Blitzer, 2014-01-08 Blitzer's College Algebra with Integrated Review is a new co-requisite course solution offering a complete college algebra MyMathLab course with integrated review of select topics from developmental algebra. This course solution may be used in a co-requisite course model or simply to help underprepared students master prerequisite skills and concepts. About Blitzer's College Algebra Bob Blitzer has inspired thousands of students with his engaging approach to mathematics making this beloved series the 1 in the market. Blitzer draws on his unique background in mathematics and behavioral science to present the full scope of mathematics with vivid applications in real life situations. Students stay engaged because Blitzer often uses pop culture and up to date references to connect math to students' lives showing that their world is profoundly mathematical. With the Sixth Edition Blitzer takes student engagement to a whole new level. In addition to the multitude of exciting updates to the text and MyMathLab course new application based MathTalk videos allow students to think about and understand the mathematical world in a fun yet practical way. Assessment exercises allow instructors to assign the videos and check for understanding of the mathematical concepts presented. **ALERT** Before you purchase check with your instructor or review your course syllabus to ensure that you select the correct ISBN.
