## **Making Of The Miskitu People Of Nicaragua:**

**The Making of the Miskitu People of Nicaragua** Claudia García,1996 This book examines the formation of ethnic identity among the Miskitu people of Nicaragua The author integrates a social constructivist approach with postmodern theoretical perspectives Ethnic identity results from the way individuals visualize themselves and are visualized by others Social memory is what provides continuity with the past As relations among people change over time individuals reconstruct the past according to the constraints imposed on them by the present and their expectations for the future In so doing they remake social memory and recreate their collective identity

**The Miskitu People of Awastara** Philip A. Dennis,2010-06-28 Most anthropologists who have lived among other people feel a periodic need to go back writes Philip A. Dennis in the introduction to this book Fieldwork gives you a stake in the people themselves a set of relationships that last the rest of your life and when the time is right it is important to go back Dennis first journeyed to Awastara a village on the northeastern coast of Nicaragua during 1978 1979 as a postdoctoral student He had come to study a culture bound syndrome in which young women are possessed by devils In the process he became fascinated by other aspects of Miskitu culture turtle fishing Miskitu Christianity community development efforts the whole pattern of Miskitu community life He also formed deep friendships to carry into the future Twenty years later he was able to return and continue his ethnographic work Utilizing ideas from recent interpretive anthropology and a vivid writing style Dennis describes food habits language health practices religious beliefs and storytelling inviting the reader to experience life in Awastara along with him Building upon earlier work by Mary Helms Bernard Nietschmann Edmund Gordon and Charles Hale *The Miskitu People of Awastara* makes its own original contribution It is the first full length study of a coastal Miskitu community north of Puerto Cabezas contrasting life before and after the war years of the 1980s It will be a valuable addition to the literature on this indigenous group and should appeal to anthropologists and other social scientists as well as all readers interested in peoples of the Caribbean coast

**Nicaragua: The Imagining of a Nation** Luciano Baracco,2005 At the nexus of politics sociology development studies nationalism studies and Latin American studies this work takes Nicaragua as a case study to engage and advance upon on Benedict Anderson s ideas on the origins and spread of nationalism

*Shipwrecked Identities* Baron L. Pineda,2006 In this historical ethnography Baron Pineda traces the history of the port town of Bilwi now known officially as Puerto Cabezas on the Atlantic coast of Nicaragua to explore the development transformation and function of racial categories in this region From the English colonial period through the Sandinista conflict of the 1980s to the aftermath of the Contra War Pineda shows how powerful outsiders as well as Nicaraguans have made efforts to influence notions about African and Black identity among the Miskito Indians Afro Nicaraguan Creoles and Mestizos in the region In the process he provides insight into the causes and meaning of social movements and political turmoil *Shipwrecked Identities* also includes important critical analysis of the role of anthropologists and other North American scholars in the Contra Sandinista conflict as well as the

ways these scholars have defined ethnic identities in Latin America      **Ethnic Groups of the Americas** James B. Minahan, 2013-03-14 Intended to help students explore ethnic identity one of the most important issues of the 21st century this concise one stop reference presents rigorously researched content on the national groups and ethnicities of North America Central America South America and the Caribbean Combining up to date information with extensive historical and cultural background the encyclopedia covers approximately 150 groups arranged alphabetically Each engaging entry offers a short introduction detailing names population estimates language and religion This is followed by a history of the group through the turn of the 19th century with background on societal organization and culture and expanded information on language and religious beliefs The last section of each entry discusses the group in the 19th 20th and 21st centuries including information on its present situation Readers will also learn about demographic trends and major population centers parallels with other groups typical ways of life and relations with neighbors Major events and notable challenges are documented as are key figures who played a significant political or cultural role in the group s history Each entry also provides a list for further reading and research      **The Social Construction of What?** Ian Hacking, 2000-11-15 Lost in the raging debate over the validity of social construction is the question of what precisely is being constructed Facts gender quarks reality Ian Hacking s book explores an array of examples to reveal the deep issues underlying contentious accounts of reality especially regarding the status of the natural sciences      Revolution, Revival, and Religious Conflict in Sandinista Nicaragua Calvin L. Smith, 2007-03-31 This interdisciplinary study breaks new ground by exploring relations between Protestants mainly Pentecostals and the Sandinistas in revolutionary Nicaragua which to date have received scant attention It challenges the view that most Protestants supported the Sandinistas in fact the majority vigorously opposed them and establishes why many believed Nicaragua was heading towards communism or totalitarianism Meanwhile the Sandinistas expressed irritation with Pentecostalism s otherworldliness and support for Israel Pentecostals were harassed even brutally repressed in the northern highlands leading many to join the Contras That a minority of Protestants supported the Sandinistas caused further problems Pentecostals and Sandinistas were ideological rivals offering an alternative vision to the poor revolution or revival As Pentecostalism exploded a collision between the two was inevitable      **Pentecostals and Charismatics in Latin America and Latino Communities** Néstor Medina, 2015-09-30 Pentecostal charismatics in Latin America and among Latinos communities that share profound historical linguistic and cultural roots This compilation brings together practitioners and academics with pentecostal charismatic affiliations who analyse from within the development of the movement among these diverse communities      **Etnogénesis, hibridación y consolidación de la identidad del pueblo miskitu** Claudia García, 2007 Nos encontramos ante una historia amena donde lo hist rico y lo simb lico se entrelazan contada en un lenguaje accesible y literario que recuerda por momentos a obras de la literatura americana Su lectura es por tanto recomendada tanto para estudiosos de la antropolog a como para lectores que quieran iniciarse en este

campo y especialmente para quienes deseen comprender el importante papel de las mujeres en la historia de los pueblos amerindios La autora aclara que no pretende escribir una historia del pueblo miskitu sino más bien realizar una relectura histórica de aquellos momentos más significativos del pasado del grupo como por ejemplo su etnogenesis el establecimiento y la consolidación del reino las incursiones armadas y la toma de cautivas las relaciones comerciales los límites zambos e indios y su defensa de un estilo de vida inglés el intento de colonización española el ocaso y desintegración del reino miskitu y las consecuencias de la conversión religiosa para la identidad social del grupo La autora abarca estos temas con una perspectiva de construcción social haciendo énfasis en cómo el proceso de hibridación racial y cultural que en el siglo XVII da origen al grupo y que se ve acompañado por la adquisición de objetos materiales que ocasionan cambios en el ámbito tradicional tiene continuidad en el tiempo El argumento principal del libro es precisamente ese que la miskitu es desde sus orígenes una sociedad abierta al exterior cuya cultura es construida y reconstruida por medio de cambios profundamente influenciados por las sucesivas interacciones con el otro por sus ideas y sus prácticas

communities that have previously been excluded from access to the means of electronic textual production and circulation For the latter grassroots transmediation has become an important technique for the production of cultural citizenship **A**
