## **Making Cult Connections:**

*Making Cult Connections* Rye, 1994-01-01      *The Stalin Cult in East Germany and the Making of the Postwar Soviet Empire, 1945-1961* Alexey Tikhomirov, 2022-03-28 This book examines the construction dissemination and reception of the Stalin cult in East Germany from the end of World War II to the building of the Berlin Wall By exporting Stalin s cult to the Eastern bloc Moscow aspired to symbolically unite the communist states in an imagined cult community pivoting around the Soviet leader Based on Russian and German archives this work analyzes the emergence of the Stalin cult s transnational dimension On one hand it looks at how Soviet representations of power were transferred and adapted in the former enemy s country On the other hand it reconstructs spaces of agency where different agents and generations interpreted manipulated and used the Stalin cult to negotiate social identities and everyday life This study reveals both the dynamics of Stalinism as a political system after the Cold War began and the foundations of modern politics through mass mobilization emotional bonding and social engineering in Soviet style societies As an integral part of the global history of communism this book opens up a comparative entangled perspective on the ways in which veneration of Stalin and other nationalistic cults were established in socialist states across Europe and beyond      **The Emotional Manipulator: Navigating Online**

**Connections** Ant Vex, Dive into The Emotional Manipulator Navigating Online Connections a gripping expos on how influencers craft viral content exploit trends and manipulate emotions for engagement From the ringmasters behind the scenes to the clowns we never knew we needed this book unpacks the psychology of online influence fear based marketing and cult like followings with brutal honesty and sharp analysis Perfect for digital natives social media professionals and anyone curious about what really drives online behaviour Learn how trends become tools how sadness becomes strategy and how authenticity is often just another performance This is your essential guide to surviving and seeing through the digital circus      **Making the Easy Billionaires** Ken Akpom, 2013-10-15 Making the easy billionaires is a story of a young man whose quest for riches at all costs drove him into the cult where he bargained with the devil and got much more than he expected The novel exposes some of the ills of the Nigerian society in which the worship of money seems to have no bounds

**Making the American Religious Fringe** Sean McCloud, 2005-12-15 In an examination of religion coverage in Time Newsweek Life The Saturday Evening Post Ebony Christianity Today National Review and other news and special interest magazines Sean McCloud combines religious history and social theory to analyze how and why mass market magazines depicted religions as mainstream or fringe in the post World War II United States McCloud argues that in assuming an American mainstream that was white middle class and religiously liberal journalists in the largest magazines under the guise of objective reporting offered a spiritual apologetics for the dominant social order McCloud analyzes articles on a wide range of religious movements from the 1950s through the early 1990s including Pentecostalism the Nation of Islam California cults the Jesus movement South Asian gurus and occult spirituality He shows that in portraying certain beliefs as fringe magazines

evoked long standing debates in American religious history about emotional versus rational religion exotic versus familiar spirituality and normal versus abnormal levels of piety He also traces the shifting line between mainstream and fringe showing how such boundary shifts coincided with larger changes in society culture and the magazine industry McCloud's astute analysis helps us understand both broad conceptions of religion in the United States and the role of mass media in American society

*Crossing Borders, Making Connections* Allison Burkette, Tamara Warhol, 2021-01-18 This edited volume explores the scope of interdisciplinary linguistics and includes voices from scholars in different disciplines within the social sciences and humanities as well as different sub disciplines within linguistics Chapters within this volume offer a range of perspectives on interdisciplinary studies represent a connection between different disciplines or demonstrate an application of interdisciplinarity within linguistics The volume is divided into three sections perspectives connections and applications

**Perspectives** The goal of this section is to address more generally the definition s of and value of multi trans and interdisciplinary work In what areas and for what purposes is there a need for work that crosses discipline boundaries What are the challenges of undertaking such work What opportunities are available

**Connections** This section features paired chapters written by scholars in different disciplines that discuss the same concept idea issue For example a discussion of how assemblage works in archaeology is paired with a discussion of how assemblage can be used to talk about style in linguistics

**Applications** This section can be framed as sample answers to the question What does interdisciplinarity look like

[The Cult Connection](#) Carol A. Dennis, 2021-10-07 To some this book will be an inspiration and a guide that sheds light on our current times to others a correction and a conviction Small it may be but powerful and direct This book serves as a study guide for those searching for relevance between our place as Christians and the confusion and chaos of our current times It is a call to the church and its earthly leadership to center their focus and submission to the love and authority of our Lord and Savior It is a warning to all children of God to be wary and watchful for the signs of false teachings prophets and leaders

*Connecting the Isiac Cults* Tomáš Glomb, 2022-11-03 Why did

Egyptian cults especially those dedicated to the goddess Isis and god Sarapis spread so successfully across the ancient Mediterranean after the death of Alexander the Great How are we limited by the established methodological apparatus of historiography and which innovative methods from other disciplines can overcome these limits In this book Tom Glomb shows that while the interplay of different factors such as the economy climate and politics created favorable conditions for the early spread of the Isiac cults the use of innovative quantitative methods can shed new light and help disentangle the complex interplay of individual factors Using a combination of geospatial modeling mathematical modeling and network analysis Glomb determines that at least in the regions of the Hellenistic Aegean and western Asia Minor the political channels created by the Ptolemaic dynasty were a dominant force in the local spread of the Isiac cults An important contribution to the historiography of the ancient Mediterranean this book answers the specific question of how it happened as well as how can we answer it beyond the limits of the established methodological apparatus in historiography

Making the Cisco Connection David Bunnell, Adam Brate, 2000-02-29 Cisco Systems is known among the technology elite in Silicon Valley as one of the most successful companies to emerge from the Valley in many years It has been dubbed computing's next Superpower Just as Intel and Microsoft soared to lofty heights with the rise of the personal computer Cisco Systems is flying on the spectacular updraft of the Internet The company which makes specialized computers that route information through a network acting as a sort of data traffic cop has captured 85 percent of the market for routers used as the backbone of the biggest network of them all the Internet As a result over the last five years the value of Cisco's total outstanding stock has risen over 2 000 percent twice the increase of Microsoft Corp stock in the same period Beginning as a tale of two college sweethearts at Stanford University who cofounded the company fifteen years ago the often told Cisco legend has all the makings of a great novel love money a villain or two corporate coups and the sweet taste of victory But mostly the Cisco story is a very unusual tale of corporate success Despite the struggle of passing through several regimes Cisco managed to hit all the crucial spots of its business Cisco consistently bested competitors like 3Com and IBM with insight innovation customer focus and one of the biggest corporate buying sprees in history Making the Cisco Connection deftly traces the networking giant's path to success from its founding couple Sandra Lerner and Leonard Bosack to current CEO John Chambers It highlights the company's astounding knack for buying other businesses and making them part of a huge conglomerate its own highly developed use of technology and its unusually tight knit culture Featuring the perspective of top Cisco executives and competitors this book reveals how Cisco's technology employees and even its competition have blended to make Cisco possibly the most important company shaping the future of communications Next to ruthless competitors Microsoft and Intel Cisco shines with a kinder gentler image emphasizing happy customers and employees You'll see how Cisco built its impressive culture by cultivating community boosting morale whittling down bureaucracy and saving money to boot This book also explains how Cisco is positioning itself to enter a new competitive playing field moving beyond Internet routers in

an attempt to build a single giant global communications system based on the Internet that would make the current telephone system obsolete Cisco wants to be the company that delivers the infrastructure of this new network which will combine computer networks with telephones television radio and satellite communications To do that it is now challenging global giants such as Lucent Technologies and Fujitsu Cisco plans to become the backbone of the entire communications industry making it a corporation of incredible power as the Internet Age blossoms in the new millennium Provocative and instructive Making the Cisco Connection traces the unique history of one of the most profitable and enduring technology companies in business today Acclaim for Making the CISCO Connection If you want to learn the whole scoop about the first Internet Age company and one of the most successful firms of any age you've come to the right place Bunnell's treatment of Cisco's rise and continued rise is fascinating and full of human detail It's clear that Cisco is not just a firm with great technology but also great leaders and managers Thomas H Davenport Director Andersen Consulting Institute for Strategic Change Professor Boston University School of Management Cisco has emerged as a twenty first century leader David Bunnell captures the ongoing story of the Cisco executive team exploiting IT structuring a unique organization and creating a dynamic strategy for this breakaway dot com company Richard L Nolan William Barclay Harding Professor of Business Administration Harvard Business School

**Creating Partnerships with Parents** Donald Lueder, 2000-10-25 Are you wondering how to nurture a better relationship with the parents of your students This book provides teachers with comprehensive methods to bridge the gap between school and home in order to enhance the development of their students

**Recovery from Cults** Michael D. Langone, 1995 Drawing upon the clinical expertise of professionals and the personal experiences of those formerly involved in high intensity mind control groups this book is a comprehensive guide to the cult experience Michael Langone and his colleagues provide practical guidelines for helping former cult members manage the problems they encounter when leaving cults

**Reinvention Made Easy** Jim Mathis, 2011-12-01 The new world of work requires tough love and tough questions to ask yourself Choose reinvention over extinction by facing hard business truths Self reinvention is easy Everybody can reinvent themselves in a challenging economy by incorporating the simple indisputable truths in Reinvention Made Easy But even the most creative leaders will find this a personally challenging and value changing read The economy doesn't go up or down it becomes different The realities of your business have changed forever Leaders manage the way they react to change The next year is probably the end of the way we will do business Your business purpose is not determined by you but by the needs or wants that are satisfied when the customer buys a product or service Effective market leaders see themselves from the customer's viewpoint To reinvent yourself you must answer these questions raised in Reinvention Made Easy When will the recession end Why don't people buy what I sell Why does my team hate me Why doesn't my teamwork always work How am I punishing my customers What is costing me more money than making me The answers are so uncomfortable you will be forced to think your way to very last page

**Parental Alienation Syndrome: Breaking the Ties That Bind** Amy J. L. Baker, 2010-03-01 An examination of adults who have been manipulated by divorcing parents Parental Alienation Syndrome PAS occurs when divorcing parents use children as pawns trying to turn the child against the other parent This book examines the impact of PAS on adults and offers strategies and hope for dealing with the long term effects Making the Medieval Relevant Chris Jones, Conor Kostick, Klaus Oschema, 2019-12-02 When scholars discuss the medieval past the temptation is to become immersed there to deepen our appreciation of the nuances of the medieval sources through debate about their meaning But the past informs the present in a myriad of ways and medievalists can and should use their research to address the concerns and interests of contemporary society This volume presents a number of carefully commissioned essays that demonstrate the fertility and originality of recent work in Medieval Studies Above all they have been selected for relevance Most contributors are in the earlier stages of their careers and their approaches clearly reflect how interdisciplinary methodologies applied to Medieval Studies have potential repercussions and value far beyond the boundaries of the Middle Ages These chapters are powerful demonstrations of the value of medieval research to our own times both in terms of providing answers to some of the specific questions facing humanity today and in terms of much broader considerations Taken together the research presented here also provides readers with confidence in the fact that Medieval Studies cannot be neglected without a great loss to the understanding of what it means to be human Making Connections in Elementary and Middle School Social Studies Andrew P. Johnson, 2006 Making Connections in Elementary and Middle School Social Studies is based on the idea that students learn more and are more motivated to learn when they are able to connect their own knowledge observations ideas imagination and emotions with the content at hand This book demonstrates how personal connections can be incorporated into social studies education while meeting NCSS thematic pedagogical and disciplinary standards It is written in a very direct reader friendly style Each chapter describes a variety of practical strategies and creative activities that novice and experienced teachers can use to make social studies more interesting and to help students make meaningful personal and academic connections Each chapter contains a wealth of classroom strategies pedagogical techniques activities and lesson plan ideas that can be used to enhance learning and make lessons more interesting active and student centered The book covers the three types of standards that elementary and middle school teachers work with as they teach social studies o Thinking Ahead questions invite the reader to reflect on his her own experiences as they relate to the material covered in the next chapter These can be used as discussion points for a class or small group or simply as pre reading prompts to enhance comprehension o Teachers in Action boxes contain real life narratives from practicing teachers These cases are designed to expand upon key issues presented in each chapter Every case is accompanied by the author s personal reflection on the case These reflections are intended to give the reader an opinion against which he she can measure his her own reactions After each case the reader is prompted to think about the narrative presented and think about the way that his her reactions

compare with those presented by the author o Go There boxes provide links to Web sites that offer additional resources for teachers lesson plans and other activities to enhance a social studies classroom This text is accompanied by a dynamic Instructor s Resources CD The CD includes classroom video footage that can be shown in class to illustrate the concepts presented in the book and stimulate class discussion      Succeeding Postmodernism Mary K. Holland,2013-04-25 While critics collect around the question of what comes after postmodernism this book asks something different about recent American fiction what if we are seeing not the end of postmodernism but its belated success Succeeding Postmodernism examines how novels by DeLillo Wallace Danielewski Foer and others conceptualize threats to individuals and communities posed by a poststructural culture of mediation and simulation and possible ways of resisting the disaffected solipsism bred by that culture Ultimately it finds that twenty first century American fiction sets aside the postmodern problem of how language does or does not mean in order to raise the reassuringly retro question of what it can and does mean it finds that novels today offer language as solution to the problem of language Thus it suggests a new way of reading antihumanist late postmodern fiction and a framework for understanding postmodern and twenty first century fiction as participating in a long and newly enlivened tradition of humanism and realism in literature      Roman Faith and Christian Faith Teresa Morgan,2015-05-29 This study investigates why faith pistis fides was so important to early Christians that the concept and praxis dominated the writings of the New Testament It argues that such a study must be interdisciplinary locating emerging Christianities in the social practices and mentalit s of contemporary Judaism and the early Roman empire This can therefore equally be read as a study of the operation of pistis fides in the world of the early Roman principate taking one but relatively well attested cult as a case study in how micro societies within that world could treat it distinctively Drawing on recent work in sociology and economics the book traces the varying shapes taken by pistis fides in Greek and Roman human and divine human relationships whom or what is represented as easy or difficult to trust or believe in where pistis fides is deferred and reified in practices such as oaths and proofs how pistis fides is related to fear doubt and scepticism and which foundations of pistis fides are treated as more or less secure The book then traces the evolution of representations of human and divine human pistis in the Septuagint before turning to pistis pisteuein in New Testament writings and their role in the development of early Christologies incorporating a new interpretation of pistis Christou and ecclesiologies It argues for the integration of the study of pistis pisteuein with that of New Testament ethics It explores the interiority of Graeco Roman and early Christian pistis fides Finally it discusses eschatological pistis and the shape of the divine human community in the eschatological kingdom      The Power of Connection Stefania Saviolo,2025-07-29T00:00:00+02:00 How can brands build authentic connections with their customers and communities How can they stay true to their identity and deep rooted DNA while evolving to meet market demands How can they align their signature with the customer experience At a time when brands face the paradox of unparalleled technological connectivity yet struggle to build meaningful relationships with their

audiences The Power of Connection seeks to answer these questions with a unique focus on symbol intensive and community driven industries such as fashion luxury and beauty At its core the book introduces the idea of the connected brand a framework that brings together all the key elements of brand strategy from DNA and positioning to creating memorable signature customer experiences It shows how a brand while staying true to its roots can expand into new markets through strategic collaborations and brand extensions The book concludes with an exploration of four brand archetypes authority icon lifestyle and cult demonstrating how brands build symbolic value and become part of our lives      *Combating Cult Mind Control: The #1 Best-selling Guide to Protection, Rescue, and Recovery from Destructive Cults* Steven Hassan, PhD, 2015-03-28 This 2018 30th anniversary edition honors the 40th anniversary of the tragedy in Jonestown Guyana On November 18th 1978 over 900 people including a U S congressman Leo Ryan died because of Cult Leader Jim Jones Over 300 were children forced to drink cyanide laced Kool Aid by their parents who believed they were doing God s will The techniques of undue influence have evolved dramatically and continue to do so Today a vast array of methods exist to deceive manipulate and indoctrinate people into closed systems of obedience and dependency If you are reading this updated book for the first time please know that you have found a safe respectful compassionate place This book can help you protect or regain your sanity freedom and health It can also help you protect others from the use of mind control techniques In this 30th anniversary volume you will find New stories of people who fell under the sway of cults and other forms of undue influence but who were able to break free New information on the many sophisticated ways that social media are now used for mind control Updates on the many types of organizations that use mind control Information on the neuroscience behind mind control A look at what legislators courts mental health professionals and ordinary citizens can do to resist mind control and make our world a safer place Sadly the essential information in this book is still not widely known or understood People around the world remain largely unprepared for the new realities of mind control But you are far from helpless There is a great deal you can do to stay safe sane and whole and to help the people you care about to do the same And if someone you love is already part of a mind control group there is much you can do to help them break free and rebuild their life This book will give you the tools you need As you read this book you will learn to develop use and trust your critical thinking skills your intuition your bodily and emotional awareness your ability to ask the right questions and your skill at doing quick useful research You will also learn to create a healthy balance of openness and skepticism As you will see the entire process begins and ends with discernment
