**Joseph F. Zimmerman**

## **Making Experience Count Managing Modern New York In The Carey Era:**

*Formulating American Indian Policy in New York State, 1970-1986* Laurence M. Hauptman, 1988-07-08 This is the first descriptive analysis of how American Indian policies are made both at the statewide and at agency levels Pertinent to all states the study describes New York's historic policies and emphasizes that improving Indian lifestyles or attracting Indians to government employment is handicapped by their overall distrust of state intentions a distrust caused by the continued impasse on American Indian land claims Employing archival records never before used as well as a plethora of interviews with state officials and American Indians over a fifteen year period Hauptman concludes that critical policy changes are needed to build lasting trust

**The Man Who Saved New York** Seymour P. Lachman, Robert Polner, 2010-07-01 Winner of the 2011 Empire State History Book Award presented by New York State Archives Partnership Trust *The Man Who Saved New York* offers a portrait of one of New York's most remarkable governors Hugh L Carey with emphasis on his leadership during the fiscal crisis of 1975 In this dramatic and colorful account Seymour P Lachman and Robert Polner's examine Carey's youth military service and public career against the backdrop of a changing challenged and recession battered city state and nation It was Carey's leadership Lachman and Polner argue that helped rescue the city and state from the brink of financial and social ruin While TV comedians mocked and tabloids shrieked about the Big Apple's rising muggings its deteriorating public services and the threats and walkouts by embattled police firefighters and teachers all amid a brutal recession Carey and his team managed to hold on and ultimately prevailed narrowly preventing a huge disruption to the state national and global economy At one point the city came within a few hours of having to declare itself incapable of paying its debts and obligations but in the end stability and consensus prevailed and America's largest city stayed out of bankruptcy court The center held Based on extensive interviews with Carey and his family as well as numerous friends observers and former advisors including Steven Berger David Burke John Dyson Peter Goldmark Judah Gribetz Richard Ravitch and Felix Rohatyn *The Man Who Saved New York* aims to place Carey and his achievements at the center of the financial maelstrom that met his arrival in Albany While others were willing to let the city go into default Carey was strongly opposed since it would not only affect the state as a whole but would have reverberations both nationally and internationally In recounting the 1975 rescue of New York City and the aftershocks that nearly sank the state government Lachman and Polner illuminate the often volatile interplay among elite New York bankers hard nosed municipal union leaders the press and influential conservatives and liberals from City Hall to the Albany statehouse to the White House Although often underappreciated by the public it was Carey's force of will wit intellect judgment and experiences that allowed the state to survive this unparalleled ordeal and ultimately to emerge on a stronger footing Further Lachman and Polner argue Carey's accomplishment is worth recalling as a prime example of how governments local state and federal can work to avoid the renewed threat of bankruptcy that now confronts many overstretched states and localities

Making Experience Count

Gerald Benjamin,T. Norman Hurd,1985      **The Oxford Handbook of New York State Government and Politics** Gerald Benjamin,2012-09-20 The Oxford Handbook of New York State Government and Politics brings together top scholars and former and current state officials to explain how and why the state is governed the way that it is The book s thirty one chapters assemble new scholarship in key areas of governance in New York document the state s record in comparison to other U S states and identify directions for future research      **Urban Politics** J. Bellush,Dick Netzer,2019-07-23 In many respects New York City is an unnatural wonder quite unlike any other American city and also unlike megacities in other industrial countries Its government and politics its physical attributes like the celebrated skyline and high population density and many of its social characteristics like the extraordinarily high percentage of the city s population that is foreign born are different But New York City at the same time shares with other American cities an array of political and governmental institutions practices traditions and pressures ranging from the long dominance and then long decline in the role of party organizations in local government to the city s ultimate dependence on outside actors and forces to shape its political destiny

The Encyclopedia of New York City Kenneth T. Jackson,Lisa Keller,Nancy Flood,2010-12-01 Covering an exhaustive range of information about the five boroughs the first edition of The Encyclopedia of New York City was a success by every measure earning worldwide acclaim and several awards for reference excellence and selling out its first printing before it was officially published But much has changed since the volume first appeared in 1995 the World Trade Center no longer dominates the skyline a billionaire businessman has become an unlikely three term mayor and urban regeneration Chelsea Piers the High Line DUMBO Williamsburg the South Bronx the Lower East Side has become commonplace To reflect such innovation and change this definitive one volume resource on the city has been completely revised and expanded The revised edition includes 800 new entries that help complete the story of New York from Air Train to E ZPass from September 11 to public order The new material includes broader coverage of subject areas previously underserved as well as new maps and illustrations Virtually all existing entries spanning architecture politics business sports the arts and more have been updated to reflect the impact of the past two decades The more than 5 000 alphabetical entries and 700 illustrations of the second edition of The Encyclopedia of New York City convey the richness and diversity of its subject in great breadth and detail and will continue to serve as an indispensable tool for everyone who has even a passing interest in the American metropolis

**The Government and Politics of New York State** Joseph F. Zimmerman,2008-03-27 Comprehensive overview of New York State government and politics      **New York State: Peoples, Places, and Priorities** Joanne Reitano,2024-04-30 Now in its second edition New York State Peoples Places and Priorities is an accessibly written book that explores the ever shifting dynamics of New York State history in a single volume The text is organized both chronologically and topically balancing political economic social and cultural history It discusses key figures groups movements and controversies upstate and downstate Each chapter is divided into teachable digestible sections that examine the major developments and

challenges of that period with timelines and lists of online resources to aid student understanding The new edition brings New York State s history into the present with coverage of recent political and economic developments the Covid 19 pandemic immigration and global warming Throughout the book material was added concerning the American Revolution the Civil War women s rights and environmental justice Artwork maps charts and textboxes illuminate the state s rich history Analytical questions accompanying figures and texts encourage deeper engagement with the past Designed for undergraduates this book is a concise and updated account of New York State s history over the centuries with a wealth of resources to benefit students and instructors alike

*The Two New Yorks* Gerald Benjamin, Charles Brecher, 1988-12-15

Over the past eight years a marked shift in the national political mood has substantially reduced the federal government s involvement in ameliorating urban problems and enhanced the prominence of state and local governments in the domestic policy arena Many states and big cities have been forced to reassess their traditionally vexed relationships Nowhere has this drama been played out more stormily than in New York In *The Two New Yorks* experts from government the academy and the non profit sector examine aspects of an interaction that has a major impact on the performance of state and city institutions The analyses presented here explore current state city strategies for handling such troubling policy areas as education health care and housing Attention is also given to important contextual factors such as economic and demographic trends and to structural features such as the political framework relationships with the national government and the system of public finance Despite its uniquely large scope the drama of the new New Yorks parallels or presages issues faced by virtually all large cities and their states This unprecedented study makes a vital contribution in an era of declining federal aid and pressing urban need

**A Wild Idea** Brad Edmondson, 2021-05-15

A Wild Idea shares the complete story of the difficult birth of the Adirondack Park Agency APA The Adirondack region of New York s rural North Country forms the nation s largest State Park with a territory as large as Vermont Planning experts view the APA as a triumph of sustainability that balances human activity with the preservation of wild ecosystems The truth isn t as pretty The story of the APA told here for the first time is a complex troubled tale of political dueling and communities pushed to the brink of violence The North Country s environmental movement started among a small group of hunters and hikers rose on a huge wave of public concern about pollution that crested in the early 1970s and overcame multiple obstacles to save the Adirondacks Edmondson shows how the movement s leaders persuaded a powerful Governor to recruit planners naturalists and advisors and assign a task that had never been attempted before The team and the politicians who supported them worked around the clock to draft two visionary land use plans and turn them into law But they also made mistakes and their strict regulations were met with determined opposition from local landowners who insisted that private property is private A Wild Idea is based on in depth interviews with five dozen insiders who are central to the story Their observations contain many surprising and shocking revelations This is a rich exciting narrative about state power and how it was imposed on rural residents It shows

how the Adirondacks were saved and also why that campaign sparked a passionate rebellion      *Governing New York State* Jeffrey M. Stonecash, John Kenneth White, Peter W. Colby, 1994-01-25 This new edition of *Governing New York State* formerly *New York State Today* provides the latest on New York State politics government and public policies The text is two thirds new material Covered for the first time are racial politics in New York political conflict the press tax policy environmental issues and transportation policy While continuing to provide a comprehensive introduction to New York State politics and government the third edition contains fewer more in depth articles      **A Hazardous Inquiry** Allan Mazur, 1998 Love Canal a community poisoned by toxic waste Borrowing the multi viewpoint technique of the classic Japanese film *RASHOMON* sociologist engineer Allan Mazur reveals that there are many often conflicting versions of what occurred at Love Canal His collection of gripping personal tales tells how politics journalism and epidemiology often clash when confronting a potential community disaster      **The Encyclopedia of New York State** Peter Eisenstadt, 2005-05-19 The *Encyclopedia of New York State* is one of the most complete works on the Empire State to be published in a half century In nearly 2 000 pages and 4 000 signed entries this single volume captures the impressive complexity of New York State as a historic crossroads of people and ideas as a cradle of abolitionism and feminism and as an apex of modern urban suburban and rural life The *Encyclopedia* is packed with fascinating details from fields ranging from sociology and geography to history Did you know that Manhattan s Lower East Side was once the most populated neighborhood in the world but Hamilton County in the Adirondacks is the least densely populated county east of the Mississippi New York is the only state to border both the Great Lakes and the Atlantic Ocean the Erie Canal opened New York City to rich farmland upstate and to the west Entries by experts chronicle New York s varied areas politics and persuasions with a cornucopia of subjects from environmentalism to higher education to railroads weaving the state s diverse regions and peoples into one idea of New York State Lavishly illustrated with 500 photographs and figures 120 maps and 140 tables the *Encyclopedia* is key to understanding the state s past present and future It is a crucial reference for students teachers historians and business people for New Yorkers of all persuasions and for anyone interested in finding out more about New York State      Impossible Jobs in Public Management Erwin C. Hargrove, John C. Glidewell, 1990 If you think your job is hopelessly difficult you may be right Particularly if your job is public administration Those who study or practice public management know full well the difficulties faced by administrators of complex bureaucratic systems What they don t know is why some jobs in the public sector are harder than others and how good managers cope with those jobs Drawing on leadership theory and social psychology Erwin Hargrove and John Glidewell provide the first systematic analysis of the factors that determine the inherent difficulty of public management jobs and of the coping strategies employed by successful managers To test their argument Hargrove and Glidewell focus on those jobs fraught with extreme difficulties impossible jobs What differentiates impossible from possible jobs are 1 the publicly perceived legitimacy of the commissioner s clientele 2 the intensity of the conflict among the agency s

constituencies 3 the public's confidence in the authority of the commissioner's profession and 4 the strength of the agency's myth or long term idealistic goal Hargrove and Glidewell flesh out their analysis with six case studies that focus on the roles played by leaders of specific agencies Each essay summarizes the institutional strengths and weaknesses specifies what makes the job impossible and then compares the skills and strategies that incumbents have employed in coping with such jobs Readers will come away with a thorough understanding of the conflicting social psychological and political forces that act on commissioners in impossible jobs *New York State Today* Peter W. Colby, John Kenneth White, 1989-01-01 Here it is the latest on New York State politics government and public policies Its contributors include many well known and active figures in government The text covers the history and background of Empire State politics the state constitution the political geography of the state and how the New York electorate and its branches of government are operating in the Age of Mario Cuomo *New York State Today* will interest all New Yorkers who wish to gain a better understanding of the causes and consequences of the political events affecting their lives *The Executive Branch of State Government* Margaret R. Ferguson, 2006-04-21 This volume offers both historical and contemporary perspectives on the office of the governor covering all 50 states and providing a comprehensive examination of the executive branch at the state level One of three titles in ABC CLIO's *About State Government* set this work offers comprehensive coverage of contemporary American politics at the state level It explores the critical roles played by the governorship and state level bureaucracies both in managing the state's business and as a component of the overall national system of government Written by some of the nation's foremost authorities on state politics *The Executive Branch of State Government* chronicles the evolution of the state level executive apparatus from colonial times to the present emphasizing its current importance on the local and national political stage Chapters examine the structure and function of the governorship and state agencies the people who serve as governor and in those agencies and the multitude of forces that impact their work A separate chapter examines the particular characteristics of executive branches state by state ***The Best Job in Politics*** Alan Rosenthal, 2012-03-09 My worst day as governor was better than my best day as a United States senator Former Governor Tim Carper D DE 1993 2001 Governors both in and now out of office see the job as the best in politics Why is that Drawing on a survey of former governors personal interviews as well as gubernatorial memoirs and biographies Rosenthal shows students how and why governors succeed as policy leaders and makes a case as to why some governors are better at leveraging the institutional advantages of the office *Political Science Quarterly*, 1987 Offers timely analysis of both domestic and foreign policy issues as well as of political institutions and processes ***The Days of Wine and Roses Are Over*** Daniel C. Kramer, 1997 *The Days of Wine and Roses Are Over* is an in depth study of Hugh Carey's tenure as Governor of New York from 1975 through 1982 This book covers his life beginning with his youth congressional career and 1974 gubernatorial primary and general election campaigns The steps he took from 1975 through 1978 to keep both New York City and state out of bankruptcy are analyzed He not only lobbied the

federal government vigorously and successfully to secure aid for the city but compelled the metropolis to abandon a well trodden path of financial recklessness This book outlines his touchy relations with Democratic Party leaders and the State Legislature and narrates his surprisingly difficult albeit successful reelection bid in 1978 a campaign in which he first had to defeat his own Lieutenant Governor before taking on his Republican challenger The Carey Administration had a hand in many important projects the modernization of New York City s subways and the rescue of homeowners living in the Love Canal neighborhood being just two before Carey committed several serious blunders which lowered voters opinion of him that he decided not to run for reelection in 1982 Through it all this man with the embarassingly low poll ratings turned into a superb governor     **New York State Bar Journal** ,1985

This is likewise one of the factors by obtaining the soft documents of this **Making Experience Count Managing Modern New York In The Carey Era** by online. You might not require more epoch to spend to go to the books start as competently as search for them.
