The Geographies of African American Short Fiction Kenton Rambsy, 2022-03-25 Perhaps the brevity of short fiction accounts

for the relatively scant attention devoted to it by scholars who have historically concentrated on longer prose narratives. *The Geographies of African American Short Fiction* seeks to fill this gap by analyzing the ways African American short story writers plotted a diverse range of characters across multiple locations: small towns, a famous metropolis, city sidewalks, a rural wooded area, apartment buildings, a pond, a general store, a prison, and more. In the process, these writers highlighted the extents to which places and spaces shaped or situated racial representations. Presenting African American short story writers as cultural cartographers, author Kenton Rambsy documents the variety of geographical references within their short stories to show how these authors make cultural spaces integral to their artwork and inscribe their stories with layered and resonant social histories. The history of these short stories also documents the circulation of compositions across dozens of literary collections for nearly a century. Anthology editors solidified the significance of a core group of short story authors including James Baldwin, Toni Cade Bambara, Charles Chesnutt, Ralph Ellison, Zora Neale Hurston, and Richard Wright. Using quantitative information and an extensive literary dataset, *The Geographies of African American Short Fiction* explores how editorial practices shaped the canon of African American short fiction.

An Introduction to Literature, Criticism and Theory Andrew Bennett, Nicholas Royle, 2014-07-10. Fresh, original, and compelling. *An Introduction to Literature, Criticism and Theory* is the essential guide to literary studies. Starting at the beginning and concluding with the end, the book covers topics that range from the familiar character narrative, the author, to the more unusual: secrets, pleasure, ghosts. Eschewing abstractisms, Bennett and Royle successfully illuminate complex ideas by engaging directly with literary works so that a reading of *Jane Eyre* opens up ways of thinking about racial difference whilst Chaucer, Raymond Chandler, and Monty Python are all invoked in a discussion of literary laughter. Each chapter ends with a narrative guide to further reading, and the book also includes a glossary and bibliography. The fourth edition has been revised to incorporate two timely new chapters on animals and the environment. A breath of fresh air in a field that can often seem dry and dauntingly theoretical, this book will open the reader's eyes to the exhilarating possibilities of both reading and studying literature.

The fourteen stories that make up Jonathan Baumbach's eighth book of fiction deal with parents, children, love, basketball, billiards, reading, marriage, divorce, the essentials of everyday life, which through the author's unique strategy of narrative come to the reader in unexpected ways. Combining comedy and nightmare, these stories distinguish themselves by the charge of their imaginative life, their concern with language and the play and replay of their form. *Familiar Games* describes a one-on-one basketball game between a 12-year-old boy and his mother, a match that evokes a childhood memory.
