Teaching Yourself To Teach Selena Watts, 2020-08-23 A Teacher s Guide to Inspire Motivate and Provide the Best Learning Experience For Your Students Are you a teacher who struggles with classroom management and lesson planning Alternatively are you considering becoming a teacher and are looking to develop the essential teaching skills A lot of teachers claim teaching is the most challenging and at the same time the most rewarding job in the world Not many get the chance to shape young minds and influence people to achieve great things in life Teachers do but it s a hard road to travel on Most people don t even realize the challenges teachers face every day From lesson planning to dealing with problematic students and overbearing parents teachers have to juggle various responsibilities all at once The biggest one of course is providing the best possible learning experience for students This particular task is extremely difficult you have to be able to motivate and inspire a certain group of people every day while maintaining authority and making sure they understand the material It s no wonder then that many teachers feel like they ve given everything they have and struggle to keep their students interested The education system doesn t help much with this particular problem most of the time you simply get a curriculum and they send you on your own way If you re a freelance teacher you don t even get that It s a blessing and a curse On the one hand this cold hearted system is hindering education in general and leaving teachers to their own means can backfire and have serious sociological consequences But on the other hand the system provides a crazy amount of freedom for teachers to do their own thing and be creative and versatile in their jobs This of course puts an enormous amount of pressure on teachers especially young new teachers who are only starting to find their own teaching style With the emergence of online classrooms and various virtual educational tools teaching has become an art and the teaching skills that were once valued

before simply don't compare in this new digital world. Luckily some of those skills are still considered essential and can be applied to both physical and virtual classrooms. In *Teaching Yourself to Teach* you will discover 8 types of learners that will help you appraise your students and come up with the best teaching strategies for each one of them. Blended learning techniques that allow you to incorporate digital tools in your real life classrooms to enhance the learning experience.
