Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies:

Making and Breaking Governments Michael Laver, Kenneth A. Shepsle, 1996-01-26 *Making and Breaking Governments* offers a theoretical argument about how parliamentary parties form governments deriving from the political and social context of such government formation its generic sequential process Based on their policy preferences and their beliefs about what policies will be forthcoming from different conceivable governments parties behave strategically in the game in which government portfolios are allocated The authors construct a mathematical model of allocation of ministerial portfolios formulated as a noncooperative game and derive equilibria They also derive a number of empirical hypotheses about outcomes of this game which they then test with data drawn from most of the postwar European parliamentary democracies The book concludes with a number of observations about departmentalistic tendencies and centripetal forces in parliamentary regimes Parliaments and Government Formation Bjørn Erik Rasch, Shane Martin, José Antônio

Cheibub, 2015 This volume explores the role of national legislatures in shaping government formation in parliamentary regimes **The Oxford Handbook of Legislative Studies** Shane Martin, Thomas Saalfeld, Kaare W. Strøm, 2014-06-19 Legislatures are political bodies essential to democracy and the rule of law They present social scientists with numerous intriguing puzzles with far reaching implications for our understanding of political institutions Why and how have these ancient assemblies established in pre democratic times survived the transition to mass democracies How have they adapted How do they structure such processes as budgeting legislation and executive oversight How do their members get selected and what consequences flow from differences in these rules What roles do committees and political parties play in contemporary legislatures What functions do legislatures perform in autocratic semi democratic or recently democratized societies What explains the similarities and differences in legislative rules powers and recruitment What are the policy and other consequences of variation in how legislatures are organized and function The 33 chapters in *The Oxford Handbook of Legislative Studies* written by 47 of the most distinguished legislative scholars provide a comprehensive and up to date description and assessment of the state of the art in legislative studies Key themes explored include theoretical paradigms and methodological approaches to the study of legislatures representation and legislative careers internal organization the role of parties within legislatures and the role of legislatures in policy making and accountability The Handbook also explores the emergence of parliaments in historical and contemporary contexts including new democracies and trans national institutions The Oxford Handbook of Latin American Political Economy Javier Santiso, Jeff Dayton-Johnson, 2012-04-11

Latin America s recent development performance calls for a multidisciplinary analytical tool kit This handbook accordingly adopts a political economy perspective to understand Latin American economies This perspective is not new to the region indeed this volume consciously follows the approach pioneered by political economist Albert O Hirschman a half century ago But the nature of the political and economic processes at work in Latin America has changed dramatically since Hirschman s

critical contribution Military dictatorships have given way to an uneven democratic consolidation agricultural or primary product producers have transformed into middle income diversified economies some of which are leading examples of emerging markets So too the tools of political economy have developed by leaps and bounds It is therefore worthwhile to take stock of and considerably extend the explosion of recent scholarship on the two way interaction between political processes and economic performance A unique feature of the book is that it begins with a group of chapters written by high level academic experts on Latin American economics and policies who also happen to be current or past economic policy makers in the region including Fernando Henrique Cardoso former president of Brazil Andr s Velasco former Chilean finance minister Luis Carranza former Peruvian finance minister Mart n Redrado former governor of the Argentina central bank and Luciano Coutinho president of Brazil s national development bank These contributors draw upon their academic expertise to understand their experience in the trenches of policy making

Bargaining in the Shadow of the Market Kalyan Chatterjee, 2013 **Bargaining in the Shadow of the Market** OCo Selected Papers on Bilateral and Multilateral Bargaining consists of selected research in bargaining carried out by Kalyan Chatterjee by himself and with various co authors Chatterjee has been one of the earliest researchers to work on noncooperative bargaining theory and has contributed to bilateral bargaining with parties having private information as well as multilateral coalition formation models Some of his work in each of these areas finds place here The main theme of this collection of papers is the nature of negotiations when participants have alternatives to continue negotiating either by beginning negotiations with a different partner or set of partners or by engaging in time consuming search for such partners Chapters in this book include a noncooperative theory of coalitional bargaining and features a laboratory experiment relevant to this theory as well as an extension to political negotiations search for alternative partners the effect of markets and bargaining on incentives of players to invest in the partnership and related papers on incentive compatibility arbitration and a dynamic model of negotiation The book also includes a new introduction that puts these papers in the context of the broader literature in the field

Bargaining In The Shadow Of The Market: Selected Papers On Bilateral And Multilateral Bargaining Kalyan Chatterjee, 2013-03-15 **Bargaining in the Shadow of the Market** Selected Papers on Bilateral and Multilateral Bargaining consists of selected research in bargaining carried out by Kalyan Chatterjee by himself and with various co authors Chatterjee has been one of the earliest researchers to work on noncooperative bargaining theory and has contributed to bilateral bargaining with parties having private information as well as multilateral coalition formation models Some of his work in each of these areas finds place here The main theme of this collection of papers is the nature of negotiations when participants have alternatives to continue negotiating either by beginning negotiations with a different partner or set of partners or by engaging in time consuming search for such partners Chapters in this book include a noncooperative theory of coalitional bargaining and features a laboratory experiment relevant to this theory as well as an extension to political negotiations search for alternative

partners the effect of markets and bargaining on incentives of players to invest in the partnership and related papers on incentive compatibility arbitration and a dynamic model of negotiation The book also includes a new introduction that puts these papers in the context of the broader literature in the field

Coalition Governments in Western Europe Wolfgang C. Müller, Kaare Strom, 2003 This volume presents a detailed empirical analysis based on a large cross national data collection covering the entire post war period from 1945 to 1999

The Europeanisation of Parliamentary Democracy Katrin Auel, Arthur Benz, 2006-05-04 This groundbreaking new study shows how the process of creating an ever closer European Union affects not only the policy making but also the politics and polity of the Member States Empirical studies on the domestic impact of Europe identified different forms of Europeanization due to alternative mechanisms of internalising the new norms and rules Although many studies have since focused on the question of how to what degree in what direction at what pace and at what point of time Europe matters the Europeanization of one particular structural determinant of the Member States namely the system of parliamentary democracy is still under researched This is all the more astonishing as democracy in the EU depends to a large extent on the democratic legitimacy of procedures at the national level This volume addresses the key issue of the Europeanisation of parliamentary systems and thus contributes to the ongoing debate on the parliamentary dimension of the European Union It brings together theoretical concepts as well as cross national empirical research on the Europeanization of the member states parliamentary systems focussing on different elements such as structures procedures and decision making processes as well as on the question how parliamentarians as actors react to these changes and actively shape this Europeanization This book was previously published as a special issue of The Journal of Legislative Studies

The Oxford Handbook of French Politics Robert Elgie, Emiliano Grossman, Amy G. Mazur, 2016-11-24 The Oxford Handbook of French Politics provides a comprehensive and comparative overview of the French political system through the lens of political science The Handbook is organized into three parts the first part identifies foundational concepts for the French case including chapters on republicanism and social welfare the second part focuses on thematic large scale processes such identity governance and globalization while the third part examines a wide range of issues relating to substantive politics and policy among which are chapters on political representation political culture social movements economic policy gender policy and defense and security policy The volume brings together established and emerging scholars and seeks to examine the French political system from a comparative perspective The contributors provide a state of the art review both of the comparative scholarly literature and the study of the French case making The Oxford Handbook of French Politics an invaluable resource for anyone interested in the foundations of contemporary political life in France

Coalition Politics in Central Eastern Europe Torbjörn Bergman, Gabriella Ilonszki, Johan Hellström, 2023-12-01 This insightful book brings the study of coalitions and coalition governance in Central and Eastern European democracies up to date with an analytical focus framed by difficult economic and social periods such

as the end of the economic crisis and the Coronavirus pandemic The volume posits insights from a plethora of experts on party politics and coalition studies from their respective countries with chapters on Bulgaria Czechia Estonia Hungary Latvia Lithuania Poland Romania Slovakia and Slovenia Embellished with illustrative tables and extensive datasets throughout each chapter maps the developments of party system change covering the coalition life cycle from the early 1990s until the end of 2021 and explores whether there has been transformation of the coalition governance and dissolutions patterns due to heightened pressures This book will be of key interest to scholars and students of coalition politics representative democracy governance political parties European Union politics East and Central European politics and comparative politics Chapter 4 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution CC BY 4.0 license

Parliamentary Oversight of the Executives Elena Griglio, 2020-10-01 Oversight of executives has always been a key function of parliaments and one that is central to developing the relationship between the executive and legislative branches of government However in reality governments are taking a more pronounced role in controlling legislation diluting the influence of parliament This book plots this trend in parliaments across Europe to illustrate points of convergence and divergence In so doing it suggests tools and methods that parliaments can develop to bolster their crucial oversight role

Party Governance and Party Democracy Wolfgang C. Müller, Hanne Marthe Narud, 2013-05-15 Given the centrality of political parties in modern democracies most research on these systems either directly address their internal functioning and activities or question their critical role Political science has moved from describing institutions to the thorough analysis of behavior within these institutions and the interactions between them The inevitable consequences of the maturing and institutionalization of the discipline of political science in many countries include the forming of sub fields and specialized research communities At the same time the number of democracies has vastly increased since the 1980s and although not each attempt at democratization was eventually successful more heterogeneous systems with some form of party competition exist than ever before As a consequence the literature addressing the large issues of party democracy spreads over many research fields and has become difficult to master for individual students of party democracy and party governance The present volume sets out to review the behavior and larger role of political parties in modern democracies In so doing the book takes its departure from the idea that the main contribution of political parties to the working of democracy is their role as vehicles of political competition in systems of government Consequently the focus is not merely in the internal functioning of political parties but rather their behavior the electoral legislative and governmental arenas Thus several chapters address how political parties perform within the existing institutional frameworks One more chapter looks at the role of political parties in building and adapting these institutions Finally two chapters explicitly address the party contributions to democracy in established and new democracies respectively

Coalition Agreements as Control Devices Heike Klüver, Hanna Bäck, Svenja Krauss, 2023-03-21 Many coalition

cabinets negotiate lengthy coalition contracts outlining the agenda for the time in office Not only does negotiating these agreements take up time and resources but compromises have to be made which may result in cabinet conflicts and electoral costs This book explores why political parties negotiate such agreements and argues that coalition agreements are important control devices that allow coalition parties to keep their partners in line The authors show that their use varies with the preference configuration in cabinet and the allocation of ministerial portfolios First they posit that parties will only negotiate policy issues in a coalition agreement when they disagree on these issues and when they are important to all partners Second since controlling a ministry provides parties with important information and policy making advantages parties use agreements to constrain their partners particularly when they control the ministry in charge of a policy area Finally they argue that coalition agreements only work as effective control devices if coalition parties settle controversial issues in these contracts The COALITIONAGREE Dataset is used to evaluate the expectations set out in the book the dataset maps the content of 229 coalition agreements that were negotiated by 189 parties between 1945 and 2015 in 24 Western and Eastern European countries The results show that coalition parties systematically use agreements to control their partners when policy issues are divisive and salient and when they are confronted with a hostile minister These agreements only effectively contain conflicts however when parties negotiate a compromise on precisely the issues that divide them Comparative Politics is a series for researchers teachers and students of political science that deals with contemporary government and politics Global in scope books in the series are characterized by a stress on comparative analysis and strong methodological rigour The series is published in association with the European Consortium for Political Research For more information visit www.ecprnet.eu The series is edited by Nicole Bolleyer Chair of Comparative Political Science Geschwister Scholl Institut LMU Munich and Jonathan Slapin Professor of Political Institutions and European Politics Department of Political Science University of Zurich Coalition Government and Party Mandate Catherine Moury, 2013-05-02 Which kind of decisions are passed by Cabinet in coalition governments What motivates ministerial action How much leeway do coalition parties give their governmental representatives This book focuses on a comparative study of ministerial behaviour in Germany Belgium Italy and the Netherlands It discredits the assumption that ministers are policy dictators in their spheres of competence and demonstrates that ministers are consistently and extensively constrained when deciding on policies The first book in a new series at the forefront of research on social and political elites this is an invaluable insight into the capacity and power of coalition government across Europe Looking at policy formation through coalition agreements and the effectiveness of such agreements Coalition Government and Party Mandate will be of interest to students and scholars of comparative politics governance and European politics Accountability and European Governance Deirdre Curtin, Peter Mair, Yannis Papadopoulos, 2014-01-02 In recent years there has been a considerable effort in some transnational organizations and institutions to confront a crisis of legitimacy by promising more accountability and openness This volume takes as its central

focus the role of accountability in democratic governance and attempts to position a broad understanding of the notion of accountability within the overall context of the evolving political system of governance in Europe and in particular of the European Union Bringing together new work by some of the leading scholars in the field this volume considers the relationship between accountability and a wide range of other themes in European governance such as problems of representation transparency bureaucracy and transnational relations The volume also deals with the role of accountability in multi level governance and its relationship to both direct democracy and civil society This book was published as a special issue of West European Politics

Minority Governments in Comparative Perspective Bonnie N. Field, Shane Martin, 2022 This volume explores and analyses the formation functioning and performance of minority governments It presents thirteen in depth case studies by leading country experts that provide rich contextualized analyses of minority governments in different settings

The Oxford Handbook of Political Executives Rudy B. Andeweg, Robert Elgie, Ludger Helms, Juliet Kaarbo, Ferdinand Müller-Rommel, 2020-07-30 Political executives have been at the centre of public and scholarly attention long before the inception of modern political science In the contemporary world political executives have come to dominate the political stage in many democratic and autocratic regimes The Oxford Handbook of Political Executives marks the definitive reference work in this field Edited and written by a team of world class scholars it combines substantive stocktaking with setting new agendas for the next generation of political executive research

Crafting Constitutional Democracies Edward Schneider, 2006-05-12 By examining the institutions of government through the lens of constitution making Crafting Constitutional Democracies provides a broad and insightful introduction to comparative politics Drawn from a series of lectures given in Jakarta Indonesia on the drafting of the U S constitution the book illustrates the problems faced by generations of founders through numerous historic and contemporary examples Both Indonesia in 1999 and the United States in 1789 faced the same basic issue how to construct a central government for a large and diverse nation that allowed the majority of the people to govern themselves without intruding on the rights of minorities What kinds of institutions make for good government What factors need to be considered in designing a government Author Edward Schneider explores these questions through a rich variety of examples from both recent and historic transitions to democracy Drawing frequently upon the arguments of the American Federalist Papers and more contemporary theories of democratization Crafting Constitutional Democracies lucidly explores the key questions of how and why democracies succeed and fail A concluding chapter on constitutional change and decline raises provocative and important questions about the lessons that citizens of the world's older democracies might take from the struggles of the new

Coalition Governance in Western Europe Torbjörn Bergman, Hanna Bäck, Johan Hellström, 2021 This book studies such governments covering the full life cycle of coalitions from the formation of party alliances before elections to coalition formation after elections

Routledge Handbook of European Politics José M. Magone, 2014-12-17 Since the Treaty of the European Union was

ratified in 1993 the European Union has become an important factor in an ever increasing number of regimes of pooled sovereignty This Handbook seeks to present a valuable guide to this new and unique system in the twenty first century allowing readers to obtain a better understanding of the emerging multilevel European governance system that links national polities to Europe and the global community Adopting a pan European approach this Handbook brings together the work of leading international academics to cover a wide range of topics such as the historical and theoretical background the political systems and institutions of both the EU and its individual member nations political parties and party systems political elites civil society and social movements in European politics the political economy of Europe public administration and policy making external policies of the EU This is an invaluable and comprehensive resource for students scholars researchers and practitioners of the European Union European politics and comparative politics

Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies Introduction

In today's digital age, the availability of Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer

academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies books and manuals for download and embark on your journey of knowledge?

FAQs About Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies Books

What is a Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File"

-> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
