**The Making of a Socialist** Roland Douglas Sawyer, 2017-07-11 Excerpt from The Making of a Socialist Le Document Humain As the story of a working man who by force of circumstances was forced from the bench to give his time to reading and study and thus to see things a little more intelligently than many of the workers have opportunity to do I want this sketch of my life to be considered I have ventured to have this story published for several reasons one is that several who read it in the New York Call have written to me suggesting such a course another is that while we have built up a good scientific literature of Socialism here in America yet we are short of books of lighter vein biography fiction poetry mere literature with us is scant so I feel there is a place for such a book again I don't know why the story is not well enough told to be put into a book but the reason above all others is that my faith in the Cause is such that I would rather my name be permanently connected with it than with anything else The Making of My Socialism I consider the most important thing in my life for the Cause I have thrown away any chances I may have had of professional success I have sacrificed many things that once loomed big for me and thus I want to put on record my affiliation with the International Socialist Movement About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Smith-Christopher, 2024-06-13 Daniel L Smith Christopher focuses on the life and efforts of Keir Hardie one of the founders of the UK Labour Party and one of the foremost figureheads of trade unionism Drawing upon the work of two contemporary and significant American theorists Herbert Gutman's classic essay on Working Class Religion and Michael Gold's call for

Proletarian Literature Smith Christopher marries British and American historical and theoretical debates to argue that Hardie's work is surely the quintessential example of a proletarian exegesis of the Bible Beginning with a summary of the major events in Hardie's life Smith Christopher draws both upon existing biographies and more recent historical discussions that question assumption of British social history He then reviews previous debates upon the influence of Hardie's own Christian faith upon his journalistic output and assesses three Christian Socialists whose work was advertised and reviewed by Hardie himself Dennis Hird John Morrison Davidson and Caroline Martyn Smith Christopher proceeds to Hardie's copious writings both for The Labour Leader and separately published lectures pamphlets and somewhat longer works of autobiography and comment Highlighting Hardie's tendency to cite favorite texts heavily from the Gospels and James but also some notable Old Testament discussions Smith Christopher proves Hardie's serious discussion of these texts beyond mere political rhetoric concluding by comparing a selection of Hardie's favorite Biblical arguments with contemporary research in Biblical Studies about these same passages evaluating the problems and possibilities of proposing a Proletarian Exegesis
