Smarandache, 2008-01-01 Think like a man of action act like a man of thought says H Louis Bergson This small book collects some ideas hints and methods in various aspects of art and literature You will find novel ideas for experimental literature new genre of poems and countless other things about nothing If for nothing else the random sentences listed here at least can stimulate further thoughts and ideas for instance young writers and artists may find plenty of interesting ideas for their next literary work or best selling novels in Experimental Literature section In a sense this book itself is an experimental one Needless to say the readers may find that some of these ideas are quite absurd or seemingly outlandish just like the idea of improper courses in Umberto's Foucault Pendulum where the personages discuss possibility to teach absurd courses such as City planning for Gypsies etc I started to write down such ideas since I was a high school student and continue even today I always bear with me a small pen and small notebook where I write in the plane or driving my car or even in class room But I hope that despite three decades of postponement this small book will keep on inspiring the reader as good ideas will always be worth to ponder

A Companion to Pablo Neruda Jason Wilson, 2014-08 Pablo Neruda was without doubt one of the greatest poets of the twentieth century but his work is extremely uneven There is a view that there are two Nerudas an early Romantic visionary and a later Marxist populist who denied his earlier poetic self By focussing on the poet's apprenticeship and by looking closely at how Neruda created his poetic persona within his poems this Companion tries to establish what should survive of his massive output By seeing his early work as self exploration through metaphor and sound as well as through varieties of love and direct experience the Companion outlines a unity behind all the work based on voice and a public self Neruda's debt to reading and books is studied in depth and the change in poetics re examined by concentrating on the early work up to Residencia en la tierra I and II and why he wanted to become a poet Debate about quality and representativity is grounded in his Romantic thinking sensibility and sincerity Unlike a Borges or a Paz who accompanied their creative work with analytical essays Neruda distilled all his experiences into his poems which remain his
