**Andrew Herman, Thomas Swiss**

## **Make Believe:**

*Religion as Make-Believe* Neil Van Leeuwen,2023-11-21 Drawing on a range of hard evidence Neil Van Leeuwen shows that the psychological mechanisms underlying religious belief are the same as those enabling imaginative play He argues that we should therefore understand religious belief as a form of make believe that people use to define their group identity and express the values sacred to them

**The History of Make-Believe** Holly Haynes,2003-12-11 In *The History of Make Believe* Holly Haynes acutely queries the relationship of historiography historical reality and symbolic representations of lived historical processes This is a serious book informed by wide reading and full of startlingly original insights on some of the most prominent and significant themes in Tacitus s works Indeed it deserves close attention by anyone interested in the political and social strategies of high Imperial Rome T Corey Brennan author of *The Praetorship in the Roman Republic* In Tacitus the historical truth is conveyed in literary truth telling Instead of leaving the two separated as we do Holly Haynes shows that Tacitus put them together in what she calls the combination make believe Her book shines with originality and intelligence while opening the way to Tacitus s canny wisdom Harvey Mansfield author of *Machiavelli s Virtue*

*The Magic Of Make Believe* Lloyd Leon,2025-04-12 Imagination is a wondrous gift that lives inside each of us waiting to be unleashed It is the colorful spark that transforms ordinary moments into extraordinary adventures When we close our eyes and let our minds wander we can soar through the skies like a bird dive into the depths of the ocean like a daring explorer or even become a brave knight defending a kingdom This power to create worlds from mere thoughts is what makes life so magical Unfortunately as we grow older many of us forget how to tap into this incredible ability often losing touch with the dreams and beliefs that once brought us joy

**A User's Guide to Make-Believe** Jane Alexander,2020-01-23 WELCOME TO MAKE BELIEVE YOU CREATE THE FANTASY THEY CONTROL YOUR MIND Cassie worked at Imagen the tech giant behind the cutting edge virtual reality experience Make BelieveT and she got to know the product well Too well But Cassie has been barred from her escape from the real world and legally gagged by the company Her dream job now seems to be part of a larger nightmare and Imagen is not done with her yet With Imagen holding all the cards and personal and public freedoms at stake how far will Cassie go to end the deception Immerse yourself in a near future world akin to Black Mirror and Vox with an all too plausible slant on reality and fantasy for our connected times

**The Culture of Make Believe** Derrick Jensen,2004-03-30 Derrick Jensen takes no prisoners in *The Culture of Make Believe* his brilliant and eagerly awaited follow up to his powerful and lyrical *A Language Older Than Words* What begins as an exploration of the lines of thought and experience that run between the massive lynchings in early twentieth century America to today s death squads in South America soon explodes into an examination of the very heart of our civilization *The Culture of Make Believe* is a book that is as impeccably researched as it is moving with conclusions as far reaching as they are shocking

**Mimesis as Make-Believe** Kendall L. Walton,1993-10-15 Representation in visual arts and fiction play an important part in our lives and

culture Walton presents a theory of representation which illuminates its many varieties and goes a long way toward explaining its importance Walton's theory also provides solutions to thorny philosophical problems concerning the existence of fictitious beings

**Make-Believe** David Dickinson, 2020-01-30 I will tell you a story that will make you believe in God No story can guarantee being able to do this Yet novelists can tell stories that make us think about what we believe about God and why Despite repeated predictions of the death of the novel thousands of works of fiction are published and read in Britain each year Although Western society is less religiously observant than it was many 21st century novelists persist in pursuing theological religious and spiritual themes Make Believe seeks to explain why With chapters offering analyses of novels from several genres so called literary fiction historical fiction science fiction fantasy and dystopia David Dickinson discusses a wide spectrum of novelists Authors who are avowedly atheistic and authors who have a vested interest in perpetuating biblical stories are both featured Well known writers such as Rushdie McEwan McCarthy and Martell rub shoulders with some you may be meeting for the first time Appealing to literature students and people who simply enjoy reading whether Christian or not this study of God in novels invites us to open our minds and allow aspects of our culture to shape our understanding of God and to change our ways of talking about the divine

**Make-Believe Play and Story-Based Drama in Early Childhood** Carol Woodard, 2012-04-15 This book presents engaging ways to use drama which will enable young children to interact socially and think creatively Sections focus on the introduction of dramatic play how to integrate drama into everyday classroom activities and the preparation of a child centered story dramatization with a color picture book insert for classroom use

**The Natural History of Make-believe** John Goldthwaite, 1996 The Man in the Moon has dropped down to earth for a visit Over the hedge a rabbit in trousers is having a pipe with his evening paper Elsewhere Alice is passing through a looking glass Dorothy riding a tornado to Oz and Jack climbing a beanstalk to heaven To enter the world of children's literature is to journey to a realm where the miraculous and the mundane exist side by side a world that is at once recognizable and real and enchanted Many books have probed the myths and meanings of children's stories but Goldthwaite's Natural History is the first exclusively to survey the magic that lies at the heart of the literature From the dish that ran away with the spoon to the antics of Brer Rabbit and Dr Seuss's Cat in the Hat Goldthwaite celebrates the craft the invention and the inspired silliness that fix these tales in our minds from childhood and leave us in a state of wondering to know how these things can be Covering the three centuries from the fairy tales of Charles Perrault to Maurice Sendak's Where the Wild Things Are he gathers together all the major imaginative works of America Britain and Europe to show how the nursery rhyme the fairy tale and the beast fable have evolved into modern nonsense verse and fantasy Throughout he sheds important new light on such stock characters as the fool and the fairy godmother and on the sources of authors as diverse as Carlo Collodi Lewis Carroll and Beatrix Potter His bold claims will inspire some readers and outrage others He hails Pinocchio for example as the greatest of all children's books but he views C S Lewis's The Chronicles of

Narnia as a parable that is not only murderously misogynistic but deeply blasphemous as well Fresh incisive and utterly original this rich literary history will be required reading for anyone who cares about children s books and their enduring influence on how we come to see the world     Digital Make-Believe Phil Turner,J. Tuomas Harviainen,2016-04-25 Make believe plays a far stronger role in both the design and use of interfaces games and services than we have come to believe This edited volume illustrates ways for grasping and utilising that connection to improve interaction user experiences and customer value Useful for designers undergraduates and researchers alike this new research provide tools for understanding and applying make believe in various contexts ranging from digital tools to physical services It takes the reader through a world of imagination and intuition applied into efficient practice with topics including the connection of human computer interaction HCI to make believe and backstories the presence of imagination in gamification gameworlds virtual worlds and service design and the believability of make believe based designs in various contexts Furthermore it discusses the challenges inherent in applying make believe as a basis for interaction design as well as the enactive mechanism behind it Whether used as a university textbook or simply used for design inspiration Digital Make Believe provides new and efficient insight into approaching interaction in the way in which actual users of devices software and services can innately utilise it

**Make Believe in Film and Fiction** K. Kroeber,2006-05-12 This study provides the first detailed contrast between the experiences of reading a novel and watching a movie Kroeber shows how fiction evokes morally inflected imagining and how movies reveal through magnification of human movements and expression subjective effects of complex social changes

**Play = Learning** Dorothy Singer,Roberta Michnick Golinkoff,Kathy Hirsh-Pasek,2006-08-24 In Play Learning top experts in child development and learning contend that in over emphasizing academic achievement our culture has forgotten about the importance of play for children s development     *The Morality of Knowledge in Conversation* Tanya Stivers,Lorenza Mondada,Jakob Steensig,2011-06-02 Each time we take a turn in conversation we indicate what we know and what we think others know However knowledge is neither static nor absolute It is shaped by those we interact with and governed by social norms we monitor one another for whether we are fulfilling our rights and responsibilities with respect to knowledge and for who has relatively more rights to assert knowledge over some state of affairs This book brings together an international team of leading linguists sociologists and anthropologists working across a range of European and Asian languages to document some of the ways in which speakers manage the moral domain of knowledge in conversation The volume demonstrates that if we are to understand how speakers manage issues of agreement affiliation and alignment something clearly at the heart of human sociality we must understand the social norms surrounding epistemic access primacy and responsibilities     **In Other Shoes** Kendall L. Walton,2015 In fifteen essays one new two newly revised and expanded three with new postscripts Kendall L Walton wrestles with philosophical issues concerning music metaphor empathy existence fiction and expressiveness in the arts These subjects are intertwined in striking and surprising ways By exploring connections among

them appealing sometimes to notions of imagining oneself in shoes different from one's own Walton creates a wide ranging mosaic of innovative insights      **Images** John V. Kulvicki, 2013-11-12 The nature of representation is a central topic in philosophy This is the first book to connect problems with understanding representational artifacts like pictures diagrams and inscriptions to the philosophies of science mind and art Can images be a source of knowledge Are images merely conventional signs like words What is the relationship between the observer and the observed In this clear and stimulating introduction to the problem John V Kulvicki explores these questions and more He discusses the nature of pictorial experience and seeing in recognition resemblance pretense and structural theories of depiction images as aids to scientific discovery and understanding mental imagery and the nature of perceptual content photographs as visual prostheses In so doing he assesses central problems in the philosophy of images such as how objects we make come to represent other things and how we distinguish kinds of representation pictures diagrams graphs from one another Essential reading for students and professional philosophers alike the book also contains chapter summaries annotated further reading and a glossary

Denying Existence A. Chakrabarti, 2013-03-14 This book tries to explore in language as non technical as possible the deepest philosophical problems regarding the logical status of empty singular terms such as Pegasus Batman The impossible staircase departs in Escher's painting Ascending Descending etc and regarding sentences which deny the existence of singled out fictional entities It will be fascinating for literary theorists with a flair for logic to students of metaphysics and philosophy of language and for historians of philosophy interested in the fate of the Russell Meinong debate For teachers of these aspects of analytic philosophy this will provide a textbook which goes beyond the Western tradition without plunging into any mystical Eastern Emptiness which is what some previous comparative philosophers did      Empty Revelations Peter

Wallace Alward, 2012 A rich and engaging investigation into the nature of literary fiction      **The Adventures of Harlequin** William Glennon, 1963      **Think Again** Fabulous Fabel, 2012-06 I was born 1966 as Randall Fabel When I was young I

moved from Minnesota to Louisiana I have lived in Florida Texas and Arkansas Now Louisiana is my home I've been everything from a truck driver to a painter now I'm a construction foreman They have been calling me fabulous Fabel for many years I don't really know why I guess it's just because of my creative mind I have been married twice and have two step kids as well as two of my own I also a proud step grandfather I've always thought that I was born to do something else Music always has been part of my life With every word I write there's a melody in my head I can sing along to any one of these songs Although when I was younger I never would write down these melodies in my head Now that I'm older I have two teenage kids of my own that I love very much I tell them to follow their dreams I have been sitting on my dream all along which is to be an acknowledged song writer My kids give me all the inspiration that I need to succeed in life I am up and down in this crazy life and I think it's about time to become who I was meant to be Maybe something good will happen here who knows the sky's the limit so they say So peace love and happiness      The World Wide Web and Contemporary Cultural Theory
