The Majors John Feinstein, 2014-05-27 WHAT DOES IT TAKE to win a major championship and reach the absolute pinnacle of golf Through a season of the four tournaments the Masters the U S Open the British Open and the PGA Championship known collectively as the majors John Feinstein takes us where the television cameras never go both off the links and inside the ropes as he reveals the special challenges and rituals the frustrations and exhilaration that mark the lives and careers of the world s greatest golfers

The Majors John Feinstein, 1999 John Feinstein returns to his most popular subject golf and brings us the story behind 1998 s most competitive lucrative and unfailingly dramatic contests Each of the four major gold tournaments the Masters the U S Open the British Open and the PGA has its own personality level of competition and drama Here John Feinstein follows such top stars as Mark O Meara Tiger Woods Phil Mickelson Fred Couples and David Duval together with lesser known contenders through the four tournaments Readers are treated to a behind the scenes look at how big name players orchestrate their seasons to be at peak form for these intense events At the same time Feinstein gives us the history and lore of the tournaments showing how they became and remain the Majors

THE MAJORS sees Feinstein taking the themes of *A GOOD WALK SPOILED* to an even higher and more dramatic level a great gift and another huge bestseller

Historical Dictionary of Golf Bill Mallon, Randon Jerris, 2011-01-21 Golf has been called the greatest of all games but it has also been derided by none other than Mark Twain as nothing more than a good walk spoiled Traditional teaching holds that golf originated in Scotland around the 15th century However there is historical evidence of games similar to golf being played in the low countries of Europe back in the 13th century Over the many centuries of golf s evolution the balls used have changed greatly as have the clubs the holes the courses and the entire game itself The Historical Dictionary of Golf presents a comprehensive history of the game through a chronology an introductory essay a bibliography photos and over 300 cross referenced dictionary entries on places teams terminology and people including Arnold Palmer Greg Norman Lee Trevino Jack Nicklaus Annika Sorenstam Lorena Ochoa Phil Mickelson and of course Tiger Woods Appendixes of the members of the World Golf Hall of Fame the Major Championships of Golf the International Team Events and the Professional Tour Awards are also included

The Legends Club John Feinstein, 2017-02-21 On March 18 1980 the Duke basketball program announced the hiring of Mike Krzyzewski the man who would restore glory to the team The only problem no one knew who Krzyzewski was Nine days later Jim Valvano was hired by North Carolina State to be their new head coach The hiring didn t raise as many eyebrows but the two new coaches had a similar goal to unseat North Carolina s Dean Smith as the king of college basketball And just like that the most sensational competitive decade in history was about to unfold In the skillful hands of John Feinstein *The Legends Club* captures an era in American sport and culture documenting the inside view of a decade of absolutely incredible competition Feinstein pulls back the curtain on the recruiting wars the intensely personal competition that wasn t always friendly the enormous pressure and

Gay,2025-05-13 RORY LAND is the unabashed story of Rory McIlroy golf s most compelling icon the caring but conflicted soul from a troubled Irish homeland with a swing that borders on the immaculate Timothy M Gay writes that four time major champion Rory McIlroy is golf s ageless Opie Taylor a freckled superstar whose boyish charm transcends national boundaries and enlivens the game His seemingly effortless swing is so powerful that Tiger Woods is teaching his own son to mimic Rory s action But a charismatic persona and a pretty swing don t necessarily translate into winning major championships Over the past decade Rory has had his heart ripped out as he s failed to win another major and fallen short of achieving the career Grand Slam He s also become a lightning rod getting into a profanity laced smackdown at the 23 Ryder Cup and after his betrayal by PGA Tour brass causing head scratching confusion by going from an impassioned opponent of a deal with the Saudi backed LIV Golf to an outspoken proponent His backtrack on LIV fits a disquieting pattern Gay reveals of Rory s propensity to flip flop on key principles and people McIlroy is from Northern Ireland a geopolitical anomaly where religion and patriotism have been used as bloody cudgels for much of the past century Both sides of his family were battered by the North s sectarian Troubles ugly realities that McIlroy has been loath to acknowledge Rory is Gay believes a man essentially without a country which might explain why he s become so obsessed with the Ryder Cup Gay argues that McIlroy has in effect invented his own fiefdom which the author has dubbed RORY LAND RORY LAND tells the up and down saga of a compassionate and kind hearted superstar living in a world where money has no conscience Modern American Lives Blaine T. Left Brain Right Stuff takes up where other books about decision making leave off For many routine choices from shopping to investing we can make good decisions simply by avoiding common errors such as searching only for confirming information or avoiding the hindsight bias But as Phil Rosenzweig shows for many of the most important more complex situations we face in business sports politics and more a different way of thinking is required Leaders must possess the ability to shape opinions inspire followers manage risk and outmaneuver and outperform rivals Making winning decisions calls for a combination of skills clear analysis and calculation left brain as well as the willingness to push boundaries and take bold action right stuff Of course leaders need to understand the dynamics of competition to anticipate rival moves to draw on the power of statistical analysis and to be aware of common decision errors all features of left brain thinking But to achieve the unprecedented in

real world situations much more is needed Leaders also need the right stuff In business they have to devise plans and inspire followers for successful execution in politics they must mobilize popular support for a chosen program in the military commanders need to commit to a battle strategy and lead their troops and in start ups entrepreneurs must manage risk when success is uncertain In every case success calls for action as well as analysis and for courage as well as calculation Always entertaining often surprising and immensely practical Left Brain Right Stuff draws on a wealth of examples in order to propose a new paradigm for decision making in synch with the way we have to operate in the real world Rosenzweig s smart and perceptive analysis of research provides fresh and often surprising insights on topics such as confidence and overconfidence the uses and limits of decision models the illusion of control expert performance and deliberate practice competitive bidding and new venture management and the true nature of leadership **Sports Justice** Roger I.
