Making Common Sense Of Japan

Richard J. Samuels

Making Common Sense Of Japan:

Making Common Sense of Japan Steven R. Reed, 2010-11-23 Common misconceptions about Japan begin with the notion that it is a small country it is actually larger than Great Britain Germany or Italy and end with pronouncements that the Japanese think differently and have different values they do things differently because that is the way they are Steven Reed takes on the task of demystifying Japanese culture and behavior Through examples that are familiar to an American audience and his own personal encounters with the Japanese he argues that the apparent oddity of Japanese behavior flows quite naturally from certain objective conditions that are different from those in the United States Mystical allegations about national character are less useful for understanding a foreign culture than a close look at specific situations and conditions Two aspects of the Japanese economy have particularly baffled Americans that Japanese workers have permanent employment and that the Japanese government cooperates with big business Reed explains these phenomena in common sense terms He shows how they developed historically why they continue and why they helped produce economic growth He concludes that these practices are not as different from what happens in the United States as they may appear **Japanese**

Society Since 1945 Edward R. Beauchamp, 1998 Volume II of a six volume study of the history of contemporary Japan Written by leading academicians 20 essays cover topics including changes and continuities in Japan's culture similarities and differences in Japanese and American life the media and its role the problem of the graying of Japanese society the issue of long term care and the very un-Japanese idea of nursing homes for the elderly the relationship between marriage and names mothers and children the resolution of disputes popular culture and sex roles the transition from Hirohito's six decades of rule to that of a younger and more modern leader and current social issues such as homelessness child abuse and juvenile crime **The Hatoyama Dynasty** M. Itoh, 2003-11-07 This is a multi generational political history of the Hatoyamas a

family that has participated at the highest levels of Japan's parliamentary government from its inception in the late 1800s The Hatoyama family is one of the most prominent political families in modern Japanese government It has produced six members of the Diet Japan's parliament many of whom have served as cabinet members and party leaders Due to the family's political legacy they have often been likened to the Kennedy family in American politics though they have been spared the tragedy and scandal visited upon the Kennedys Despite the significance of the Hatoyamas to modern Japanese politics this is the first comprehensive study available in English In tracing the rising political fortunes of this family it is also possible to study the role of hereditary politicians in Japan the growth and evolution of Japanese political parties and perhaps most importantly the way political leadership functions in Japan a society known more for consensus building than strong leaders

Geography and Japan's Strategic Choices Peter J. Woolley, 2014-05-27 Geography this author contends is the indisputably unique feature of any country Geography and Japan's Strategic Choices begins by explaining Japan's unique location and topography in comparison to other countries Peter Woolley then examines the ways in which the country's political leaders in

various eras understood and acted on those geographical limitations and advantages Proceeding chronologically through several distinct political eras the book compares the Tokugawa era the opening to the West the Meiji Restoration the long era of colonialization industrialization and liberalization the militarist reaction and World War II the occupation the Cold War and finally the rudderless fin de siecle Finally Woolley demonstrates how Japan s strategic situation in the twenty first century is informed by past and present geo strategic calculations as well as by current domestic and international changes For students and scholars of U S Japan relations and of Japanese history and politics this book offers any informed reader a fresh perspective on a critical international relationship

Japan's Navy Peter J. Woolley,2000 An examination of the development and potential of the Japanese navy in the context of the US Japan alliance It presents Japan s coming of age as a military primarily naval power in a series of case studies on sea lane defence minesweeping and participation in UN peacekeeping operations

Modern Japan Elise K. Tipton,2008-03-19 This thoroughly updated second edition of Modern Japan provides a concise and fascinating introduction to the social cultural and political history of modern Japan Ranging from the Tokugawa period to the present day the book charts the country s evolution into a modernized economic and political world power Dealing with a broad and stimulating range of topics in an engaging style that will appeal to university students and the general reader this book weaves social and political developments and balances a micro with a macro approach introducing details about everyday lives that shed light on the bigger picture of major historical changes Its systematic attention to gender issues minorities and popular culture distinguishes this history and contributes to a sense of the complexity and diversity of modern Japanese society Completely up to date and including many new images and a timeline that charts important events this highly accessible and comprehensive textbook is an essential resource for students scholars and teachers of Japanese history politics culture and society

Cultural and Social Division in Contemporary Japan Yoshikazu Shiobara,Kohei Kawabata,Joel Matthews,2019-07-30 The recent manifestation of exclusionism in Japan has emerged at a time of intensified neoliberal economic policies increased cross border migration brought on by globalization the elevated threat of global terrorism heightened tensions between East Asian states over historical and territorial conflicts and a backlash by Japanese conservatives over perceived historical apologism The social and political environment for minorities in Japan has shifted drastically since the 1990s yet many studies of Japan still tend to view Japan through the dominant discourses of ethnic homogeneity tanitsu minzoku shakai and middle class society so churyu shakai which positions the exclusion of minorities as an exceptional phenomenon While exclusionism has been recognized as a serious threat to minority groups it has not often been considered a representative issue for the whole of Japanese society This tendency will persist until the discourses of tanitsu minzoku shakai and so churyu shakai are systematically debunked and Japan is widely recognized as both multiethnic and socio economically stratified Today as with most advanced capitalist countries serious social divides occasioned by the impacts of globalization and neoliberalism have destabilized Japanese society This book

explores not only how Japanese society is diversified and unequal but also how diversity and inequality have caused people to divide into separate realities from which conflict and violence have emerged It empirically examines the current situation while considering the historical development of exclusionism from the interdisciplinary viewpoints of history policy studies cultural studies sociology and cultural anthropology In addition to analyzing the realities of division and exclusionism the authors propose theoretical alternatives to overcome such cultural and social divides **Japan's Multilayered Democracy**

Sigal Ben-Rafael Galanti, Alon Levkowitz, Nissim Otmazgin, 2014-12-24 This book introduces a multilayered approach to the study of democracy combining specific knowledge of Japan with theoretical insights from the literature on democratization It examines different aspects of Japanese democracy historical institutional and sociocultural to provide a conscious understanding of the nature and practice of democracy both in Japan and beyond The book's chapters give testimony to the dynamic nature and continuity of Japanese democracy and analyze its strengths and weaknesses The central argument of this book is that Japan's democratization should be seen as a multilayered experience shaped by the gradual process of absorbing democratic ideas forming democratic institutions and practicing democratic behaviors and rituals at various levels of society As the case of Japan shows democracy is neither a structured formula nor only a set of democratic laws and institutions but a continuous gradual process *The Japan Handbook* Patrick Heenan, 2014-01-27

The Regional Handbooks of Economic Development series provides accessible overviews of countries within their larger domestic and international contexts focusing on the relations among regions as they meet the challenges of the twenty first century The series allows the non specialist student to explore a wide range of complex factors social and political as well as economic that affect the growth of developing regions in Asia Europe and South America Each Handbook provides an overview chapter discussing the region's economic conditions within an historical and political context as well as 20 or more chapter length essays written by recognized experts which analyze the key issues affecting a region's economy its population natural resources foreign trade labor problems and economic inequalities and other vital factors In addition the volumes offer useful support materials including a series of appendices that include a detailed chronology of events in the region a glossary of terms biographical entries on key personalities an annotated bibliography of further reading and a comprehensive analytical index Historical Dictionary of Postwar Japan William D. Hoover, 2018-12-15 Japan is a mix of the old and the new traditional and modern and old fashion and innovative It has traveled the road to a modern destination without totally losing sight of its traditions and values Although some in Japan lament the passing of old ways Japan has held on to a reasonable amount of its traditions and values This is easier to find in its arts and crafts and its literature and films as well as in its social habits This book will introduce the broad sweep of people events and trends including the successes and failures of postwar Japan This second edition of Historical Dictionary of Postwar Japan contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities politics economy foreign

relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Japan

A Companion to Japanese History William M. Tsutsui,2009-07-20 A Companion to Japanese History provides an authoritative overview of current debates and approaches within the study of Japan's history Composed of 30 chapters written by an international group of scholars Combines traditional perspectives with the most recent scholarly concerns Supplements a chronological survey with targeted thematic analyses Presents stimulating interventions into individual controversies

Japan's Postwar Party Politics Masaru Kohno,2020-11-10 In this sophisticated theoretical work Masaru Kohno presents a systematic reexamination of the evolution of party politics in Japan since the end of the second World War Because of the long one party dominance by the Liberal Democratic Party Japan's parliamentary democracy has often been viewed as unique in the developed world and most of the existing studies of Japanese party politics have addressed such determinants as its political culture historical background and socio ideological cleavages According to the author these explanations do not adequately account for some of the most important changes that took place in Japanese party politics during the postwar period This study advances an alternative set of interpretations based on a microanalytic approach that highlights the incentive and bargaining power of individual political actors and their competitive and strategic behavior under existing institutional constraints According to Kohno the evolution of political life in postwar Japan depends on the same factors that are acknowledged to be at work in other industrialized nations He reveals through detailed case studies of government formation processes and statistical examinations of candidate nomination patterns that the microanalytic approach can establish forward looking and internally consistent interpretations of the postwar development of Japanese party politics Because Japan has usually been treated as a country of unique cultural historical and societal characteristics the analyses of this study point to the broader applicability of the microanalytic approach in the field of comparative politics especially for the exploration of party competition in advanced industrial democracies

The Ritual of Rights in Japan Eric A. Feldman,2000-03-30 The Ritual of Rights in Japan challenges the conventional wisdom that the assertion of rights is fundamentally incompatible with Japanese legal political and social norms It discusses the creation of a Japanese translation of the word rights Kenri examines the historical record for words and concepts similar to rights and highlights the move towards recognising patients rights in the 1960s and 1970s Two policy studies are central to the book One concentrates on Japan's 1989 AIDS Prevention Act and the other examines the protracted controversy over whether brain death should become a legal definition of death Rejecting conventional accounts that recourse to rights is less important to resolving disputes than other cultural forms The Ritual of Rights in Japan uses these contemporary cases to argue that the invocation of rights is a critical aspect of how conflicts are articulated and resolved

The Japan That Never Was Dick Beason,Dennis Patterson,2012-02-01 In this book the authors address Japan's economic crisis of the 1990s They argue that most attempts to reconcile Japan's past success with its current problems have been inadequate primarily because

scholars fail to fully understand how Japan's political economic system was organized and how it operated in the past. Revealing that certain long term political and economic trends suggested in subtle but unambiguous ways that the crisis of the 1990s was long in the making, the authors offer an alternative explanation for Japan's postwar political economic trajectory and a better understanding of the challenges that Japan currently faces.

The Nature of the Japanese State Brian J. McVeigh, 2013-09-13 Brian J. McVeigh uses a unique anthropological approach to step outside flawed stereotypes of Japanese society and really engage in the current debate over the role of bureaucracy in Japanese politics. To many in the West, Japan appears as a paradox: a rational high tech economic superpower and yet at the same time a deeply ritualistic and ceremonial society. This adventurous new study demonstrates how these nominally conflicting impressions of Japan can be reconciled and a greater understanding of the state achieved.

Japan's Politics and Economy Marie Söderberg, Patricia Nelson, 2009-12-16 For some time Japan has been under fire for adjusting too slowly to new realities. While this criticism may be valid on some levels, Japan has been transforming in tandem with both regional and global forces. However, these changes have been largely overshadowed by the immense changes in Asia, including the rise of China, the 1997 Southeast Asian financial crisis, and North Korea's development of nuclear weapons. Has Japan, the world's second largest economy, only been muddling through? In this volume, the contributors show that although the challenges faced are great, Japan is changing in areas ranging from political leadership, education policy, official development assistance, peace building, and security to defence production, business associations, and innovation policy. The book analyses processes of change, focusing on the dynamics of change rather than structural change or institutional change per se, from four levels: the individual, domestic, regional, and global. Forces from outside Japan, such as a changing world order and changes in power relationships in Asia, have driven change along with pressures emerging within Japan, such as the increasing power of public opinion and competitiveness within markets. This book will be of interest to scholars and students of Japanese and Asian Studies, Politics, International Relations, Globalization, Business, and Economics.

Area Bibliography of Japan Ria Koopmans-de Bruijn, 1998 Provides a general overview of literature relating to Japan and covers a broad range of subject matter from art, feminism, and linguistics to corporate culture, history, and medicine. Includes books published since 1980 that are related to the geographical area of Japan and to Japanese culture within that area.

Japanese Science Samuel Coleman, 1999-09-09 This ethnographic study of Japan's scientists looks firsthand at career structures and organizational issues that have hampered the advancement of scientists and scientific research in Japan. It provides analysis of the problem of career mobility in science, the status quo in university and government laboratories, relations between scientists and

Machiavelli's Children Richard J. Samuels, 2019-06-30 Two late developing nations, Japan and Italy, similarly obsessed with achieving modernity and with joining the ranks of the great powers, have traveled parallel courses with very different national identities. In this audacious book about leadership and historical choices, Richard J. Samuels emphasizes the role of

human ingenuity in political change He draws on interviews and archival research in a fascinating series of paired biographies of political and business leaders from Italy and Japan Beginning with the founding of modern nation states after the Meiji Restoration and the Risorgimento Samuels traces the developmental dynamic in both countries through the failure of early liberalism the coming of fascism imperial adventures defeat in wartime and reconstruction as American allies Highlights of Machiavelli s Children include new accounts of the making of postwar Japanese politics using American money and Manchukuo connections and of the collapse of Italian political parties in the Clean Hands Mani Pulite scandal The author also tells the more recent stories of Umberto Bossi s regional experiment the Lega Nord the different choices made by Italian and Japanese communist party leaders after the collapse of the USSR and the leadership of Silvio Berlusconi and Ishihara Shintaro on the contemporary right in each country

The Japanese Way of Justice David Ted Johnson, 2002 The major achievements of Japanese criminal justice are thus inextricably intertwined with its most notable defects and efforts to fix the defects threaten to undermine the accomplishments BOOK JACKET

Unveiling the Power of Verbal Art: An Emotional Sojourn through **Making Common Sense Of Japan**

In a world inundated with monitors and the cacophony of immediate communication, the profound power and mental resonance of verbal artistry usually fade into obscurity, eclipsed by the constant assault of noise and distractions. Yet, nestled within the musical pages of **Making Common Sense Of Japan**, a fascinating work of literary splendor that pulses with raw thoughts, lies an memorable trip waiting to be embarked upon. Penned with a virtuoso wordsmith, that mesmerizing opus instructions viewers on a mental odyssey, gently exposing the latent potential and profound influence stuck within the complex internet of language. Within the heart-wrenching expanse of the evocative evaluation, we will embark upon an introspective exploration of the book is main themes, dissect its charming publishing type, and immerse ourselves in the indelible impression it leaves upon the depths of readers souls.

Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Making Common Sense Of Japan full book , it can give you a taste of the authors writing style.Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Making Common Sense Of Japan eBooks, including some popular titles.

FAQs About Making Common Sense Of Japan Books

What is a Making Common Sense Of Japan PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Making Common Sense Of Japan PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Making Common Sense Of Japan PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Making Common Sense Of Japan PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Making Common Sense Of Japan PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
