Making Of The Dutch Landscape An Historical Geography Of The Netherlands:

The Making of the Dutch Landscape A. M. Lambert, 1971-01-01 *The Making of the Dutch Landscape: an Historical Geography of the Netherlands* Audrey M. Lambert, 1971 **Landscape Ecology in the Dutch Context** T.M. de Jong, J.N.M. Dekker, R. Posthoorn, 2017-04-03 This book is the result of three symposia of the Dutch Society for Landscape Ecology Werkgemeenschap voor Landschapsecologisch Onderzoek about the Dutch National Ecological Network urban ecology and civil infrastructure The three topics among others show important contexts in which landscape ecologists do their research and apply their knowledge and skills The book focuses on urbanisation intensive land use and water management as characteristic features of the Netherlands and therefore presents an important view on landscape ecology in the Dutch context **The Ashgate Research Companion to Dutch Art of the Seventeenth Century** Wayne Franits, 2017-07-05 Despite the tremendous number of studies produced annually in the field of Dutch art over the last 30 years or so and the strong contemporary market for works by Dutch masters of the period as well as the public's ongoing fascination with some of its most beloved painters until now there has been no comprehensive study assessing the state of research in the field As the first study of its kind this book is a useful resource for scholars and advanced students of seventeenth century Dutch art and also serves as a springboard for further research Its 19 chapters divided into three sections and written by a team of internationally renowned art historians address a wide variety of topics ranging from those that might be considered traditional to others that have only drawn scholarly attention comparatively recently **A Brief History of the Netherlands, Second Edition** Paul State, 2021-05-01 A Brief History of the Netherlands Second Edition provides a clear lively and comprehensive account of the history of the Netherlands from ancient times to the present day It relates the central events that have shaped the country and details their significance in historical context touching on all aspects of the history of the country from political international and economic affairs to cultural and social developments Illustrated with full color maps and photographs and accompanied by a chronology bibliography and suggested reading this accessible overview is ideal for the general reader Coverage includes From Early Settlements to Frankish Rule Political Strife and the Rise of Urban Life Wars of Religion and Emancipation Resplendent Republic Dynamo in Decline From Republic to Empire to Kingdom Building the Modern Nation State Neutrality Depression and World War Reconstruction and Rebirth after World War II The Netherlands in the Twenty first Century the Triumphs and Trials of a Tolerant Society Dutch American Voices Herbert J. Brinks, 2019-01-24 Brother I cannot tell you what is best for you staying there or coming here If it only concerned yourself would say stay But if you are concerned about your descendents I would say come Writing from his Michigan farm to relatives back in Overijssel Jacob Dunnink voiced a perspective at once uniquely his own and typical of his immigrant community in 1856 Dutch American Voices brings together a full spectrum of such perspectives as expressed in immigrants letters to their families and friends in the Netherlands From the terse notes of first time writers to the polished chronicles of

skilled correspondents the letters are presented in engaging English translations that capture the diversity of their authors personalities Herbert J Brinks has included twenty three series of letters from the Dutch Immigrant Letter Collection at Calvin College covering periods of correspondence from three to fifty seven years In addition to an introduction to Dutch immigration history the book provides abundant illustrations and brief biographies of the correspondents Most write from Dutch American agricultural communities in Michigan Illinois Wisconsin and Iowa but some describe life in cities as far flung as Paterson New Jersey Tampa Florida and Oak Harbor Washington Rural and urban Protestant and Catholic male and female the letter writers capture moments from their arrival through decades of life in the New World Affording glimpses into the daily experiences of becoming American the letters describe the weather the food the price of crops the economics of farm and factory the peculiarities of neighbors and the drama of politics As they bring news of marriages births and deaths sustain family members in faith or squabble over money they also offer an intimate view of the strength and the frailty of family ties over distance The Cambridge Companion to the Dutch Golden Age Helmer J. Helmers, Geert H.

Janssen, 2018-08-23 An accessible introduction to the political economic literary and artistic heritage of the Dutch Republic in the seventeenth century **Boundaries and Their Meanings in the History of the Netherlands** Benjamin Jacob

Kaplan, Marybeth Carlson, Laura Cruz, 2009 Traditionally the term boundary applies to the demarcation between a physical place and another physical place most commonly associated with lines on a map As the essays in this volume demonstrate however a boundary can also function in a more broadly conceptual manner A boundary becomes not an imaginary line but a tool for thinking about how to separate any two elements whether ideas events etc into categories by which they become comprehensible and distinct The scholar contributors seek not simply to discern the boundaries but and perhaps more importantly to understand the process of delineation and its consequences With its maverick history and grass root political traditions the Netherlands provides an auspicious setting to examine the historical function of boundaries both real and imagined **The History of Holland** Mark T. Hooker, 1999-08-30 Holland was once a superpower upon whose empire the

sun never set Today it is on the leading edge of social change This history of Holland from its earliest beginnings to the present day provides the most up to date survey of modern Dutch history including the current Dutch approach to a number of social issues such as the welfare state the environment socialized medicine and the role of the military in the post Cold War world Containing a wealth of current information and statistics this work will help the reader to understand the Dutch both within the historical context in which Holland exists and as world leaders in social change as we approach the twenty first century This engagingly written history provides a contemporary overview of Holland s geography economy political system and society Chapters arranged chronologically trace the history and culture of the nation from the Ice Age to the new post Cold War world Chapters on recent Dutch history show how Holland has claimed a leading role in social change the Dutch have authorized euthanasia socialized medicine and legalized soft drugs A selection of brief biographical sketches will

introduce the reader to many of the important Dutch personalities throughout Holland's history and a bibliographical essay will help the researcher to locate recommended books and other materials for further reading

Passion and Control: Dutch Architectural Culture of the Eighteenth Century Freek Schmidt, 2017-07-28 *Passion and Control* explores Dutch architectural culture of the eighteenth century revealing the central importance of architecture to society in this period and redefining long established paradigms of early modern architectural history Architecture was a passion for many of the men and women in this book wealthy patrons burgomasters princes and scientists were all in turn infected with architectural mania It was a passion shared with artists architects and builders and a vast cast of Dutch society who contributed to a complex web of architectural discourse and who influenced building practice The author presents a rich tapestry of sources to reconstruct the cultural context and meaning of these buildings as they were perceived by contemporaries including representations in texts drawings and prints and builds on recent research by cultural historians on consumerism material culture and luxury print culture and the public sphere and the history of ideas and mentalities

The First Modern Economy Jan de Vries, Ad van der Woude, 1997-05-28 *The First Modern Economy* provides a comprehensive economic history of the Netherlands during its rise to European economic leadership the Golden Age and subsequent decline 1500-1815 The authors argue that it was the first modern economy and defend their position with detailed analyses of its major economic sectors as well as investigations of social structure and macro economic performance Dutch economic history is placed in its European and world context and inter continental and colonial trade are discussed fully Special emphasis is placed on the environmental context of economic growth and later decline as well as on demographic developments The authors also argue that the Dutch model of development and stagnation is applicable to currently maturing economies

The Unending Frontier John F. Richards, 2003-05-15 It was the age of exploration the age of empire and conquest and human beings were extending their reach and their numbers as never before In the process they were intervening in the world's natural environment in equally unprecedented and dramatic ways A sweeping work of environmental history *The Unending Frontier* offers a truly global perspective on the profound impact of humanity on the natural world in the early modern period John F Richards identifies four broadly shared historical processes that speeded environmental change from roughly 1500 to 1800 c e intensified human land use along settlement frontiers biological invasions commercial hunting of wildlife and problems of energy scarcity *The Unending Frontier* considers each of these trends in a series of case studies sometimes of a particular place such as Tokugawa Japan and early modern England and China sometimes of a particular activity such as the fur trade in North America and Russia cod fishing in the North Atlantic and whaling in the Arctic Throughout Richards shows how humans whether clearing forests or draining wetlands transporting bacteria insects and livestock hunting species to extinction or reshaping landscapes altered the material well being of the natural world along with their own

European Rural Landscapes Hannes Palang, 2004-05-31 This book a compendium of 28 papers selected from two recent conferences

on the topic focuses on aspects of rural landscape broadly related to issues of language representation and power These are issues that have not been addressed on a pan European landscape level before The aim is to offer a deeper interdisciplinary understanding of historical and contemporary processes in European landscapes

The World the Plague Made James Belich,2024-06-25 A groundbreaking history of how the Black Death unleashed revolutionary change across the medieval world and ushered in the modern age In 1346 a catastrophic plague beset Europe and its neighbours The Black Death was a human tragedy that abruptly halved entire populations and caused untold suffering but it also brought about a cultural and economic renewal on a scale never before witnessed The World the Plague Made is a panoramic history of how the bubonic plague revolutionized labour trade and technology and set the stage for Europe s global expansion James Belich takes readers across centuries and continents to shed new light on one of history s greatest paradoxes Why did Europe s dramatic rise begin in the wake of the Black Death Belich shows how plague doubled the per capita endowment of everything even as it decimated the population Many more people had disposable incomes Demand grew for silks sugar spices furs gold and slaves Europe expanded to satisfy that demand and plague provided the means Labour scarcity drove more use of waterpower wind power and gunpowder Technologies like water powered blast furnaces heavily gunned galleons and musketry were fast tracked by plague A new crew culture of disposable males emerged to man the guns and galleons Setting the rise of Western Europe in global context Belich demonstrates how the mighty empires of the Middle East and Russia also flourished after the plague and how European expansion was deeply entangled with the Chinese and other peoples throughout the world

The Dutch-American Farm David S. Cohen,1993-08 A rich and readable source of information and interpretation New York History Cohen presents a detailed description of the everyday life of early Dutch settlers in New York and New Jersey He gives special attention to the rise of the Dutch Reformed Church in these areas and particularly the denomination s transformation into a subculture that could truly be considered American Bookman s Weekly An impressive study of material culture Choice

Basic Concepts for Simple and Complex Liquids Jean-Louis Barrat,Jean-Pierre Hansen,2003-03-27 Presenting a unified approach this book focusses on the concepts and theoretical methods that are necessary for an understanding of the physics and chemistry of the fluid state The authors do not attempt to cover the whole field in an encyclopedic manner Instead important ideas are presented in a concise and rigorous style and illustrated with examples from both simple molecular liquids and more complex soft condensed matter systems such as polymers colloids and liquid crystals

The Agricultural Systems of the World David B. Grigg,1974-11-07 This book is about the major agricultural systems of the world and the history and processes behind these systems

Pre-Industrial Cities and Technology Colin Chant,David Goodman,2005-11-08 See series selling points

The Bookshop of the World Andrew Pettegree,Arthur der Weduwen,2019-04-02 The untold story of how the Dutch conquered the European book market and became the world s greatest bibliophiles The Dutch Golden Age has long been seen as the age of Rembrandt and Vermeer whose paintings

captured the public imagination and came to represent the marvel that was the Dutch Republic Yet there is another largely overlooked marvel in the Dutch world of the seventeenth century books In this fascinating account Andrew Pettegree and Arthur der Weduwen show how the Dutch produced many more books than pictures and bought and owned more books per capita than any other part of Europe Key innovations in marketing book auctions and newspaper advertising brought stability to a market where elsewhere publishers faced bankruptcy and created a population uniquely well informed and politically engaged This book tells for the first time the remarkable story of the Dutch conquest of the European book world and shows the true extent to which these pious prosperous quarrelsome and generous people were shaped by what they read Book history at its best Robert Darnton New York Review of Books Compelling and impressive THES Book of the Week An instant classic on Dutch book history BMGN Low Countries Historical Review

Environmental History of the Rhine-Meuse Delta P.H. Nienhuis, 2008-05-06 This unique text presents the environmental history of the lowland delta of the rivers Rhine and Meuse It is an ecological story of evolving human environmental relations and how they cope with climate change and sea level rise The text offers a combination of in depth ecology and environmental history The synthesis presents a blueprint for future management and restoration from progressive reclamation of land in the past to adaptation of human needs to the forces of nature
