* Publithec Publications, 2011-12-22
Who's Who in the Arab World 2007 2008 compiles information on the most notable individuals in the Arab world. Additionally, the title provides insight into the historical background and the present of this influential and often volatile region. Part I sets out precise biographical details on some 6 000 eminent individuals who influence every sphere of public life in politics, culture, and society. Part II surveys the 19 Arab Countries, providing detailed information on the geography, history, constitution, economy, and culture of the individual countries. Part III provides information on the historical background of the Arab world. Indexes by country and profession supplement the biographical section. A select bibliography of secondary literature on the Middle East is also included. **Major Companies of the Arab World** Giselle Bricault, 1978 **American Reference Books Annual** Bohdan S. This book analyses the expansion of Chinese power and influence in the Middle East and North Africa (MENA) through Belt and Road Initiative (BRI) projects undertaken in the 1, 2, 3 cooperation pattern. Under this framework, 1 represents energy, 2 represents infrastructure and trade, and investment, and 3 represents nuclear energy, space, satellites, and renewable energy. Taken together, these elements indicate the trajectory of China's MENA presence, and by examining each element in different states across the region, this book provides empirical evidence of which states or subregions are most important for Beijing's regional ambitions, as well as a better understanding of which sectors are being developed. The book will draw substantial interest from a wide range of readers, including academics in the field of Chinese foreign policy, international relations, international political economy, foreign policy analysis, and area studies. Professionals in the corporate world will also be engaged, and governmental practitioners and non-government agencies will also find it an important resource. **The Middle East and Brazil** Paul Amar, 2014-07-15.
