Making Of The West Vc 2nd:

Victoria Cross Heroes: Volume II Michael Ashcroft, 2016-11-08 Foreword by Lance Sergeant Johnson Beharry VC THE VICTORIA CROSS is Britain and the Commonwealth's most prestigious gallantry medal for courage in the face of the enemy. It has been bestowed upon 1 355 heroic individuals from all walks of life since its creation during the Crimean War. Lord Ashcroft, who has been fascinated with bravery since he was a young boy, now owns 200 VCs by far the largest collection of its kind in the world. Following on from the bestselling *Victoria Cross Heroes* first published in 2006 to mark the 150th anniversary of the award, *Victoria Cross Heroes Volume II* gives extraordinary accounts of the bravery behind the newest additions to Lord Ashcroft's VC collection: those decorations purchased in the last decade. With nearly sixty action-packed stories of courageous soldiers, sailors and airmen from a range of global conflicts including the Indian Mutiny of 1857-58, the Second Anglo-Boer War of 1899-1902 and the First and Second World Wars, this book is a powerful testament to the strength of the human spirit and a worthy tribute to the servicemen who earned the Victoria Cross. Their inspirational deeds of valour and self-sacrifice should be championed and never forgotten.

Victoria Crosses on the Western Front - The Final Advance in Picardy Paul Oldfield, 2025-01-30 Provides a detailed strategic account of VC actions complemented by maps, photographs and biographies. In the past while visiting the First World War battlefields, the author often wondered where the various Victoria Cross actions took place. He resolved to find out. In 1988, in the midst of his army career research for this book, commenced and over the years numerous sources have been consulted. *Victoria Crosses on the Western Front: The Final Advance in Picardy* is designed for the battlefield visitor as much as the armchair reader. A thorough account of each VC action is set within the wider strategic and tactical context. Detailed sketch maps show the area today together with the battle lines and movements of the combatants. It will allow visitors to stand upon the spot or very close to where each VC was won. Photographs of the battle sites richly illustrate the accounts. There is also a comprehensive biography for each recipient covering every aspect of their lives: wars and all parents and siblings, education, civilian employment, military career, wife and children, death and burial, commemoration. A host of other information, much of it published for the first time, reveals some fascinating characters with numerous links to many famous people and events.

VCs of the First World War: Western Front 1915 Peter F. Batchelor, Christopher Matson, 2012-05-30 The predictions of the war being over by Christmas turned out to be far from the truth. By January 1915 the British Expeditionary Force found themselves trapped in the murderous stalemate of trench warfare. British troops had suffered badly in the early campaigns and by January 1915 were holding some 30 miles of trench. The year 1915 was to witness some of the bloodiest and bitter battles of the Great War, including the first blood at Neuve Chapelle, the Second Battle of Ypres and the appalling failure of Loos. By the end of the summer, almost 50 000 men of Kitchener's Army had been killed. This book tells the story of the 67 VC winners from this period on the Western Front. Each of their stories are different and 20 medals were awarded posthumously. However, they all have one thing in
