**New Directions in Group Communication** Lawrence R. Frey,2002 New Directions in Group Communication takes as its mission the setting of the agenda for the study of group communication in the future It does so by presenting work that scholars have not previously explored in the current small group communication literature Part I focuses on new theoretical and conceptual directions both presenting new views and extending current positions Part II examines new research methodologies while Part III looks at antecedent factors affecting group communication Parts IV and V of the text provide insight into both group communication process and practices Part VI covers different group communication contexts including communication patterns in top management teams *Making Change* Tina P. Kruse,2019 Making Change demonstrates the potential for youth to engage in social entrepreneurship to transform themselves and their communities Effective for all young people this approach is most impactful for youth in marginalized communities where the opportunity gap suppressed social mobility and economic disparity are most profound In such settings engaging youth as leaders of social change offers the exponential benefits of personal empowerment community enhancement and economic transformation Grounded both in interdisciplinary theory and an expansive set of practical case examples this book uses an asset focus and cultural relevance that centralizes youth and communities in social entrepreneurship while introducing vocabulary and frameworks for youth social entrepreneurship advocates to gain resources and political traction for the approach Social entrepreneurship is outlined as a social justice mechanism that allows disempowered adolescents to change their own communities with a positive compounding effect on their own lives and futures Consequently readers will have the opportunity consider the complex interplay of individual economic and community development versus oversimplifying causes or solutions of social disparities Individuals engaged in youth work program design funding and the study of youth and community development will appreciate the text s exploration of existing research and theory that cross scholarly disciplines to promote a robust view of youth development

**Encyclopedia of Community Policing and Problem Solving** Kenneth J. Peak,2013-05-28 Community policing as a philosophy supports the systematic use of partnerships and problem solving techniques to proactively address the immediate conditions that give rise to public safety issues including crime social disorder and fear of crime as opposed to responding to crime after it occurs Community policing expands the traditional police mandate It broadens the focus of fighting crime to include solving community problems and forming partnerships with people in the community so average citizens can contribute to the policing process Originating during

police reform efforts of the 1970s the philosophy of community policing is currently widespread and embraced by many citizens police administrators scholars and local and federal politicians What sorts of collaborative partnerships have evolved between policing agencies and the individuals and communities they serve How do police departments engage in systematic examination of identified problems to develop effective responses How have police departments aligned their organizational structures to best support community partnerships and proactive problem solving Just how effective have efforts at community policing been These questions and more are explored within the pages of this new reference work Features A collection of 150 to 175 entries are organized in A to Z fashion in one volume available in both electronic and print formats Signed entries authored by significant figures in the field each conclude with Cross References and Suggestions for Further Readings to guide students to in depth resources Brief What Works case studies within appropriate entries profile community policing programs and strategies as tried in various cities and communities Although organized in A to Z fashion a thematic Reader s Guide in the front matter groups related entries by broad topic areas e g Foundations Methods Legislation Changing Agency Culture Planning Training Assessment etc Also included in the front matter a Chronology provides students with historical perspective of the development of community policing The entire work concludes with a Resources appendix listing classic books journals and associations followed by a comprehensive Index **I'm Not Crazy, I'm Just Not You**

Roger R. Pearman, Sarah C. Albritton, 2010-12-15 No one is right or wrong just different Tracing the growth of the study of personality type from its roots in the work of Carl Jung to today s subtly nuanced type theory I m Not Crazy I m Just Not You shows how greatly our individual personality preferences affect our interactions with others By shedding light on individual characteristics and tendencies psychologists Roger R Pearman and Sarah C Albritton teach us how to overcome our natural inclination to judge difference in order to recognize and celebrate it This new second edition includes current research into psychological type information about the benefits of using type to enhance health and manage stress discussion of the link between type and emotional intelligence and analysis of how personality preferences translate across generational and cultural divides [Handbook of Research on Using Global Collective Intelligence and Creativity to Solve Wicked Problems](#) Fields, Ziska, 2020-11-27 Today s world is continually facing complex and life threatening issues that are too difficult or even impossible to solve These challenges have been titled wicked problems due to their radical and multifarious nature Recently there has been a focus on global cooperation and gathering creative and diverse methods from around the world to solve these issues Accumulating research and information on these collective intelligence methods is vital in comprehending current international issues and what possible solutions are being developed through the use of global collaboration The Handbook of Research on Using Global Collective Intelligence and Creativity to Solve Wicked Problems is a pivotal reference source that provides vital research on the collaboration between global communities in developing creative solutions for radical worldwide issues While highlighting topics such as collaboration technologies neuro leadership and sustainable global

solutions this publication explores diverse collections of problem solving methods and applying them on a global scale This book is ideally designed for scholars researchers students policymakers strategists economists and educators seeking current research on problem solving methods using collective intelligence and creativity *Time Issues in Strategy and Organization* T. K. Das, 2019-10-01 The field of strategy science has grown in both the diversity of issues it addresses and the increasingly interdisciplinary approaches it adopts in understanding the nature and significance of problems that are continuously emerging in the world of human endeavor These newer kinds of challenges and opportunities arise in all forms of organizations encompassing private and public enterprises and with strategies that experiment with breaking the traditional molds and contours The field of strategy science is also perhaps inevitably being impacted by the proliferation of hybrid organizations such as strategic alliances the upsurge of approaches that go beyond the customary emphasis on competitiveness and profit making and the intermixing of time honored categories of activities such as business industry commerce trade government the professions and so on The blurring of the boundaries between various areas and types of human activities points to a need for academic research to address the consequential developments in strategic issues Hence research and thinking about the nature of issues to be tackled by strategy science should also cultivate requisite variety in issues recognized for research inquiry including the conceptual foundations of strategy and strategy making and the examination of the critical roles of strategy makers strategic thinking time and temporalities business and other goal choices diversity in organizing modes for strategy implementation and the complexities of managing strategy to name a few This book series on Research in Strategy Science aims to provide an outlet for ideas and issues that publications in the field do not provide either expressly or adequately especially as regards the comprehensive coverage deserved by certain emerging areas of interest The topics of the volumes in the series will keep in view this objective to expand the research areas and theoretical approaches routinely found in strategy science the better to permit expanded and expansive treatments of promising issues that may not sufficiently align with the usual research coverage of publications in the field *Time Issues in Strategy and Organization* contains contributions by leading scholars on time issues in the field of strategy science research The 8 chapters in this volume cover the topics of future orientation in strategy making time conceptualizations in interorganizational relationships real time management in the digital economy spatio temporal aspect of strategic leadership a systemic cognitive perspective on organizational temporality ecosystem types and the timing of open innovation strategies and the temporalities of strategic risk behavior and partner opportunism in strategic alliances The chapters collectively present a wide ranging review of the noteworthy research perspectives on the temporal issues in strategy and organization
