Angels Without Borders: Trends And Policies Shaping Angel Investment Worldwide Mannie Manhong Liu, John May, 2015-10-20. Angel investors provide small amounts of capital (100k-3m) to early stage high risk ventures. In recent years they have not only grown in numbers and sophistication, they have garnered the attention of larger investors and governments throughout the world who are interested in the phenomenal power of startups to bring innovative products to consumers, create jobs and economic value and sustain macroeconomic growth. This comes as no surprise. Some of the world's most valuable and influential companies such as Google, Facebook and Uber were able to survive and thrive in their make or break early years only through the backing of angels. *Angels Without Borders: Trends and Policies Shaping Angel Investment Worldwide* drawing on chapter contributors from more than two dozen nations will be the only book on the market to examine this trend from a global perspective. It is a very useful reference for anyone who is interested in learning about the angel investment movement.
