Making Of The President 1972

Emmett H. Buell Jr., Lee Sigelman

Making Of The President 1972:

The Making of the President, 1960 Theodore Harold White, 1961 Analyses the 1960 election when John F Kennedy was elected President of the United States [The Making of the President, 1972](#) Theodore H. White, 2010-10-05 The classic you are there account of the Nixon McGovern election by the Pulitzer Prize winning New York Times bestselling author A brilliant analysis Commentary The Making of the President 1972 chronicles both the Democratic and the Republican parties as they jockeyed for position toward the end of Richard M Nixon's turbulent first term Theodore White illuminates the cinematic moments that shaped the campaign the attempt on George Wallace's life Edmund Muskie crying in the snow in New Hampshire the swift rise and fall of Tom Eagleton and the ongoing anguish of Vietnam leading inexorably to a second chaotic collapse among the Democrats and a landslide victory for Nixon Yet even as the president's highest ambitions were confirmed White watches aghast as the new Nixon of 1968 is eclipsed by the corrupt Nixon of old a Shakespearean conclusion to an astonishing political epoch The byzantine events of 1972 unfold here like a timebomb ticking away Nixon's dramatic foreign adventures the Muskie bust and the McGovern phenomenon the President's deliberate surrogate campaign the Democrats bloodletting at Miami Beach and the beginning of the destruction of George Stanley McGovern as a viable candidate Kirkus Reviews One of America's most celebrated political writers The New York Times Among the most influential and gifted journalists of the twentieth century More than anyone else White changed the way American politics and government are covered and in the process he had a major impact on the politicians as well Chicago Tribune Includes a new foreword by Cokie Roberts *The Making of the President 1960* Theodore H. White, 1967-07-01 **The Making of the President** Theodore Harold White, 1973 **The Making of the President, 1968** Theodore H. White, 2010-10-05 White unites a novelist's knack of dramatization and a historian's sense of significance with a synthesizing skill that grasps the reader by the lapels Newsweek The third book in Theodore H White's landmark series The Making of the President 1968 is the compelling account of the turbulent 1968 presidential campaign the assassinations of Robert F Kennedy and Martin Luther King Jr and election of Richard Nixon White made history with his groundbreaking The Making of the President 1960 a narrative that won the Pulitzer Prize for revolutionizing the way that presidential campaigns were reported Now The Making of the President 1968 back in print freshly repackaged and with a new foreword by Chris Matthews joins Theodore Sorensen's Kennedy White's The Making of the President 1960 1964 and 1972 and other classics in the burgeoning Harper Perennial Political Classics series [Focus On: 100 Most Popular American Autobiographers](#) Wikipedia contributors,

[Quest for the Presidency](#) Bob Riel, 2022-04 Quest for the Presidency gathers in a single volume the compelling stories behind every presidential campaign in American history from 1789 through 2020 Bob Riel takes us inside the 1800 clash between Thomas Jefferson and John Adams the 1860 election that launched the Civil War the 1948 whistle stop comeback of Harry Truman the Kennedy Nixon drama of 1960 the 1980 Reagan Revolution the historic 2008 election of Barack Obama the

turbulent 2020 battle between Joe Biden and Donald Trump and everything in between This engaging and insightful book includes a trove of entertaining stories about campaigns and candidates and it goes beyond the campaign tales to also consider the threads that link elections across time It sheds light on the continually evolving story of American democracy in a way that helps us to better understand present day politics *Sarge* Scott Stossel, 2011-12-27 As founder of the Peace Corps Head Start the Special Olympics with wife Eunice Kennedy Shriver and other organizations Sargent Shriver was a key social and political figure whose influence continues to the present day This authorized biography exhaustively researched and finely rendered by Scott Stossel deputy editor of The Atlantic reads like an epic novel with Sarge marching through the historical events of the last century the Great Depression World War II JFK s assassination the Cold War and many more Sarge gives us a complete account of Shriver s life as well as a thoughtful commentary on the Kennedy family the Peace Corps and United States and world history It is a riveting and comprehensive reconstruction of a life that exemplifies what it means to be a true American *Richard M. Nixon* Leon Friedman, William F. Levantrosser, 1991-09-30 This timely compilation of papers was originally presented at the 1987 Hofstra University Conference on the Nixon Presidency Bringing together noted Nixon scholars including Stephen Ambrose Tom Wicker and Hugh Sidey and politicians such as Eliot Richardson Maurice Stans H R Haldeman and Robert Finch the editors have included essays primarily on domestic policies A lively section on Nixon the man is followed by scholarly articles on all aspects of the domestic agenda Notable contributions include David Caputo s analysis of revenue sharing and Michael Balzano s study of the adrift Democrats who emerged as Nixon s silent majority and ultimately as the Reagan coalition A worthy addition for specialized collections Library Journal Thirteen years after Richard Nixon left office Hofstra University s sixth conference on the Modern American Presidency sets the stage for an exchange of views on Richard M Nixon s presidency his politics and his administrative abilities Leon Friedman and William F Levantrosser bring together the papers and discussions presented at this conference by scholars journalists and Nixon administration officials in this first of a trilogy of volumes issuing from the conference With the perspective of time the commentary of leading administration figures such as H R Haldeman Elliot Richardson Maurice Stans and Charles Colson takes on a special quality Papers and discussions explore three major aspects of Richard Nixon his capacity for greatness his shortcomings and his impact on today s youth the scope and depth of his domestic policy and his political acumen Richard M Nixon Politician President Administrator records the interactions of scholars journalists and Nixon administration officials as they search for a better understanding of the Nixon phenomenon Part I explores the man his persona and his presidency A special panel presents the reaction of today s youth to this segment of American history Part II concentrates primarily on domestic policy It uncovers the scope and depth of Nixon initiatives in revenue sharing social welfare civil rights environment and the economy In Part III papers and discussions on the silent majority election campaigning and the reorganization of the executive branch disclose Richard Nixon s role in changing the face of American

politics The Party Decides Marty Cohen, David Karol, Hans Noel, John Zaller, 2009-05-15 Throughout the contest for the 2008 Democratic presidential nomination politicians and voters alike worried that the outcome might depend on the preferences of unelected superdelegates This concern threw into relief the prevailing notion that such unusually competitive cases notwithstanding people rather than parties should and do control presidential nominations But for the past several decades The Party Decides shows unelected insiders in both major parties have effectively selected candidates long before citizens reached the ballot box Tracing the evolution of presidential nominations since the 1790s this volume demonstrates how party insiders have sought since America's founding to control nominations as a means of getting what they want from government Contrary to the common view that the party reforms of the 1970s gave voters more power the authors contend that the most consequential contests remain the candidates' fights for prominent endorsements and the support of various interest groups and state party leaders These invisible primaries produce frontrunners long before most voters start paying attention profoundly influencing final election outcomes and investing parties with far more nominating power than is generally recognized **The Rise of the Latino Vote** Benjamin Francis-Fallon, 2019-09-24 A new history reveals how the rise of the Latino vote has redrawn the political map and what it portends for the future of American politics The impact of the Latino vote is a constant subject of debate among pundits and scholars Will it sway elections And how will the political parties respond to the growing number of voters who identify as Latino A more basic and revealing question though is how the Latino vote was forged how U S voters with roots in Latin America came to be understood as a bloc with shared interests In The Rise of the Latino Vote Benjamin Francis Fallon shows how this diverse group of voters devised a common political identity and how the rise of the Latino voter has transformed the electoral landscape Latino political power is a recent phenomenon It emerged on the national scene during the turbulence of the 1960s and 1970s when Mexican American Puerto Rican and Cuban American activists alongside leaders in both the Democratic and the Republican parties began to conceive and popularize a pan ethnic Hispanic identity Despite the increasing political potential of a unified Latino vote many individual voters continued to affiliate more with their particular ethnic communities than with a broader Latino constituency The search to resolve this contradiction continues to animate efforts to mobilize Hispanic voters and define their influence on the American political system The Spanish speaking vote was constructed through deliberate action it was not simply demographic growth that led the government to recognize Hispanics as a national minority group ushering in a new era of multicultural politics As we ponder how a new generation of Latino voters will shape America's future Francis Fallon uncovers the historical forces behind the changing face of America *A Companion to Richard M. Nixon* Melvin Small, 2011-04-18 This companion offers an overview of Richard M Nixon's life presidency and legacy as well as a detailed look at the evolution and current state of Nixon scholarship Examines the central arguments and scholarly debates that surround his term in office Explores Nixon's legacy and the historical significance of his years as president Covers the full

range of topics from his campaigns for Congress to his career as Vice President to his presidency and Watergate Makes extensive use of the recent paper and electronic releases from the Nixon Presidential Materials Project *Politics in America*, 1979 Watergate Garrett M. Graff, 2023-02-14 From the New York Times bestselling author of *The Only Plane in the Sky* the first definitive narrative history of Watergate exploring the full scope of the scandal through the politicians investigators journalists and informants who made it the most influential political event of our modern era *Stayin' Alive* Jefferson Cowie, 2010 An epic account of how middle class America hit the rocks in the political and economic upheavals of the 1970s this wide ranging cultural and political history rewrites the 1970s as the crucial pivotal era of our time Jefferson Cowie's edgy and incisive book part political intrigue part labor history with large doses of American musical film and TV lore makes new sense of the 1970s as a crucial and poorly understood transition from New Deal America with its large optimistic middle class to the widening economic inequalities poverty and dampened expectations of the 1980s and into the present *Stayin Alive* takes us from the factory floors of Ohio Pittsburgh and Detroit to the Washington of Nixon Ford and Carter Cowie also connects politics to culture showing how the big screen and the jukebox can help us understand how America turned away from the radicalism of the 1960s and toward the patriotic promise of Ronald Reagan Cowie makes unexpected connections between the secrets of the Nixon White House and the failings of George McGovern campaign radicalism and the blue collar backlash the earthy twang of Merle Haggard's country music and the falsetto highs of Saturday Night Fever Like Jeff Perlstein's acclaimed *Nixonland* *Stayin Alive* moves beyond conventional understandings of the period and brilliantly plumbs it for insights into our current way of life Attack Politics Emmett H. Buell Jr., Lee Sigelman, 2009-09-01 This second edition of *Attack Politics* updates Emmett Buell and Lee Sigelman's highly regarded study of negativity in presidential campaigns since 1960 with a substantial new chapter on the 2008 contest between Barack Obama and John McCain That campaign the authors contend proved to be the least negative in the last half century and reinforces their central argument that these campaigns have actually not grown dirtier and more negative since the election of JFK In this new edition Buell and Sigelman address the same questions that guided their research in the original book Who attacked whom How frequently On what issues In what ways And at what point in the race They also update their analysis of whether presidential campaigns have gotten more negative since 1960 whether opposing sides addressed the same issues or avoided subjects owned by the other side and whether trailing candidates wage more negative campaigns than leading candidates The authors expand their analysis well beyond their original research base 17 000 campaign statements extracted from nearly 11 000 news items in the New York Times focusing on both presidential and vice presidential nominees as sources and targets of attacks and examining the actions of surrogate campaigners They also compare their findings with previously published accounts of these campaigns including firsthand accounts by candidates and their confidants Each chapter features echoes from the campaign trail that reflect the invective exchanged by rival campaigns Their new chapter shows that rather than neatly

resembling either of their typology s extremes runaways or dead heats the 2008 race began as a dead heat in late summer but began to take on all the characteristics of a somewhat competitive affair by the end of September Campaign discourse that began with an anticipated focus on the Iraq War and other national security issues came to be dominated by concerns about the economic meltdown As the campaign headed toward the home stretch anxiety about the economy seemed to eclipse national security health care immigration and other concerns This shift of emphasis they argue doomed whatever chance McCain had of winning Like the first edition this update of *Attack Politics* systematically analyzes negative campaigning pinning down much that has previously been speculated on but left unsubstantiated It offers the best overview yet of modern presidential races and remains must reading for anyone interested in the vagaries of those campaigns *True Blues* Adam Hilton,2021-06-11 This book examines the transformation of the Democratic Party from the 1930s to the Obama administration **New York State and the Rise of Modern Conservatism** Timothy J. Sullivan,2008-12-01 From the early 1960s until 1980 New York s Conservative and Republican Parties battled on the editorial page at the ballot box and in the courts over the ideology of the GOP New York State and the Rise of Modern Conservatism recounts the story of how New York reputedly the most liberal of all states played a critical role in conservatism s political ascendancy and in the redrawing according to ideology of the country s party lines Examining the colorful personalities central to the transformation including Governor Nelson Rockefeller William F Buckley Jr John Lindsay Roy Cohn Jackie Robinson Clare Booth Luce G Gordon Liddy and William Casey author Timothy J Sullivan recounts the details of the party s battle a battle that ultimately forced the state s liberal Republicans to choose between their party and their ideology resulting in a reliably conservative national GOP prepared to nominate Ronald Reagan Nixon at the Movies Mark Feeney,2012-10-22 People will be arguing over Nixon at the Movies as much as for more than half a century the country at large has been arguing about Nixon Greil Marcus Richard Nixon and the film industry arrived in Southern California in the same year 1913 and they shared a long and complex history The president screened Patton multiple times before and during the invasion of Cambodia for example In this unique blend of political biography cultural history and film criticism Mark Feeney recounts in detail Nixon s enthusiastic viewing habits during his presidency and takes a new and often revelatory approach to Nixon s career and Hollywood s seeing aspects of Nixon s character and the nation s refracted and reimaged in film Nixon at the Movies is a virtuosic examination of a man a culture and a country in a time of tumult Slate By Feeney s count Nixon an unabashed film buff watched more than 500 movies during the 67 months of his presidency all carefully listed in an appendix titled What the President Saw and When He Saw It Nixon concentrated intently on whatever was on the screen he refused to leave even if the picture was a dud and everyone around him was restless He was omnivorous would watch anything though he did have his preferences Only rarely did he watch R rated or foreign films He liked happy endings Movies were obviously a means of escape for him and as the Watergate noose tightened he spent ever more time in the screening room The New York Times *Chain Reaction* Thomas

Byrne Edsall, Mary D Edsall, 1992-09 Describes how the Republican party maintains a leading position in presidential elections

Yeah, reviewing a ebook **Making Of The President 1972** could go to your near friends listings. This is just one of the solutions for you to be successful. As understood, skill does not recommend that you have extraordinary points.
