The next room to decorate and set up is the bedroom. There are a lot of things you can do to make the bedroom a great place to sleep. One idea is to change up the bed frame. You can find a new bed frame for less than \$100.

### FINDING YOUR OWN STYLE

#### Modern Industrial

Industrial furniture has a simple, bold, sleek look. There are no plush fabrics or glitz. It is a no-nonsense style made from wood, aluminum, steel, steel, and stone. Often recycled materials are used. The colors are mostly grey, black, and white. Modern industrial rooms might have polished concrete floors and metal walls.

#### Pick-Match-Do.

This style is made up of whatever you can find at a garage sale, yard sale, or second-hand store. It's a mix of old and new furniture that makes your own personal style. Mix and match, and let it all together!

### GROCERY SHOPPING

Grocery shopping can be a little overwhelming sometimes. It takes practice to effectively shop for meals and to stick your priority. A tip: to know a store's layout, visit alone each week. Look for fresh produce, fresh baked items, deli food, eggs, and dairy — around the outer edges of the store — the meat and the bakery. This gives you a sense of the store.

Pennington, 2018-04-30 This is the first book length study of the fictional autobiography a subgenre that is at once widely recognizable and rarely examined as a literary form with its own history and dynamics of interpretation Heidi L Pennington shows that the narrative form and genre expectations associated with the fictional autobiography in the Victorian period engages readers in a sustained meditation on the fictional processes that construct selfhood both in and beyond the text Through close readings of *Jane Eyre* *David Copperfield* and other well known examples of the subgenre Pennington shows how the Victorian fictional autobiography subtly but persistently illustrates that all identities are fictions Despite the subgenre's radical implications regarding the nature of personal identity fictional autobiographies were popular in their own time and continue to inspire devotion in readers This study sheds new light on what makes this subgenre so compelling up to and including in the present historical moment of precipitous social and technological change As we continue to grapple with the existential question of what determines who we really are this book explores the risks and rewards of embracing conscious acts of fictional self production in an unstable world
