

A vibrant cartoon illustration of a parrot with a blue head, yellow body, and large blue wings. The parrot is perched on a dark blue circular background, holding an open book with a red bookmark in its beak. It has a friendly expression with large eyes and a slight smile. The background is a lush jungle scene with green foliage, a blue stream, and a pink flower in the foreground. The text 'MAKING ENGLISH FUN' is prominently displayed at the bottom in a bold, stylized font.

[Making English Morals](#) M. J. D. Roberts, 2004-06-24 Campaigns for moral reform were a recurrent and distinctive feature of public life in later Georgian and Victorian England Anti slavery temperance charity organisation cruelty prevention social purity advocates and more all promoted their causes through mobilisation of citizen volunteer support This 2004 book sets out to explore the world of these volunteer networks their foci of concern their patterns of recruitment their methods of operation and the responses they aroused In its exploration of this culture of self consciously altruistic associational effort the book provides a systematic survey of moral reform movements as a distinct tradition of citizen action over this period as well as casting light on the formation of a middle class culture torn in this stage of economic and political nation building between acceptance of a market organised society and unease about the cultural consequences of doing so This is a revelatory book that is both

compelling and accessible      **The English and Their History** Robert Tombs, 2015-10-27 A New York Times 2016 Notable Book Robert Tombs's momentous *The English and Their History* is both a startlingly fresh and a uniquely inclusive account of the people who have a claim to be the oldest nation in the world. The English first came into existence as an idea before they had a common ruler and before the country they lived in even had a name. They have lasted as a recognizable entity ever since and their defining national institutions can be traced back to the earliest years of their history. The English have come a long way from those first precarious days of invasion and conquest with many spectacular changes of fortune. Their political, economic and cultural contacts have left traces for good and ill across the world. This book describes their history and its meanings from their beginnings in the monasteries of Northumbria and the wetlands of Wessex to the cosmopolitan energy of today's England. Robert Tombs draws out important threads running through the story including participatory government, language, law, religion, the land and the sea, and ever-changing relations with other peoples. Not the least of these connections are the ways the English have understood their own history, have argued about it, forgotten it, and yet been shaped by it. These diverse and sometimes conflicting understandings are an inherent part of their identity. Rather to their surprise, as ties within the United Kingdom loosen, the English are suddenly embarking on a new chapter. *The English and Their History*, the first single volume work on this scale for more than half a century and which incorporates a wealth of recent scholarship, presents a challenging modern account of this immense and continuing story, bringing out the strength and resilience of English government, the deep patterns of division, and also the persistent capacity to come together in the face of danger.

**The Making of English** Henry Bradley, 1924      [Making of English](#) Henry Bradley, 2021-09-09 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America and possibly other nations. **The New Cambridge Bibliography of English Literature: Volume 1, 600-1660** George Watson, Ian Roy Willison, 1974-08-29 More than fifty specialists have contributed to this new edition of volume 1 of *The Cambridge Bibliography of English Literature*. The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis, articulation, and coordination that it has been retained in all its essentials for the new edition. The task of the new contributors has been to revise and integrate the lists of 1940 and 1957, to add materials of the following decade, to correct and refine the bibliographical details already available, and to re-shape the whole according to a new series of conventions devised to give greater clarity and

consistency to the entries      **MAKING OF ENGLISH** Henry 1845-1923 Bradley,2016-08-29 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant      *The Art of English Poetry ... The sixth edition corrected and enlarged. (First volume.)* Edward BYSSHE (Author of "The Art of English Poetry."),1725      *The Local Construction of a Global Language* Joseph Sung-Yul Park,2009-04-07 In South Korea English is a language of utmost importance sought with an unprecedented zeal as an indispensable commodity in education business popular culture and national policy This book investigates how the status of English as a hegemonic language in South Korea is constructed through the mediation of language ideologies in local discourse Adopting the framework of language ideology and its current developments it is argued that English in Korean society is a subject of deep rooted ambiguities with multiple and sometimes conflicting ideologies coexisting within a tension ridden discursive space The complex ways in which these ideologies are reproduced contested and negotiated through specific metalinguistic practices across diverse sites ultimately contribute to a local realization of the global hegemony of English as an international language Through its insightful analysis of metalinguistic discourse in language policy debates cross linguistic humor television shows and face to face interaction The Local Construction of a Global Language makes an original contribution to the study of language and globalization proposing an innovative analytic approach that bridges the gap between the investigation of large scale global forces and the study of micro level discourse practices      **Foundations of Bilingual Education and Bilingualism** Colin Baker,2011-02-18 The fifth edition of this bestselling book provides a comprehensive introduction to bilingualism and bilingual education In a compact and clear style its 19 chapters cover all the crucial issues in bilingualism at individual group and national levels These include defining who is bilingual and multilingual testing language abilities and language use languages in communities and minority groups endangered languages language planning language revival the development of bilingualism in infancy and childhood bilingualism in the family age and language learning adult language learning bilinguals thinking skills bilingualism and the brain theories of bilingualism types of bilingual education heritage language education evaluations of bilingual education minority language literacy biliteracy and multiliteracies effective teaching and learning methods in

*Titan* William R. Nester, 2016-05-31 When the leaders of the French Revolution executed Louis XVI and Marie Antoinette in 1793 they sent a chilling message to the hereditary ruling orders in Europe Believing that monarchy anywhere presented a threat to democratic rule in France the leaders of the revolution declared war on European aristocracies including those of Great Britain For more than twenty years thereafter France and England waged a protracted war that ended in British victory In *Titan* William R Nester offers a deeply informed and thoroughly fascinating narrative of how England accomplished this remarkable feat Between 1789 and 1815 British leaders devised funded and led seven coalitions against the revolutionary and Napoleonic governments of France In each enterprise statesmen and generals searched for order amid a complex welter of bureaucratic political economic psychological technological and international forces Nester combines biographies of great men the likes of William Pitt Horatio Nelson and Arthur Wellesley with an explanation of the critical decisions they made in Britain's struggle for power and his own keen analysis of the forces that operated beyond their control Their efforts would eventually crush France and Napoleon and establish a system of European power relations that prevented a world war for nearly a century The interplay of individuals and events the importance of conjunctures and contingency the significance of Britain's island character and resources all come into play in Nester's exploration of the art of British military diplomacy The result is a comprehensive and insightful account of the endeavors of statesmen and generals to master the art of power in a complex battle for empire

National and English Review, 1918

The Routledge Handbook of English-Medium Instruction in Higher Education Kingsley Bolton, Werner Botha, Benedict Lin, 2024-03-21 This Handbook discusses the theoretical and disciplinary background to the study of English medium instruction EMI in higher education worldwide It highlights issues relating to EMI pedagogy varying motivations for EMI education and the delivery of EMI in diverse contexts across the world The spread of English as a teaching medium and the lingua franca of the academic world has been the subject of various debates in recent years on the perceived hegemony of the English language and the domain loss of non English languages in academic communication Encompassing a wide range of contributions to the field of EMI the chapters of this Handbook are arranged in four distinct parts Part I provides an overview of English medium instruction in higher education worldwide Part II focusses on EMI in Europe Part III on EMI in the Middle East North Africa and Sub Saharan Africa and Part IV on EMI in the Asian region The overall scope and level of expertise of this Handbook provides an unrivalled overview of this field of education It serves as an essential reference for many courses dealing with applied linguistics English language education multilingualism

sociolinguistics and related subjects at many levels of education including Master's and PhD level studies This Handbook serves as a valuable edition for university libraries across the world and an essential read for many faculty undergraduate and postgraduate students educators and policymakers *International Management* Paul Sweeney, Dean McFarlin, 2014-09-19 As the economies of many countries become more interrelated international managers are facing huge challenges and unique opportunities associated with their roles Now in its fifth edition Sweeney and McFarlin's *International Management* embodies a balanced and integrated approach to the subject emphasizing the strategic opportunities available to firms on a global playing field as well as exploring the challenges of managing an international workforce Integrating theory and practice across all chapter topics this book helps students to learn grasp and apply the underlying principles of successful international management Understanding the broad context of international business including the critical trends impacting international management the legal and political forces driving international business and the ethical and cultural dilemmas that can arise Mastering the essential elements of effective interaction in the international arena from cross cultural understanding and communication to cross border negotiation Recognizing and taking advantage of strategic opportunities such as entering and operating in foreign markets Building and leading effective international teams including personal and behavioral motivation as well as taking an international perspective on the hiring training and development of employees These principles are emphasized in the text with current examples and practical applications establishing a foundation for students to apply their understanding in the current global business environment With a companion website featuring an instructor's manual powerpoint slides and a testbank *International Management* 5e is a superb resource for instructors and students of international management Bulletin United States. Office of Education, 1918 *Language and Linguistic Diversity in the US* Susan Tamasi, Lamont Antieau, 2014-12-02 This highly engaging textbook presents a linguistic view of the history society and culture of the United States It discusses the many languages and forms of language that have been used in the US including standard and nonstandard forms of English creoles Native American languages and immigrant languages from across the globe and shows how this distribution and diversity of languages has helped shape and define America as well as an American identity The volume introduces the basic concepts of sociolinguistics and the politics of language through cohesive up to date and accessible coverage of such key topics as dialectal development and the role of English as the majority language controversies concerning language use in society languages other than English used in the US and the policies that have directly or indirectly influenced language use These topics are presented in such a way that students can examine the inherent diversity of the communicative systems used in the United States as both a form of cultural enrichment and as the basis for socio political conflict The author team outlines the different viewpoints on contemporary issues surrounding language in the US and contextualizes these issues within linguistic facts to help students think critically and formulate logical discussions To provide opportunities for further examination and debate chapters are

organized around key misconceptions or questions I don't have an accent or Immigrants don't want to learn English bringing them to the forefront for readers to address directly Language and Linguistic Diversity in the US is a fresh and unique take on a widely taught topic It is ideal for students from a variety of disciplines or with no prior knowledge of the field and a useful text for introductory courses on language in the US American English language variation language ideology and sociolinguistics Subject-matter Index of Specifications of Patents of Invention Bennet Woodcroft, 2025-08-30 Reprint of the original first published in 1857 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage
